New Edition of CSA Z662 Released

On June 30, 2023, the Canadian Standards Association (CSA) published the ninth edition of *CSA Z662: Oil and Gas Pipeline Systems* (CSA Z662-23). In accordance with section 2.1 of *Directive PNG034: Saskatchewan Pipeline Code* (PNG034), the minimum requirements for the design, construction, operation, modification, discontinuation, and abandonment of pipelines must be in accordance with the most recent published version of CSA Z662.

Safety Class System

ER would also like to inform pipeline licence holders that it intends to prohibit the use of safety classes and the pressure design approach introduced into Annex C of CSA Z662-23. Therefore, ER will not be enforcing those elements of CSA Z662-23.

Questions?

If you have any questions or concerns, contact the ER Service Desk at 1-855-219-9373 or ER.servicedesk@gov.sk.ca.
