

Agricultural Demonstration Practices and Technologies (ADOPT)

Funding for these ADOPT projects was approved by the Minister on July 28, 2017

Carrot River Valley Watershed Association Inc.	8,350
Demonstration of Monitors for Remote Watering Systems for Livestock	5,350
Demonstration of Monitors for Winter Watering Systems for Livestock	3,000
Conservation Learning Centre	37,490
Demonstrating 4R Nitrogen Management in Winter Wheat.	6,825
Demonstration of Winter Wheat Varieties for Observation in the Region	4,940
Re-evaluating the Nitrogen Rate Response of new Winter Wheat Varieties.	9,555
Response of Forages to fall versus spring seeding date in a wet hummocky landscape	7,980
Winter Wheat Varietal Responses to Seeding Date in North Central Saskatchewan	8,190
East Central Research Foundation	4,935
4Rs-Fall Applied Urea on Spring Wheat	4,935
Indian Head Agricultural Research Foundation (IHARF)	34,000
Demonstrating 4R Nitrogen Management Principles for Canola	9,500
Demonstrating 4R Nitrogen Management Principles for Wheat	10,000
Demonstrating Hybrid Fall Rye Response to Management Intensity	5,000
Demonstrating the Nitrogen Rate Response of Contrasting Winter Wheat Classes	9,500
Irrigation Crop Diversification Corporation (ICDC)	31,493
Demonstrating 4R N Management Principles for Canola	9,734
Demonstration of Fall Rye as an Irrigated Crop	5,074
Demonstration of Nitrogen Rate Responses of Irrigated Conventional and Hybrid Fall Rye	9,209
Winter Wheat Variety Evaluation for Irrigation vs Dry Land Production	7,476
Northeast Agriculture Research Foundation	24,570
Demonstrating 4R Nitrogen Management in Winter Wheat	6,825
Demonstrating the Nitrogen Rate Response of new Winter Wheat Varieties	9,555
Winter Wheat Varietal Responses to Seeding Date in NE Saskatchewan	8,190
Saskatchewan Sheep Development Board (SSDB)	8,700
Demonstration of Cervical Artificial Insemination to the Saskatchewan Sheep Industry	8,700
Saskatchewan Soil Conservation Association	10,000
Demonstration of the Effect on Soil Health of a Long Term Polyculture Cover Crop	10,000
Saskatchewan Vegetable Grower's Association	8,589
Garlic Cultivar Demonstration	8,589
South East Research Farm	9,125
After the Intercrop: Do pulse-oilseed intercrops provide a benefit to the following crop?	2,300
Demonstrating 4R Nitrogen Management in Winter Wheat.	6,825
Grand Total	177,252
