# Letter of Transmittal

July 10, 2017

The Honourable Jim Reiter  
Minister of Health, Province of Saskatchewan  
Room 302, Legislative Building  
2405 Legislative Drive  
Regina, SK S4S 0B3

Dear Minister Reiter:

The Sunrise Regional Health Authority is pleased to provide you and the residents of the health region with our 2016-2017 Annual Report.

The report provides the Regional Health Authority approved audited financial statements of the region for the year ending March 31, 2017. The report also outlines the region's activities and accomplishments for the period. We are pleased in this report to provide indicators of our performance taken from our Strategic Visibility Wall. These indicators were monitored and updated throughout the year by the Sunrise Regional Health Authority, measuring progress in achieving the goals set out in our Strategic Plan. Our Strategic Plan aligns with the Government of Saskatchewan – Ministry of Health goals of transforming health care and improving access to a health system that provides Better Health, Better Care, Better Teams, and Better Value to individuals in our region and throughout the province.

Respectfully submitted,

Dave Schappert, Acting Chairperson  
Sunrise Regional Health Authority

Christina Denysek, Interim President & CEO  
Sunrise Health Region

Board Acting Chairperson, Dave Schappert &  
Interim President & CEO, Christina Denysek

# Introduction

## Annual Report Overview and Basis for Preparation

This Annual Report is a legislated requirement and presents the Sunrise Regional Health Authority's activities and results for the fiscal year ending March 31, 2017. The data in this report is taken from the "Regional Strategic Visibility Wall" which is a reporting tool used by the Sunrise Regional Health Authority to track alignment and course correction towards the targets set out in the health region's "2012-2017 Strategic Plan" and in the Ministry of Health's "Saskatchewan Health Plan". The indicators in this 2016-17 Annual Report are taken from these tools with health indicators compiled by the Medical Health Officer from provincial and national studies. The information provided in this Report is the most recent available to the health region when it was prepared and is intended only for informational purposes.

## Provincial Strategic Priorities for the Healthcare System

The Sunrise Regional Health Authority was guided this past year by the 2016-17 Ministry of Health Plan. Both the plans and information about Strategic Planning for the Saskatchewan health care system are available on the government website:

<http://www.finance.gov.sk.ca/PlanningAndReporting/2016-17/HealthPlan1617.pdf>

## Accountability Document

Each year the Saskatchewan Ministry of Health issues an Accountability Document, which is specific to each health region and provides specific provincial direction, performance expectations, and the accountability framework that regional health authorities (RHAs) follow for the upcoming fiscal year.

## Strategic Deployment

All staff in Sunrise Health Region support development and monitoring of our strategic plan. Annual operational plans (called A3's) for all portfolios are created to operationalize our strategic plan. Performance targets and metrics further align all program/service departments with daily visual management and monitoring of progress during team huddles at "Connecting Teams for Excellence" walls located in each program/service area. The Regional Health Authority receives monitoring reports throughout the year to track strategic execution. Weekly "Regional Wall Walk" presentations take place at each public Regional Health Authority meeting and Physician Advisory Committee meeting. The "Regional Strategic Visibility Wall Walks" are open to all members of the staff and public. All in attendance have the opportunity to ask questions of the Executive Leadership Team on direction and course correction related to regional metrics.

### Sunrise Health Region's principles are:

- Culture of Safety
- Client and Family Centred Care
- Continuous Improvement
- Think and Act as One System

# Who We Are

Sunrise Health Region is one of 12 health regions in the province of Saskatchewan, guided by specific directions in the Accountability Document for the prudent and ethical use of public funds. The mission of the Sunrise Health Region is *to improve the health and well-being of individuals and communities through leadership, collaboration and the provision of high quality health services.*

The “Sunrise Regional Health Authority” is the legal name of the governance body otherwise referred to as “the Board”. “Sunrise Health Region” refers to the geographic region, employees, programs and services.

In support of this mission, our Board, management, physicians, staff, and volunteers strive to abide by the values of:

## Collaboration...

We act as one united team providing the best care possible.

## Courage...

We act courageously in relentless pursuit of safety and excellence.

## Compassion ...

We listen to customers and then act and deliver services with compassion, care and respect.

## Creativity...

We strive for innovation.

## Commitment...

We commit to integrity, honesty and accountability.

The mission and values of the health region are devoted to achieving our long-term vision: *Working together... for healthy people in healthy communities.*

The Sunrise Regional Health Authority provides staff with direction in the form of board-approved strategic goals, which mirror the Ministry of Health and Healthcare System Plan for 2016-17, focusing on making improvements to the health of the population, individual care and financial sustainability.

**The strategic goals of Sunrise Health Region and the province are:**

**Better Health  
Better Care  
Better Teams  
Better Value**

# ► Governance and Transparency

As authorized by *The Regional Health Authorities Act*, the provincial government appoints to each region a governance body and names a chairperson and vice chairperson. The “Sunrise Regional Health Authority” (SRHA), which is the formal title, governs Sunrise Health Region. Often this governance body is referred to as the “Board” or the “board members”. New appointments and re-appointments occurred in the fall of 2015 for three-year terms.

The RHAs in Saskatchewan each have representation on the provincial Governance Committee, which plans board education events. The Governance Committee developed a provincial governance manual used by the health regions as a resource of best practices in healthcare governance. Communication with the Minister of Health, Minister of Rural and Remote Health, and the Deputy Minister of Health occurs through a variety of methods including face-to-face meetings. The Board Chairperson and our President and Chief Executive Officer represent Sunrise Health Region at these meetings several times a year.

The Sunrise Regional Health Authority continues to focus on the goals outlined in the 2012-2017 Strategic Plan. This Plan aligns with the Ministry of Health’s priorities for healthcare planning. Saskatchewan uses a collaborative method of strategy development and deployment with the goal for all health regions to “think and act as one” to focus and finish strategies with the potential to affect health outcomes for the better.

## **2016-17 Board Members**

**Don Rae**  
of Yorkton

**Dave Schappert**  
of Langenburg

**Shirley Wolfe-Keller**  
of Invermay

**Gordon Gendur**  
of Yorkton

**Governing Council** - Don Rae

# Our Leadership

**Suann Laurent**  
*President and CEO*

Suann has been involved in the health care system for 30 years. Throughout her career, Suann has held a number of senior positions and has worked in a wide variety of nursing practices.

Suann graduated with a nursing diploma from the Health Sciences Centre in Winnipeg, Manitoba, and holds a Bachelor of Science degree in Nursing from the University of Saskatchewan. She is a graduate of the University of Saskatchewan, College of Commerce and has her Masters in Health Studies-Leadership from Athabasca University. Suann has also completed her Lean Leader Certification.

Suann holds active registration status with the Saskatchewan Registered Nurses' Association and has professional affiliation with the Canadian Council of Nursing, the International Council of Nursing, and is a member of the Canadian College of Health Leaders. Suann is actively involved in numerous Saskatchewan Ministry of Health committees. She is the past Chair of Accreditation Canada's National Surveyor Advisory Committee. She has extensive experience accrediting health systems in Canada and internationally.

Suann was seconded to the Ministry of Health, Provincial Transition Team on January 26, 2017.

**Christina Denysek**  
*Interim President and CEO*

Christina began her career as Executive Director for Canora Home Care and has held a variety of senior leadership positions through the health system changes and within the boundaries of the Sunrise Health Region. She was appointed to Interim President and CEO from the position of Vice President of Strategy & Partnerships, effective January 26, 2017.

Christina graduated from the University of Regina with a Bachelor of Administration, a Masters Certificate in Health Systems Management and a Masters of Public Administration. She is a Certified Health Executive and a LEADS Specialist with the Canadian College of Health Leaders, as well as a Certified Lean Leader.

She is a champion of the Saskatchewan Leadership Program and was an inaugural member of the teaching faculty. Christina is actively involved in numerous provincial health system committees and served as Co-chair of the Joint Health Human Resources Committee.

**Roberta Wiwcharuk**  
*Vice President of Integrated Health Services*

Roberta has worked as a Medical Laboratory Technologist, X-ray Assistant and a Registered Nurse. Her management positions have included Health Services Manager, Director of Health Services and currently the Vice President of Integrated Health Services.

Roberta graduated with a diploma in Medical Laboratory Technology and X-ray Assistant from the Red River Community College in Winnipeg, Manitoba. She graduated with a nursing diploma from the Brandon General Hospital School of Nursing in Brandon, MB and has a Bachelor of Science in Nursing degree from the University of Saskatchewan. Roberta completed the Saskatchewan Institute of Health Leadership Program and has also completed the Lean Leader Certification. Roberta holds an active registration with the Saskatchewan Registered Nurses' Association.

**Sandra Tokaruk**

*Vice President of Integrated Primary Health Services*

Sandra Tokaruk has been involved in the health care system for 36 years. She holds a degree in Human Service Administration. Sandy was also a participant and coach in the Saskatchewan Institute of Health Leadership and completed the SAHO Management Competencies for Health Personnel course and has received her Lean Leader Certification through the Saskatchewan Management System. Sandy was a front line Licensed Practical Nurse for many years in several locations and in many practice settings. She transitioned into management and has held manager positions in Long Term Care and Primary Health Care; she has also been a Director of Primary Health Care and is currently the Vice President of Integrated Primary Health Services. Sandy spent several years as the Registrar of the Saskatchewan Association of Licensed Practical Nurses. She has been involved in many provincial and national health initiatives, projects and committees.

Sandy Retired from Sunrise Health Region on March 31, 2017.

**Lorelei Stusek**

*Vice President of Corporate Services*

Lorelei began her career as an accountant and moved into health care into the position of Chief Financial Officer with the Assiniboine Valley District Health Authority in Kamsack. In 2002, she became Vice President of Corporate Services with the Sunrise Health Region.

Lorelei graduated from the University of Regina with a Bachelor of Business Administration and the Executive Leadership Program. She is a member of the Provincial Chief Financial Officer forum, Provincial Chief Information Officer forum, Provincial 3sHealth working committees as well as numerous clinical systems steering committees. She holds membership with the Canadian College of Healthcare Leaders, the College of Healthcare Information Management Executive and the Healthcare Information and Management Systems Society. Lorelei is also a Certified Lean Leader.

**Dr. Phillip Fourie**

*Vice President of Medical Services/Senior Medical Officer*

Dr. Fourie has practiced family medicine in Yorkton for over fifteen years, arriving in 1999 from South Africa where he completed his medical degree at the University of Stellenbosch in 1995. Dr. Fourie also holds a Diploma in Anesthesia from the College of Medicine of South Africa. He furthered his education in Health System Quality Improvement at Inter-Mountain Health Care and is a certified Lean Leader. Past-president of the Saskatchewan Medical Association, Sunrise Health Region Medical Association, former Chief of Family Medicine, and Saskatchewan Medical Association board member from 2005-2012, Dr. Fourie has served on several regional and provincial committees since 2000: Primary Care, e-Health, Pharmacy Information Program, Recruitment, Ethics and Citizen portal. Dr. Fourie commenced his duties of Senior Medical Officer for Sunrise Health Region on October 15, 2012 and continues to work as a family physician in Yorkton.

**Trent Szabo**

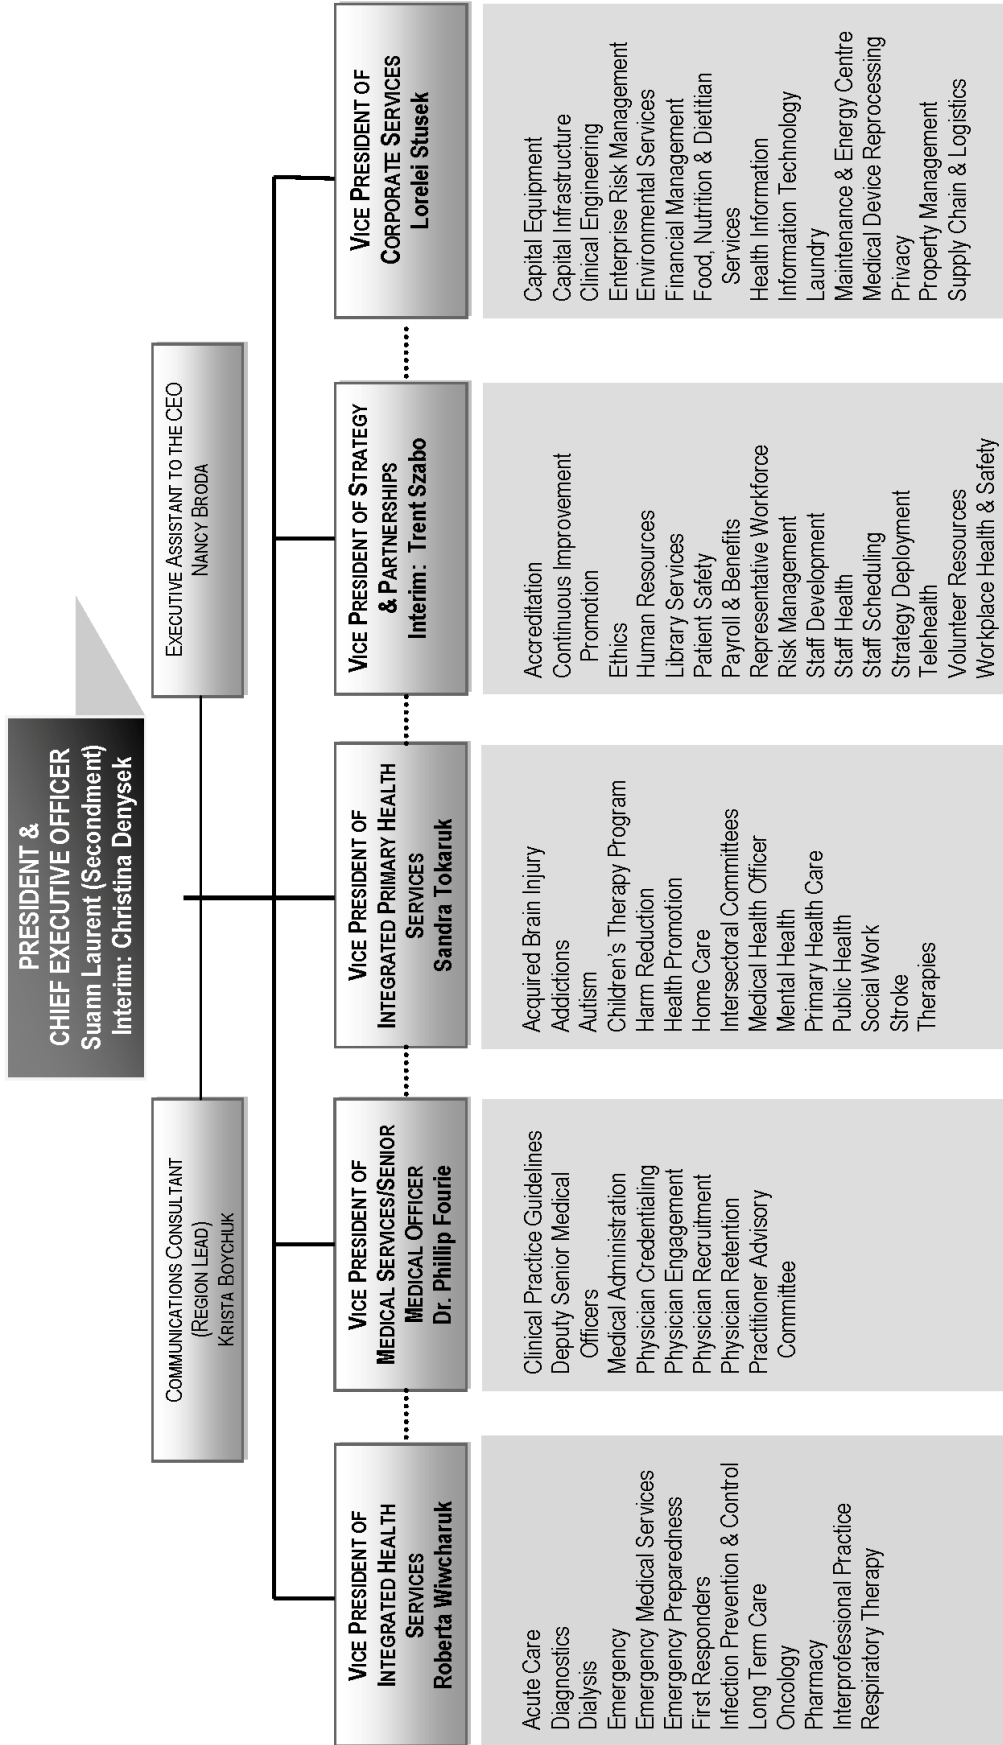

*Interim Vice President of Strategy & Partnerships*

Trent has been in the health system for just under 20 years and began his career in Human Resources with East Central Health District. His management positions have included the roles of Human Resource Officer, Director of Payroll & Benefits, Director of Staff Services and currently the Interim Vice President of Strategy and Partnerships.

Trent graduated from the University of Saskatchewan with a Bachelor of Commerce degree and has furthered his education with a Graduate Diploma in Management and a Master in Business Administration, both from Athabasca University. He is a Certified Lean Leader and has been involved in numerous provincial health system committees and working groups concentrating on human resources, labour relations, payroll, pensions and employee benefits.

## Public Transparency

### Regional Health Authority

Sunrise Health Region lists the dates, times and locations of all public Regional Health Authority (RHA) meetings on its website. Members of the public and area journalists are welcome to attend and observe the meetings. Members of the public can also contact the region and request to be included on the meeting agenda and make presentations to the RHA. All decisions of the RHA are made during the public portion of meetings.

Once approved, the RHA posts the minutes of its meetings on the website. The minutes are public documents, as are the Strategic Plan and this Annual Report. Hard copies of the Annual Report can be obtained at the region's administrative office in Yorkton. Subsequent to all RHA meetings, the region distributes, to staff and to all local media outlets, a newsletter summarizing the meeting's highlights called the *BoardBrief*.

### Community Health Advisory Committees

Community Health Advisory Committees (CHACs) provide an ongoing opportunity for community members to share their thoughts and provide suggestions to address important issues that impact the health of communities in our region. CHACs provide community feedback to the RHA in the areas of program and service development and delivery, health issues, needs and priorities, access to health services, and promotion of health. CHAC members are members of the public appointed by the RHA. Prospective members may be self-recommended or recommended by existing CHAC members, community groups or individuals, and are expected to complete a declaration of interest. At least three meetings occur per year, including one plenary meeting.

### CHAC Committee Membership:

**Area 1:** Breanna Bland (Kamsack), Kaylie Bowes (Kamsack), Brayden Fatteicher (Kamsack), Charles Goosen (Hyas), Chloe Irvine (Kamsack), Ken Kaban (Foam Lake), Patricia Kachman (Hyas), Michael Kaminski (Invermay), Devin Klapatiuk (Kamsack), Agnes Murrin (Preeceville), Linda Osachoff (Canora), Connie Rosowsky (Kamsack), Allison Thomsen (Kamsack), Lexie Tomochko (Kamsack), Andrea Verigin (Kamsack), Mikayla Woloshyn (Kamsack)

*Family Representative at Rapid Process Improvement Workshop #15*

**Area 2:** Deb Cook (Yorkton), Minnie Kuspira (Yorkton), Barbara Lang (Yorkton), Geraldine Pepler (Yorkton), Juanita Polegi (Jedburgh), Vi Schappert (Yorkton), Ella Sernowski (Yorkton), Carol Tamblyn (Yorkton)

**Area 3:** Brenda Becker (Churchbridge), Beatrice Boychuk (Ituna), Mildred Danylko (Calder), Lori Hutchison-Hunter (Melville), Judi Prier (Churchbridge), Monica Roussin (Esterhazy), Mark Stoll (Melville), Ruth Swanson (Churchbridge), Louise Thompson (Duff)

### **Client and Family Centred Care Regional Steering Committee**

The region's focus is on advancing the philosophy of client and family centred care and, to that end, the region has recruited clients and family members to participate on a Client and Family Centred Care Regional Steering Committee. The intent of the committee is to lead, encourage and support the spread of client and family centred care throughout the region in all departments, services and levels of the organization. The committee identifies client and family centred care priorities for the region (in alignment with the Ministry of Health Patient and Family Centred Care framework) and develops action plans. Recruitment efforts continue for client and family advisors for the Steering Committee, ad-hoc working groups, representation on committees and client and family advisors for ongoing improvement work. In 2016-17, there were six client and family advisors on the Regional Steering Committee and many others involved in improvement initiatives in our region.

In addition to the Community Health Advisory Committees and the Client and Family Centred Care Regional Steering Committee, the health region also has public/external participants on the Regional Palliative Care Committee, Regional Spiritual Care Committee, Regional Ethics Committee, and Home Care Quality Improvement Committee. There are also Resident/Family Councils at all long-term care facilities in the region and public/external participants involved on our Rapid Process Improvement Workshop (RPIW) teams.

# Our People and Services

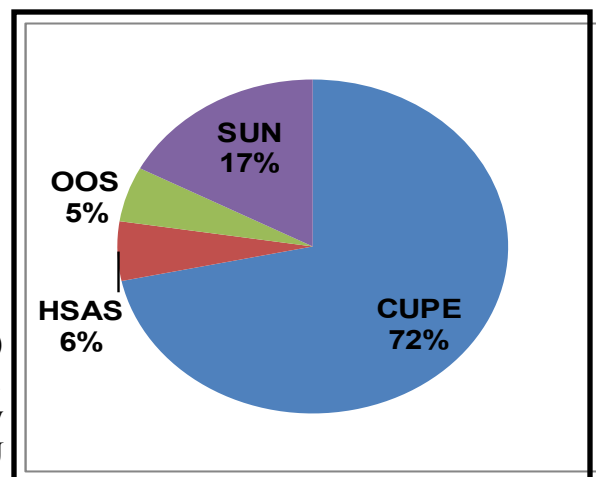

Sunrise Health Region provides health services to the residents of 48 cities, towns and villages, 28 rural municipalities, and three First Nations in east central Saskatchewan – approximately 59,056 Saskatchewan residents in total.

As of March 31, 2017, the health region employed 2,938 staff members who provide and support health care within our 26 facilities, three leased properties, and through community-based services. The region's head offices are located in the City of Yorkton, which is the largest and the most central community in the region, and is the location of the regional health centre.

Sunrise Health Region actively recruits in all areas. As of March 31, 2017, the number of employees by union affiliation were:

- Canadian Union of Public Employees (CUPE) **2,099**
- Health Sciences Association of Saskatchewan (HSAS) **173**
- Out of Scope/non-union (OOS) **156**
- Saskatchewan Union of Nurses (SUN) **510**
- All employees **2,938**

The Canadian Union of Public Employees (CUPE) is the largest union in Sunrise Health Region. Sunrise Health Region does not have any employees represented by the unions SGEU, SEIU or RWDSU.

In the spring of 2016 the health region distributed the Report to the Community, an easy reference guide providing residents with contact information, information about new initiatives, and how to access services offered by the region. Featured items in the 2016 Report to the Community were: Accreditation, seniors supports, client and family centred care core concept videos, the Canora Collaborative Emergency Centre and Health and Wellness Centre, volunteers and partners, Long-Term Care purposeful interaction, remote presence technology in the region, Kamsack Family Resource Centre, and improved access to Mental Health and Addictions Services.

Services provided throughout the health region include a comprehensive range of health prevention/promotion, acute care, supportive and rehabilitative services, that are located in institutions, communities and people’s homes. Below is a sampling of service volumes provided by Sunrise Health Region in 2016-17:

- 10,757 regional influenza vaccines were given for the 2016-2017 influenza season by both Public Health and the region’s pharmacists. Staff Health administered 1,216 influenza immunizations to staff.
- 421 early visiting program maternal/newborn initial home visits in 2016 (all communities)
- 1,177 premises inspections by public health inspection
- 218 plumbing inspections and private sewage system inspections
- 100% completion rate for inspecting licensed category 1 facilities
- 204 animal bites followed up by public health; 306 hours required for investigation and follow-up
- 3,130 students in 23 schools participated in fluoride mouth rinse programs (92% participation rate)
- 32,041 hours of home care nursing service
- 53,358 hours of home care support and personal care
- 36,129 “meals on wheels” delivered
- 32,173 clients were seen in therapy programs (6,271 were new clients this year)
- 75,148 therapy visits
- 100,399 square meters of health care facilities cleaned and maintained each day
- 2,677 clinical and educational Telehealth sessions were delivered
- 55,726 emergency room visits occurred
- 38,585 x-ray exams, 3,037 mammography exams and 8,357 ultrasounds
- 7,399 emergency response calls
- 8,348 mental health visits, excluding psychiatry and addictions
- 668 newborns were delivered

# Our Health Partners

## **Affiliated Health Care Organizations:**

### **St. Paul Lutheran Home, Melville; St. Peter's Hospital, Melville; St. Anthony's Hospital, Esterhazy**

Affiliated with Sunrise Regional Health Authority are three faith-based facilities. St. Paul Lutheran Home is a 129-bed long-term care facility; St. Anthony's is a 14-bed hospital; and St. Peter's is a 30-bed hospital. (St. Paul and St. Peter's are located together with the Saul Cohen Family Resource Centre and community-based services in Melville, as part of the Melville District Health Centre). *The Regional Health Services Act* defines the financial and operational relationship of health regions and affiliates. Governed by its own Board of Directors, each affiliate appoints a facility administrator to oversee the facility's staff and management team. The three affiliates have chosen a relationship whereby they follow all policies and procedures of the region (that do not infringe upon the faith-based mandates of the organizations); human resources, finance and operational support services are fully integrated. The Sunrise Health Region and its affiliate partners produce a consolidated financial statement each year.

### **The Health Foundation**

The Health Foundation is a non-profit organization led by a volunteer board of directors that raises money to purchase medical equipment for the Sunrise Health Region. The Health Foundation has several events each year including the Home and Cash Lottery, the Airwaves for Health Radiothon in April, the Charity Golf Classic in June, the Charity Road Race in August and the Gala Evening in Yorkton in October. In addition, the Health Foundation funds education awards to assist Sunrise employees in upgrading their clinical skills. The Sunrise Health Region President & CEO and a Sunrise Regional Health Authority board member are members of the Health Foundation's Board.

### **KidsFirst**

KidsFirst is an early childhood development program, intended to provide vulnerable children with the best possible start in life, and to encourage nurturing and supportive well-functioning families and communities. The KidsFirst program provides home visiting services, early learning and child care spaces, mental health and addiction counseling, and other supports to families in need. Sunrise Health Region is the accountable partner through an agreement with the Ministry of Education, Early Years Branch, and provides supports and services to the local program.

Staff at St. Peter's Hospital in Melville

### **Emergency Medical Services**

Sunrise Health Region provides emergency medical services, ambulance services, and first responder services to communities in the health region by a combination of contract ambulance services and region-owned services.

#### RHA owned and operated:

*Esterhazy Emergency Medical Service*  
*Ituna Emergency Medical Service*  
*Langenburg Emergency Medical Service*  
*Melville Emergency Medical Service*

#### Privately contracted:

*Canora and Preeceville Ambulance Care*  
*Crestvue Ambulance Services (Yorkton and area)*  
*Duck Mountain Ambulance Care (Kamsack, Norquay and area)*  
*Shamrock Ambulance Care (Foam Lake and area)*

### **Society for the Involvement of Good Neighbours (SIGN)**

SIGN is a not-for-profit family and community service agency. SIGN's mission is to empower children, families and individuals to achieve lifelong success through programs and services that build strong children, strong families and strong communities. Their programming consists of education, transportation, mentoring, counseling and youth residential services. Sunrise Health Region has a contract with SIGN for services provided and an annual service agreement setting out the budget and terms and conditions.

### **Saskatchewan Abilities Council**

The Saskatchewan Abilities Council works with people of varying abilities to enhance their independence and participation in the community through vocational, rehabilitation and recreational services. The Abilities Council became responsible for the governance of the Yorkton Mental Health Drop-in Centre on April 1, 2016, and extended the operating hours to Monday to Friday, 9:00 a.m. to 3:30 p.m. The Drop-in Centre, located at SIGN at 83 North Street in Yorkton, provides a common location and environment that focuses on programming that facilitates personal growth, support and community integration for individuals with mental health, special needs. Sunrise Health Region has a contract with the Saskatchewan Abilities

Council for services provided and an annual service agreement setting out the budget and expected program outcomes.

### **First Nations**

The Sunrise Health Region Medical Health Officer connects at the provincial level with the Medical Health Officer for First Nations and Inuit Health. Sunrise Health Region continued contract agreements to provide Home Care services on Keeseekoose and Cote First Nations reserve. The region works in partnership with the Yorkton Tribal Council to support outreach services from Integrated Primary Health Care to The Key, Cote and Keeseekoose First Nations. Primary Health Care Clinics are scheduled regularly on-reserve, and are focused on offering services to support the health and wellbeing of all residents in the communities. The region also provides on-reserve therapies and mental health services.

The region became a member of The Saulteaux Pelly Agency Health Initiative in January of 2014, which includes representatives from the First Nation Communities, Sunrise Health Region, the College of Physicians and Surgeons of Saskatchewan, the Saskatchewan government and the Federal government. The purpose of the committee is to work together to achieve improvement in the holistic health of the communities. Through meetings with First Nations and Inuit Health, First Nation Communities and Sunrise Health Region, a collaborative approach to harm reduction strategies was established. Collaboration has aided in the development of the Stepping Stone Wellness Clinic, New Beginnings Outreach Centre, Kamsack Family Resource Centre, and the Saulteaux Healing and Wellness Centre, a 19 bed residential treatment centre located on Cote First Nation. The Kamsack Nurse Navigator position assists First Nations individuals in navigating the health system and links service users to supports both on, and off reserve. Looking forward, recruitment has begun for a new Nurse Practitioner position to enhance on reserve Primary Health Care services in the three First Nations communities.

### **3sHealth Shared Services**

3sHealth provides province-wide shared services to support Saskatchewan's healthcare system. Working together with their partners, they find innovative solutions to complex problems to help create a sustainable system for future generations, placing patients and their families at the centre of all that they do and working with partners to improve quality and ensure patient safety.

The shared services 3sHealth provides include payroll and employee benefits administration for over 42,000 healthcare system employees, as well as joint contracting for goods and services. 3sHealth identifies and provides new shared service opportunities to support better health, better care, better value, and better teams.

3sHealth implemented five values that guide its work, priorities, and interactions with clients and stakeholders:

- Collaboration
- Innovation
- Integrity and trust
- Transparency
- Bold and courageous leadership

Active Aging Group in Norquay

## Our Region

### Demographics and Other Factors

In 2016, Sunrise Health Region had a total covered population of 59,056, an increase of 133 people from the population reported in 2015. The source for this information is the Saskatchewan Ministry of Health 2016 Covered Population document. The “Covered Population” lists the number of persons eligible for health insurance benefits in Saskatchewan with breakdowns by known residence code. If a person resides in a rural municipality, picks up their mail in a village, town or city, and only provides the Ministry of Health with a correspondence address, that person is assigned the residence code for the correspondence address, rather than for the rural municipality. The full document is available on the eHealth website <https://www.ehealthsask.ca/health-data/covered-population>.

Covered Population Statistics	2016	% of Total Pop
Yorkton	19,317	32.7%
Melville	5,172	8.8%
Canora	2,734	4.6%
Esterhazy	3,194	5.4%
Kamsack	2,125	3.6%
Foam Lake	1,535	2.6%
Preeceville	1,560	2.7%
Langenburg	1,493	2.5%
	<b>37,130</b>	<b>62.9%</b>
68 smaller towns, villages, hamlets and RMs	<b>20,019</b>	<b>33.9%</b>
Key, Cote, Keeseekoose First Nations	<b>1,907</b>	<b>3.2%</b>
<b>TOTAL</b>	<b>59,056</b>	<b>100%</b>

*Yorkton Regional Health Centre's New Year's Babies, 2017*

The region's population remains proportionately older than elsewhere in the province and one of the oldest in the country. Of the health region's population, 21% are over age 65 (provincially, 15.4%).

Other population characteristics from Statistics Canada 2011 data: the total Aboriginal population in Sunrise Health Region is 8.5%, the unemployment rate for persons 15+ years of age is 4.8%, and the proportion of those aged 25 to 54 years with post-secondary education is 50.4%.

As of March 31, 2017, Sunrise Health Region employed 2,938 people or 5% of the region's population.

Participants in a Rapid Process Improvement Workshop at the Yorkton Regional Health Centre

# Health Status and Outcome Indicators

## Health Status and Outcome Indicators

\*\* Please refer to source documents for details on the indicators, the sources for their calculations and methodology. Source data for Statistics Canada can be found at [www.statcan.gc.ca](http://www.statcan.gc.ca).

### *Infant Mortality*

According to the Health Profile of December 2013 from Statistics Canada, the infant mortality rate for Sunrise Health Region was 6.1 per 1,000. According to data from the Saskatchewan Prevention Institute, this rate was 7.4 per 1,000 in 2006 and 3.5 per 1,000 in 2007. (see figure below)

Infant Mortality rates in Sunrise Health Region from 2006 to 2013

## Life Expectancy

The figure below shows that in Sunrise Health Region, life expectancy at birth increased steadily from 78.3 years in 1996 to 79.7 years during the period 2007/2009. However, this increase has been below the average increase experienced in similar health regions, Saskatchewan and Canada. Further analysis has shown that since 2000, the difference in life expectancy at birth between Sunrise Health Region and Canada has been statistically significant. Compared to Saskatchewan, the difference was not statistically significant during both periods. Compared to similar health regions, the difference was statistically significant only during the periods 2005/2007 and 2007/2009.

### Life expectancy at birth in Sunrise Health Region, Saskatchewan, Canada and Peer Group D health regions

(Source of data: Statistics Canada, CANSIM tables 102-0018, 102-0218 and 102-4307)

## Overweight and Obesity

Body mass index is calculated as kilograms per metre squared. To calculate your own body mass = (your weight in kgs) ÷ (your height in metres) ÷ (your height in metres). According to the World Health Organization (WHO) and Health Canada guidelines, the index for body mass classifications are:

- less than 18.50 kg/m<sup>2</sup> (underweight);
- 18.50 to 24.99 (normal weight);
- 25.00 to 29.99 (overweight);
- 30.00 to 34.99 (obese, class I);
- 35.00 to 39.99 (obese, class II);
- 40.00 or greater (obese, class III)

Obesity has been linked with many chronic diseases, including hypertension, type 2 diabetes, cardiovascular disease, osteoarthritis and certain types of cancer.

As shown in the figure below, the prevalence of adults who self-report as being overweight in Sunrise Health Region decreased from 39.3 % in 2011 to 33.8 % in 2012 and was comparable to rates from Peer Group D, Saskatchewan and Canada. However, in 2013 and 2014, it increased to 38.4% and 36.5% respectively.

### Proportion of the population who self-reported as diagnosed by a health professional having Diabetes and Hypertension, 2011 to 2014

(Source of data: Statistics Canada, Canadian Community Health Survey, CANSIM table 105-0501)

The figure above shows the population aged 12 and over who reported that they have been diagnosed by a health professional as having diabetes and high blood pressure. Compared to Canada and Saskatchewan, Sunrise Health Region has higher rates of both self-reported high blood pressure and diabetes.

### Self-reported Health Status

Over the period from 2003 to 2014, approximately half of Sunrise Health Region residents rated their health as very good or excellent. This number has steadily increased from 46.8% to just above 55% between 2010 and 2013. However, in 2014 the figure dropped to 53.3%. During the same period, the proportion of Sunrise Health Region residents who rated their health as very good or excellent was less than Canada, Saskatchewan and Peer Group D health regions as depicted in the next figure.

Staff members and residents from Yorkton & District Nursing Home

**Proportion of population 12 years and above that rated their health as very good or excellent in Sunrise Health Region, Saskatchewan and Peer Group D health regions from 2003 to 2014**

(Source of data: Statistics Canada, Canadian Community Health Survey, CANSIM table 105-0501)

The following graph provides the proportion (%) of residents who self-reported as current smokers (daily or occasional). In the Sunrise Health Region, this trend is gradually increasing from 21.7% in 2011 to just over 25% in 2014. Overall, the figure is comparable to Saskatchewan and peer group D. (Source: Statistics Canada, CANSIM table 105-0501)

**Proportion of population who self-reported as current smokers (daily or occasional) Canada, Saskatchewan and Peer Group D health regions from 2003 to 2014**

(Source of data: Statistics Canada, Canadian Community Health Survey, CANSIM table 105-0501)

# Major Events and Mitigated Risks

## **Smart IV Pumps**

Throughout the region, staff working in acute care, long-term care, home care and emergency medical services now use Smart IV pumps. The Smart IV pumps were installed in 2016, and are used to deliver fluids, medication and nutrition to patients. The new pumps utilize a provincially established pre-programmed drug library with set minimum and maximum dosing limits. The pump alerts the health care professionals and will not allow dosing limits to be exceeded. The Saskatchewan health care system is among the first in Canada to implement this technology.

## **CT Scanner**

On May 6, 2016, Sunrise Health Region celebrated replacement of the computed tomography (CT) scanner at the Yorkton Regional Health Centre. The new CT scanner images are more detailed due to the capacity for 128-slice scans, scans are faster which reduces radiation exposure for clients, a dual-head injector allows both contrast and saline to be injected at the same time which is a safer method for clients, and client comfort is enhanced with a scanner bed able to handle larger people in terms of both height and weight. Approximately 4,700 CT scans are completed each year at the Yorkton Regional Health Centre.

## **Speak Up! For Safety**

Part of the Sunrise Health Region 2016-17 strategy was commitment to reduce staff harm from 2015-16 levels by 25 percent. The health region achieved a 30 percent reduction in TLR injuries (transfers, lifts and repositioning). The Saskatchewan Association for Safer Workplaces in Health recently highlighted Sunrise Health Region as a high performer in safety work. The health region has engaged in several Mistake Proofing Projects this past year whereby staff completed process reviews and produced strategies to eliminate errors, an example includes mistake proofing the sling inspections and lifts to prevent client and staff injuries. A process and decision tree were created to show health care workers when, and how, to report a safety concern. The “Speak Up!” campaign is another initiative from this year. The campaign seeks to encourage every staff member and client in knowing it is their right and responsibility to Speak Up! when something could result in an injury or harm to themselves or to someone else.

## **Grief and Bereavement**

In April, the health region’s Palliative Care Committee partnered with Bailey’s Funeral Home and Leson’s Funeral Home to provide free public and staff information and education presentations by Dr. Bill Webster, grief counselor, author, TV host and international speaker.

*Kamsack Family Resource Centre*

### **Kamsack Family Resource Centre**

In November, 2016, the health region held an event to celebrate the work of the Kamsack Family Resource Centre, located at 241 2<sup>nd</sup> Street in the Crowstand Centre in Kamsack. The Centre allows families expecting a child or with children ages 0-5 years to participate in a variety of programs, free of charge, and provides a central location where families can connect with other families and access educational supports. Sunrise Health Region operates the Resource Centre in partnership with the Society for the Involvement of Good Neighbours (SIGN), KidsFirst Program and the Town of Kamsack. Many community-based organizations also work with the Centre to provide needed resources.

### **Age Friendly and Active Aging Collaborative**

The region's population is proportionately older than elsewhere in the province and one of the oldest in the country. Programs, services and supports for older adults in our communities help seniors to maintain independence and enhance their quality of life. The Active Aging Collaborative is a partnership between Parkland Valley Sport, Culture and Recreation District and Sunrise Health Region, as well as community groups and volunteers. View the video on [www.sunrisehealthregion.sk.ca](http://www.sunrisehealthregion.sk.ca) under the section Education, Events and Links/Champion Your Health/Active Aging.

### **Preeceville Physician Coverage**

Throughout 2016, the health region worked with Preeceville Town Council and the Preeceville Health Action Committee to stabilize and retain physician services in the community. The community reached full complement with Dr. Morteza Shahrestani, Dr. Catherina Meyer, Dr. Shamsheer Singh, and nurse practitioner Dawn Kennedy accepting appointments at the Preeceville Primary Health Care Clinic located in the Preeceville & District Health Centre.

### **Program Guidelines for Special Care Homes**

Education for all long-term care employees on the Program Guidelines for Special Care Homes and a family-resident survey were initiated in 2016 as part of a province-wide initiative. By March 31, 2017, 91 percent of all long-term care staff have viewed the nine video education modules and policies were operationalized to meet the Program Guidelines for Special Care Homes. Volunteers have received training to assist long-term care residents in completing a survey about the resident's experience in long-term care. A family survey was mailed to gather information about the experience of the family members of residents in long-term care.

*Ribbon cutting for the new University of Saskatchewan Clinical Skills Lab*

### **Nursing Clinical Skills Lab**

The Nursing Clinical Skills Lab, a partnership between the University of Saskatchewan College of Nursing, Sunrise Health Region and Parkland College celebrated its grand opening on March 3, 2017. The lab provides students with a safe and controlled learning environment to practice their nursing skills before entering into clinical settings with patients. Adjacent to the lab is a new meeting room for students to use during debriefing sessions, with full video conferencing capabilities available for distributed learning, research and administrative purposes. The creation of an academic learning lab within the hospital allows for the shared use of Seymour, the remote presence communication robot that was introduced in the region in 2015.

### **16<sup>th</sup> Telehealth Site**

Ituna Pioneer Health Centre became the sixteenth Telehealth site with video conferencing equipment used for clinical, educational and administrative services. Telehealth reduces travel costs for patients and health care workers and improves access to specialists as well as improving connection and communication across the health system.

### **Hand Hygiene**

A concerted effort to increase hand hygiene compliance is achieving positive results. At the end of March the rate for hand hygiene compliance averaged 86 percent with some facilities having achieved 100 percent compliance. Hand hygiene audits are ongoing and when all aspects of proper hand hygiene are not completed, on-the-spot education is provided. Proper hand hygiene is essential to eliminate cross contamination and infections. Sunrise Health Region wants clients and their family members to know that it is perfectly acceptable to ask if your health care provider has washed their hands before your care.

### **Improvement Events**

During 2016-17 the region held five Rapid Process Improvement Workshops (RPIWs) and two Mistake Proofing Projects (MPPs) in an effort to focus on priority areas and implement solutions in the workplace. As a result of the RPIWs, admission process time at the Yorkton Regional Health Centre was reduced by 35 minutes and patients are now transferred from acute care to program or stroke recovery beds at Jowsey House in a more timely manner. A five-day orientation process for new physicians was developed and implemented. Home Care now receives all of the necessary information about their clients that have received care in the emergency department. The external hiring process was improved, effectively reducing the time

from the closing of a posting to an employee being hired by 41 percent. Pharmacists and drug distribution technicians now work directly on the wards and interact first-hand with physicians, nursing staff, and patients, resulting in improved patient safety and understanding of medications prescribed. MPPs focused on completion rates of falls risk assessments resulting in a 100 percent completion rate and the lift inspection process, improving compliance by 78 percent.

### **St. Paul Lutheran Home**

On September 8, 2016, the residents, staff and community in the Melville area gathered to celebrate the 90th anniversary of the St. Paul Lutheran Home. St. Paul Lutheran Home is an affiliate facility in Sunrise Health Region. The home was first built in 1926 with major renovation and additions in 1962. Over the years, a multitude of staff members, physicians, care providers and volunteers have come together in the single goal of providing a caring atmosphere for the 128 residents of St. Paul Lutheran Home.

### **Echocardiography Services**

Echocardiography services became available in 2016 at the Yorkton Regional Health Centre. Echocardiography uses ultrasound technology to create images of the heart. This was a reinstatement of services, meaning, people in the region no longer had to travel to Regina or Saskatoon for the service. The echocardiography equipment was purchased with funds provided by The Health Foundation.

### **HIV**

Reducing the spread of HIV (Human Immunodeficiency Virus) and Hepatitis C is a priority for Sunrise Health Region. Everyone is encouraged to be tested and to know their HIV status. Testing can be arranged at physician, nurse practitioner, and public health offices and emergency departments. People with HIV do not usually have symptoms before the AIDS stage, although some experience flu-like symptoms for a short period of time a few weeks after the infection. According to Health Canada, it is estimated that 1 in 5 Canadians living with HIV are unaware that they have it. Early identification and treatment are important. Recent advancements enable persons with HIV to live a healthy and long life. With treatment, expectant mothers with HIV can give birth to healthy children. HIV treatment keeps the disease from progressing to AIDS. Successful HIV treatment is a form of prevention as, with treatment, transmission of the illness to others is virtually eliminated. For more information, click the “HIV Info and Testing” link under the “Health Services” tab at [www.sunrisehealthregion.sk.ca](http://www.sunrisehealthregion.sk.ca).

### **Langenburg Centennial Special Care Home 40<sup>th</sup> Anniversary**

The Langenburg Health Care Complex (LHCC) hosted a 40<sup>th</sup> anniversary celebration on August 20, 2016 with a large crowd in attendance. The 36 bed care home was built in 1975 and today the facility is home to 45 residents and has two respite beds.

### **Physician Recruitment**

In 2016-17, five physicians left and/or retired from the region and 10 physicians were recruited. Seven family physicians set up practice in the communities of Preeceville, Canora, Yorkton and Esterhazy. The region was also pleased to welcome new specialists in Radiology, General Surgery and a Medical Health Officer. There are currently 47 general practitioners in the region, 20 specialists, and 26 visiting specialists. Throughout the year, the Sunrise Health

*Celebrations at the Langenburg Centennial Special Care Home 40th Anniversary*

Region Medical Services hosted 11 general practitioners completing their three month Clinical Field Assessments as part of the Saskatchewan International Physician Practice Assessment (SIPPA). Sunrise Health Region also hosted several medical students and residents who completed their practicum, electives and rural rotations in the region.

### **Purposeful Interaction**

Purposeful Interaction is the practice of anticipating the needs of long-term care residents within a prescribed amount of time and improving the resident safety and satisfaction while ensuring better clinical outcomes. In 2016-17, the Health Services team completed the implementation of Purposeful Interaction in 100 percent of our long-term care facilities, putting our implementation completion a year ahead of the provincial target.

### **2016-17 Budget Rollout**

On July 20, 2016 the Sunrise Regional Health Authority approved the plan for a balanced operating budget of \$225,224,837 for the 2016-17 fiscal year. The plan focuses on continued improvements to safety, quality and access while reducing expenditures. The effective use of public funds is a responsibility shared by every Sunrise Health Region manager, employee and physician.

### **Health System Transition**

On January, 4, 2017, the Government of Saskatchewan accepted all of the recommendations of the Saskatchewan Advisory Panel on Health System Structure Report, and announced the province will consolidate the 12 existing Regional Health Authorities (RHAs) into a single Provincial Health Authority.

Soon after the announcement, a Health System Transition Team was established composed of health system leaders from throughout Saskatchewan, including Sunrise Health Region President and CEO Suann Laurent, who was seconded from the region effective January 26, 2017. The team is tasked with leading the provincial transition, drawing on the expertise of people from across the health system, and identifying key activities to support employees, organizations and patients throughout the transition.

The move to a single Provincial Health Authority is being driven by a commitment to improve frontline patient care for people across the province. It is also expected to increase efficiencies and reduce duplication across the health system. The date the new Provincial Health Authority will be established is still being determined, but is anticipated to occur in the fall of 2017.

# Progress in 2016-2017

*The Regional Health Services Act* defines the relationship between Sunrise Health Region, the Minister of Health, and the Ministry of Health. The “Regional Strategic Visibility Wall” is used by the Sunrise Regional Health Authority to track alignment with the targets set out in the health region’s Strategic Plan and in the Ministry of Health Plan for 2016-17. The Regional Strategic Visibility Wall is located in the Mental Health Auditorium of Yorkton Regional Health Centre. During a “Wall Walk”, which is held once each week and open to anyone who wishes to attend, the executive leadership describes the strategies the region is working on and progress towards the targets. Staff from each program and service departments/units monitor indicators relevant to their work on “Connecting Teams for Excellence” daily visibility management walls located in their work areas and these are accessible to staff and public. The schedules for the regional “Wall Walk” presentations are posted under the Strategy and Innovation section of [www.sunrisehealthregion.sk.ca](http://www.sunrisehealthregion.sk.ca). Wall Walk videos are on the website in the News and Publications section. In the 2016-17 Annual Report the indicators are taken from monitoring reports posted on our visibility walls in 2016-17. Our Medical Health Officer compiles relevant health status indicators in this report using various provincial and federal health status reports.

The health region’s strategic focus aligns under four “Betters”, upon which objectives, plans and actions are built to achieve Better Health, Better Care, Better Teams, and Better Value for the people of Saskatchewan.

## Better Health

Improve population health through health promotion, protection and disease prevention, and collaborating with communities and different government organizations to close the health disparity gap.

## Better Care

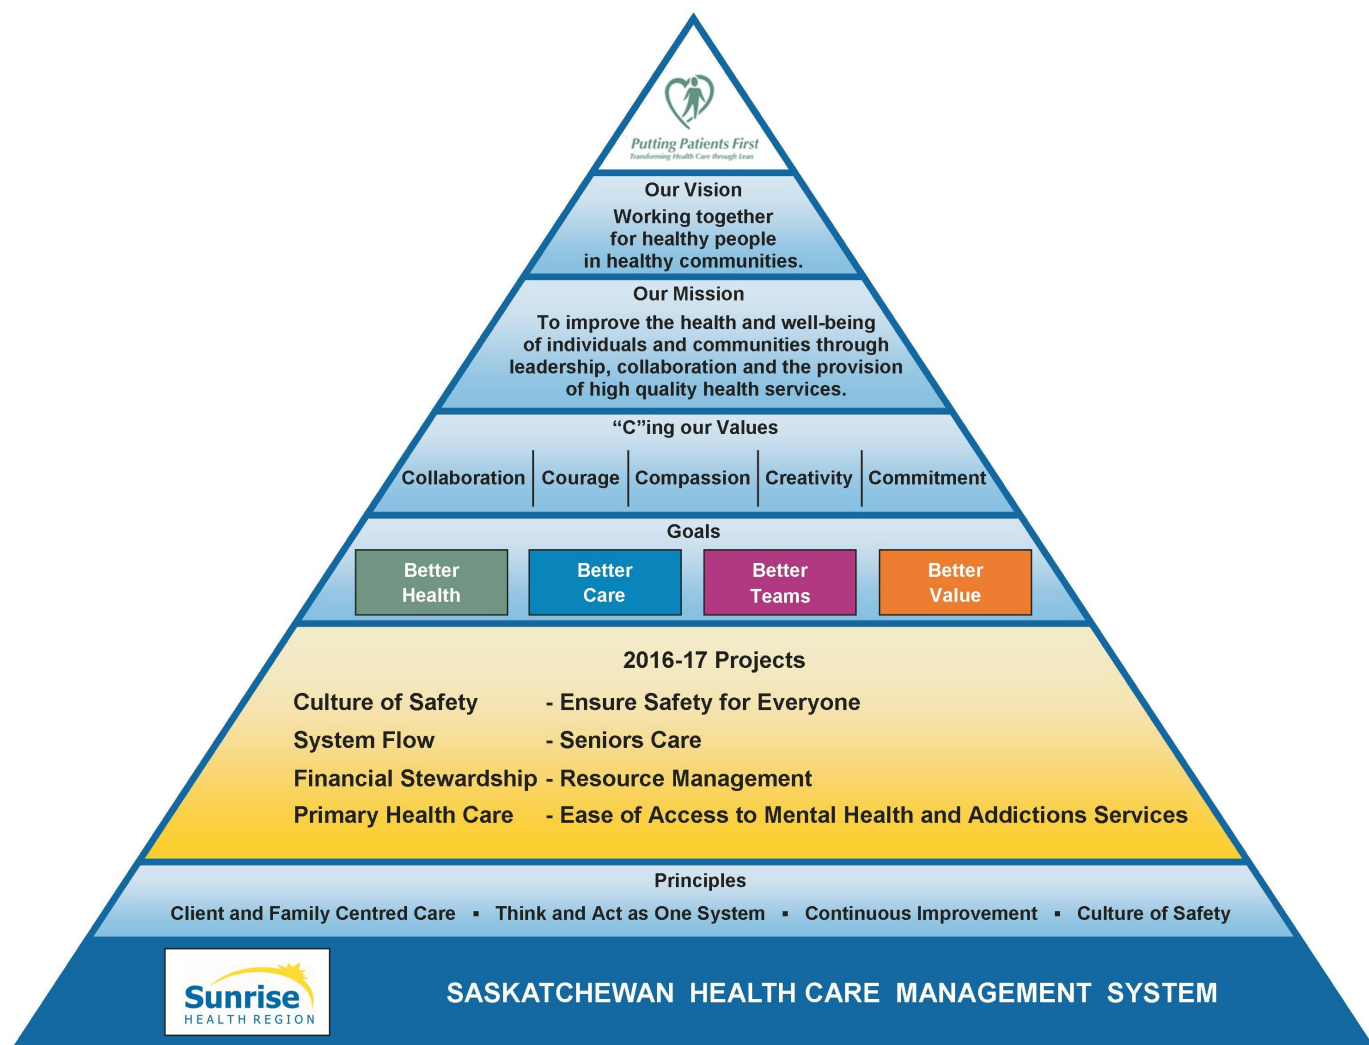

In partnership with clients and families, improve the individual’s experience, achieve timely access and continuously improve healthcare safety.

## Better Teams

Build safe, supportive and quality workplaces that support client and family-centred care and collaborative practices, and develop a highly skilled, professional and diverse workforce that has a sufficient number and mix of service providers.

## Better Value

Achieve best value for money, improve transparency and accountability, and strategically invest in facilities, equipment and information infrastructure.

### Strategic Intent Triangle

The Strategic Intent Triangle is a visual representation of the strategy of our organization containing our mission, vision and values, strategic goals, and annually updated related projects.

#### Projects for the 2016-17 fiscal year (as denoted in the triangle above):

- Culture of Safety – Ensure Safety for Everyone
- System Flow – Seniors Care
- Financial Stewardship – Resource Management
- Primary Health Care – Ease of access to Mental Health and Addictions Services

## Strategy: Better Health

Improve population health through health promotion, protection and disease prevention, and collaborating with communities and different government organizations to close the health disparity gap.

### Breakthrough Initiative:

By March 31, 2019, there will be increased access to quality mental health and addiction services and reduced wait time for outpatient and psychiatry services.

### Projects

#### 1. Ease of Access to Mental Health and Addiction Services

Target	Status
<ul style="list-style-type: none"><li>By March 31, 2017, Sunrise Health Region will have implemented a mental health and addiction screening tool at one Primary Health Care site and will have developed care pathways for mild/moderate Mental Health and Addiction Services clients.</li></ul>	Achieved

### Results:

The Primary Health Care and Mental Health and Addiction Services teams developed and implemented a mental health and addictions screening tool at the pilot site, Sunrise Health and Wellness Centre in Yorkton. The Healthy Living Questionnaire was first administered with clients in the chronic disease program and is intended to flag individuals with specific lifestyle indicators. The screening tool initiates the conversation around mental health and helps identify clients that may need referral to the new Primary Health Care Counselor. In 2016, the Ministry approved funding for a Primary Health Care Counselor position and in January of 2017 the position was permanently filled. The counselor facilitates the care pathways and delivers group sessions and one-on-one counseling to mild/moderate Mental Health and Addiction Services clients.

Psychiatry support to primary care was strengthened with monthly psychiatry telehealth sessions in each Primary Health Care site. Individual cases, education, and care planning have strengthened capacity in our primary care providers to manage Mental Health and Addiction Services clients in Primary Health Care with this support, this has expanded to include other medical clinics in the region. Building capacity in our primary care providers has led to more appropriate referrals to our specialists and focusing resources to best meet client needs.

As a result of the changes made, mental health and addictions help is provided to clients in the right setting at the right time. The region is continuing its efforts in 2017-18 to replicate this work in all of our Primary Health Care sites.

## Strategy: Better Care

In partnership with clients and families, improve the individual's experience, achieve timely access and continuously improve healthcare safety.

### Breakthrough Initiatives:

By March 31, 2020, all seniors can access community supports, to remain at home as long as possible, allowing them to progress into other care options as needs change.

#### Projects

##### 2. Seniors Care

Target	Status
<ul style="list-style-type: none"><li>By March 31, 2017, 100% of Long Term Care staff are trained on all modules of the Program Guidelines for Special Care Homes by viewing the educational videos.</li></ul>	Not Achieved
<ul style="list-style-type: none"><li>By March 31, 2017, 67% of Long Term care facilities will have implemented Purposeful Interaction.</li></ul>	Achieved

#### Results:

The Provincial Program Guidelines for Special Care homes is an integral part of the requirements regarding the operation and provision of quality care. The provincially set target was to train 100 percent of all direct care staff. Sunrise was more aggressive in assigning a regional target and aimed to train 100 percent of all Long Term Care staff. As of March 31, 2017, 91 percent of all Long Term Care staff in the region were trained on all modules of the Program Guidelines. This target will continue to be monitored in 2017-18 on the Quality, Cost, Delivery, Safety, Engagement (QCDSE) strategy monitoring wall and efforts will continue to train the remaining staff members.

The region has met and exceeded the target set out for implementation of Purposeful Interaction. As of March 31, 2017, teams in the region successfully implemented Purposeful Interaction in 100 percent of our facilities, which puts our region a year ahead of provincial targets. Purposeful Interaction is the practice of attending to the needs of long-term care residents within a prescribed amount of time, improving resident safety and satisfaction while ensuring better clinical outcomes.

## Strategy: Better Teams

Build safe, supportive, and quality workplaces that support client and family-centred care and collaborative practices, and develop a highly skilled, professional and diverse workforce that has a sufficient number and mix of service providers.

### Breakthrough Initiative:

To achieve a culture of safety, by March 31, 2020, there will be no harm to patients or staff.

#### Projects

### 3. Safety for Everyone

Target	Status
<ul style="list-style-type: none"><li>By March 31, 2017, there will be zero shoulder and back injuries at Yorkton and District Nursing Home.</li></ul>	Not Achieved
<ul style="list-style-type: none"><li>By March 31, 2017, there will be a 25% reduction in staff harm from 2015/16.</li></ul>	Not Achieved

#### Results:

Sunrise has an unwavering commitment to safety and continues to believe that the only acceptable number of injuries is zero. Although we did not meet the target of zero shoulder and back injuries at the Yorkton and District Nursing Home, we did see a decrease of 45 percent in the number of time loss and medical aid claims. This was a significant improvement from the year before.

The region, as a whole, saw a 13 percent reduction in time loss and medical aid claims from the year before and we have reduced the number of claims by 29 percent since 2012-13. As of March 31, 2017, there was a 30 percent decrease in number of injuries reported due to transfer, lift and repositioning (TLR) of person and/or object. In 2016-17, 100 percent of root cause analysis, with recommendations to help prevent further injuries, were completed on every and any back and shoulder injury. In addition, effective November 7, 2016, “slips/trips/falls”, “needle stick” and “blood & body fluid exposure” were added to the list of injuries requiring root cause analysis, in an effort to reduce injuries in these areas and 100 percent of these have received a root cause analysis investigation.

Further strategy work on injury claim reduction will continue into 2017-18. In our efforts to improve the culture of safety, we have determined that all injuries resulting in time loss and medical aid will require a root cause analysis to be completed. We believe that the root cause analysis information will allow us to make further regional improvements to assist with hazard elimination and prevention.

## Strategy: Better Value

Achieve best value for money, improve transparency and accountability, and strategically invest in facilities, equipment, and information infrastructure.

### Breakthrough Initiatives:

By March 31, 2017, as part of a multi-year budget strategy, the health system will bend the cost curve by 1.5% per year.

#### Projects

#### 4. Resource Management

Target	Status
• By March 31, 2017, Sunrise Health Region will achieve a balanced budget.	Achieved
• By March 31, 2017, Sunrise Health Region will optimize straight time scheduling to achieve a 1% reduction from budgeted worked dollars.	Achieved

#### Results:

As a result of the hard work of everyone on the Sunrise Health Region team, Sunrise Health Region achieved a balanced budget in 2016-17.

As of March 31, 2017, the health region ended the year with a surplus of \$2,716,571 of which \$1,990,249 was for allocation of required transfers to the Capital fund for mortgages, energy loan and reserve funds, leaving Sunrise with a surplus of \$726,322.

Sunrise Health Region surpassed the 1 percent goal to achieve a 2.3 percent reduction in budgeted worked dollars. This was due in part to the concerted effort to optimize straight time scheduling.

# Financial Overview

The health region budgeted for revenue of \$225,224,836 with actual revenue of \$227,353,711. Operating expenditures of \$223,162,488 were budgeted in 2016-17 with actual expenditures of \$224,637,140. Throughout the year, Sunrise Health Region managers reviewed monthly variance reports to monitor compliance with their program/department budget and provide course correction where necessary.

The 2016-17 year ended with a consolidated surplus of \$2,716,571 of which \$1,990,249 was for allocation of required transfers to the Capital fund for mortgages, energy loan and reserve funds, leaving Sunrise with an increase in our general operating fund of \$726,322.

The health region continues to deal with the challenges of sick time replacement and higher than budgeted wage driven premiums and high levels of complex care requiring one-on-one care for some residents.

## Year-End Financial Comparisons

The chart below is a visual of year-end comparisons. For 2016-17, actual revenues were \$227,353,711 and actual operating expenditures were \$224,637,140.

## Business Continuity Plans

Sunrise Health Region has plans in place for continuance of health services in the event of a major disaster, emergency, pandemic, labour disruption, and illness outbreak or service interruption.

The Essential Services Plans are in place to ensure the public is protected from danger to life, health and safety during periods of job action.

Home Care staff in Preeceville

# Management Report

May 31, 2017

Sunrise Health Region  
Report of Management

The accompanying financial statements are the responsibility of management and are approved by the Sunrise Regional Health Authority. The financial statements have been prepared in accordance with Canadian Public Sector Accounting Standards and the Financial Reporting Guide issued by Saskatchewan Health, and of necessity include amounts based on estimates and judgments. The financial information presented in the annual report is consistent with the financial statements.

Management maintains appropriate systems of internal control, including policies and procedures, which provide reasonable assurance that the Region's assets are safeguarded and the financial records are relevant and reliable.

The Authority is responsible for reviewing the financial statements and overseeing Management's performance in financial reporting. The Authority meets with Management and the external auditors to discuss and review financial matters. The Authority approves the financial statements and the annual report.

The appointed auditor conducts an independent audit of the financial statements. The auditor's report expresses an opinion on the fairness of the financial statements prepared by Management.

Christina Denysek  
Interim President & Chief Executive Officer

Lorelei Stusek  
Vice President of Corporate Services

## Independent Auditors' Report

To the board of directors  
Sunrise Regional Health Authority

### *Report on the Financial Statements*

We have audited the accompanying consolidated financial statements of Sunrise Regional Health Authority, which comprise the Statement of Financial Position as at March 31, 2017, and the Statements of Operations, Changes in Fund Balances and Cash Flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

### *Auditors' Responsibility*

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### *Opinion*

In our opinion, the financial statements present fairly, in all material respects, the financial position of Sunrise Regional Health Authority as at March 31, 2017, and its financial performance and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

### *Emphasis of Matter*

We draw attention to Note 19 to the financial statements which describes the restructuring of the province's twelve existing Regional Health Authorities, including the Sunrise Regional Health Authority, into one single Provincial Health Authority.

# Sunrise Regional Health Authority

Notes to Financial Statements  
For the year ended March 31, 2017

---

## 1. Legislative Authority

The Sunrise Regional Health Authority (RHA) operates under *The Regional Health Services Act* (The Act) and is responsible for the planning, organization, delivery, and evaluation of health services it is to provide within the geographic area known as the Sunrise Health Region, under Section 27 of The Act. The Sunrise RHA is a non-profit organization and is not subject to income and property taxes from the federal, provincial, and municipal levels of government. The RHA is a registered charity under the *Income Tax Act* of Canada.

## 2. Significant Accounting Policies

These consolidated financial statements have been prepared in accordance with Canadian public sector accounting (PSA) standards, issued by the Public Sector Accounting Board and published by CPA Canada. The RHA has adopted the standards for government not-for-profit organizations, set forth at PSA Handbook section PS 4200 to PS 4270.

### (a) Health care organizations

- (i) The RHA has agreements with and grants funding to the following prescribed health care organizations (HCO) and third parties to provide health services:
  - Society for the Involvement of Good Neighbours Inc.
  - Saskatchewan Abilities Council
  - Yorkton Mental Health Drop In Centre

Note 9(b)(i) provides disclosure of payments to HCO'S and third parties.

- (ii) The RHA has joint service management agreements with all three of its affiliates; St. Anthony's Hospital, St. Peter's Hospital and St. Paul Lutheran Home of Melville. The purpose of the agreements is to share management, contract human resources and finance services to the affiliates.

As a result, the financial statements of St. Anthony's Hospital, St. Peter's Hospital and St. Paul Lutheran Home of Melville are consolidated with the financial statements of the RHA. Transactions and interorganizational balances between the RHA and St. Anthony's Hospital, St. Peter's Hospital and St. Paul Lutheran Home of Melville are eliminated.

Note 9(b)(ii) provides supplementary information regarding the financial position, results of operations and cash flows of the consolidated affiliates.

- (iii) The Health Foundation of East Central Saskatchewan Inc., St. Peter's Hospital Foundation (Melville) Inc. and St. Anthony's Hospital Foundation Inc. (the Foundations) are incorporated under *The Non-Profit Corporations Act* and are registered charities under *The Income Tax Act* of Canada.

Under the Foundations' Articles of Incorporation, the RHA or the respective affiliates have an economic interest in the Foundations.

These consolidated financial statements do not include the financial activities of the Foundations. Alternatively, note 9(b)(iii) provides supplementary information of the Foundations.

## Sunrise Regional Health Authority

Notes to Financial Statements  
For the year ended March 31, 2017

---

### 2. Significant Accounting Policies - continued

#### (b) Fund accounting

The accounts of the RHA are maintained in accordance with the restricted fund method of accounting for contributions. For financial reporting purposes, accounts with similar characteristics have been combined into the following major funds:

##### (i) Operating fund

The operating fund reflects the primary operations of the RHA including revenues received for provision of health services from Saskatchewan Health - General Revenue Fund, and billings to patients, clients, the federal government and other agencies for patient and client services. Other revenue consists of donations, recoveries and ancillary revenue. Expenses are for the delivery of health services.

##### (ii) Capital fund

The capital fund is a restricted fund that reflects the equity of the RHA in capital assets after taking into consideration any associated long-term debt. The capital fund includes revenues received from Saskatchewan Health - General Revenue Fund designated for construction of capital projects and/or the acquisition of capital assets. The capital fund also includes donations designated for capital purposes by the contributor. Expenses consist primarily of interest on long-term mortgages and amortization of capital assets.

##### (iii) Community trust and endowment fund

###### Community trust

The community trust fund is a restricted fund that reflects community-generated assets transferred to the RHA in accordance with the pre-amalgamation agreements signed with the amalgamating health corporations. The assets include cash and investments initially accumulated by the health corporations in the district from donations or municipal tax levies. These assets are accounted for separately and use of the assets is subject to restrictions set out in pre-amalgamation agreements between the RHA and the health corporations.

###### Endowment fund

Under the terms of the will of the late Dr. Borys Tolczynski, the RHA administers an endowment fund. The interest from this fund is to be used for education and training expenditures which benefit the health region. Unexpended interest each year is added to the endowment principal. The RHA cannot encroach upon the original endowment bequest of \$201,771 plus unexpended interest except in special circumstances.

#### (c) Revenue

Unrestricted revenues are recognized as revenue in the operating fund in the year received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

Restricted revenues related to general operations are recorded as deferred revenue and recognized as revenue of the operating fund in the year in which the related expenses are incurred. All other restricted revenues are recognized as revenue of the appropriate restricted fund in the year received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

# Sunrise Regional Health Authority

Notes to Financial Statements  
For the year ended March 31, 2017

---

## 2. Significant Accounting Policies - continued

### (d) Capital assets

Capital assets are recorded at cost. Normal maintenance and repairs are expensed as incurred. Capital assets with a life exceeding one year are amortized on a straight-line basis over their estimated useful lives as follows:

Buildings and service equipment	2.5% to 10%
Land improvements	4% to 10%
Equipment	4% to 25%

Donated capital assets are recorded at their fair value at the date of contribution (if fair value can be reasonably determined).

### (e) Asset retirement obligations

Asset retirement obligations are legal obligations associated with the retirement of tangible long-lived assets. Asset retirement obligations are recorded when they are incurred if a reasonable estimate of fair value can be determined. Accretion (interest) expense is the increase in the obligation due to the passage of time. The associated retirement costs are capitalized as part of the carrying amount of the asset and amortized over the asset's remaining useful life.

### (f) Inventories

Inventories consist of general stores, pharmacy, laboratory, linen and other. All inventories are held at the lower of cost and net realizable value. Cost is determined on an average-cost basis.

### (g) Employee future benefits

#### i) Pension plan:

Employees of the RHA participate in several multi-employer defined benefit pension plans or a defined contribution plan. The RHA follows defined contribution plan accounting for its participation in the plans. Accordingly, the RHA expenses all contributions it is required to make in the year.

#### ii) Disability income plan:

Employees of the RHA participate in several disability income plans to provide wage-loss insurance due to a disability. The RHA follows post-employment benefits accounting for its participation in the plans. Accordingly, the RHA expenses all contributions it is required to make in the year.

#### iii) Accumulated sick leave benefit liability:

The RHA provides sick leave benefits for employees that accumulate but do not vest. The RHA recognizes a liability and an expense for sick leave in the period in which employees render services in return for the benefits. The liability and expense is developed using an actuarial cost method.

## Sunrise Regional Health Authority

Notes to Financial Statements  
For the year ended March 31, 2017

---

### 2. Significant Accounting Policies - continued

#### (h) Measurement uncertainty

These consolidated financial statements have been prepared by management in accordance with Canadian public sector accounting standards. In the preparation of consolidated financial statements, management makes various estimates and assumptions in determining the reported amounts of assets and liabilities, revenues and expenses and in the disclosure of commitments and contingencies. Changes in estimates and assumptions will occur based on the passage of time and the occurrence of certain future events. The changes will be reported in earnings in the period in which they become known.

#### (i) Financial instruments

The RHA has classified its financial instruments into one of the following categories:

- (i) fair value or
- (ii) cost or amortized cost.

All financial instruments are measured at fair value upon initial recognition. The fair value of a financial instrument is the amount at which the financial instrument could be exchanged in an arm's length transaction between knowledgeable and willing parties under no compulsion to act. The following financial instruments are subsequently measured at cost or amortized cost:

- accounts receivable
- short-term and long-term investments
- accounts payable, accrued salaries, vacation payable and other accrued liabilities
- mortgages payable

As at March 31, 2017 (2016 - nil), the RHA does not have any material outstanding contracts or financial instruments with embedded derivatives. Financial assets are categorized as level 1 in the fair value hierarchy.

All financial assets are assessed for impairment on an annual basis. When a decline is determined to be other than temporary, the amount of the loss is reported in the Statement of Operations.

#### (j) Replacement reserves

The RHA is required to maintain certain replacement reserves as a condition of receiving subsidy assistance from Saskatchewan Housing Corporation. Schedule 4 shows the changes in these reserve balances during the year.

#### (k) Volunteer services

The operations of the RHA utilize services of many volunteers. Because of the difficulty in determining the fair market value of these donated services, the value of these donated services is not recognized in the consolidated financial statements.

#### (l) Leases

Leases that transfer substantially all of the benefits and risks of ownership related to the leased property from the lessor to Sunrise RHA are accounted for as a capital lease. Other leases are accounted for as operating leases.

## Sunrise Regional Health Authority

Notes to Financial Statements  
For the year ended March 31, 2017

---

### 2. Significant Accounting Policies - continued

#### (m) New accounting standards not yet in effect

A number of new Canadian public sector accounting standards and amendments to standards are not yet effective for governments and have not been applied in preparing these financial statements. The following standards will become effective as follows:

- (i) PS 2200 Related Party Disclosures (effective April 1, 2017), a new standard defining related parties and establishing guidance on disclosure requirements for related party transactions.
- (ii) PS 3210 Assets (effective April 1, 2017), a new standard providing guidance for applying the definition of assets and establishing disclosure requirements for assets.
- (iii) PS 3320 Contingent Assets (effective April 1, 2017), a new standard defining and establishing guidance on disclosure requirements for contingent assets.
- (iv) PS 3380 Contractual Rights (effective April 1, 2017), a new standard defining and establishing guidance on disclosure requirements for contractual rights.
- (v) PS 3420 Inter-Entity Transactions (effective April 1, 2017), a new standard establishing guidance on accounting for and reporting on transactions between organizations in the government reporting entity.
- (vi) PS 3430 Restructuring Transactions (effective April 1, 2018), a new standard defining a restructuring transaction and establishing guidance on recognition and measurement of assets and liabilities transferred in a restructuring transaction.
- (vii) PS 3450 Financial Instruments (effective April 1, 2019), a new standard establishing guidance on the recognition, measurement, presentation and disclosure of financial instruments, including derivatives.
- (viii) PS 2601 Foreign Currency Translation (effective April 1, 2019), replaces PS 2600 with revised guidance on the recognition, presentation and disclosure of transactions that are denominated in a foreign currency.
- (ix) PS 1201 Financial Statement Presentation (effective in the period PS 3450 and PS 2601 are adopted), replaces PS 1200 with revised general reporting principles and standards of presentation and disclosure in government financial statements.
- (x) PS 3041 Portfolio Investments (effective in the period PS 3450, PS 2601 and PS 1201 are adopted), replaces PS 3040 with revised guidance on accounting for, and presentation and disclosure of, portfolio investments.

The region plans to adopt these new and amended standards on the effective date and is currently analyzing the impact this will have on these financial statements.

## Sunrise Regional Health Authority

Notes to Financial Statements  
For the year ended March 31, 2017

### 3. Capital Assets

	March 31, 2017			2016 Net Book Value
	Cost	Accumulated Amortization	Net Book Value	
Land	228,908		228,908	228,908
Land improvements	2,752,539	1,178,946	1,573,593	1,632,786
Buildings and service equipment	139,811,518	85,130,870	54,680,648	58,897,787
Equipment	37,962,506	30,517,026	7,445,480	7,134,555
Construction-in-progress	467,358		467,358	390,867
	<u>\$ 181,222,829</u>	<u>\$ 116,826,842</u>	<u>\$ 64,395,987</u>	<u>\$ 68,284,903</u>

### 4. Contractual Obligations

#### (a) Capital asset acquisitions

At March 31, 2017, contractual obligations for acquisition of capital assets were \$1,029,152 (2016 - \$1,654,979).

#### (b) Supplier payments

At March 31, 2017, contractual obligations for outstanding purchase orders were \$3,750,703 (2016 - \$1,825,638).

#### (c) Operating leases

Minimum annual payments under operating leases on property and equipment over the next five years are as follows:

2018	2,274,516
2019	1,768,757
2020	1,261,554
2021	1,002,885
2022	1,226,332
	<u>1,226,332</u>

Total minimum lease payments \$ 7,534,044

#### (d) Asset retirement obligations

The RHA may be subject to asset retirement obligations on its facilities for which the fair value cannot be reasonably estimated due to the indeterminate timing and scope of removal. The asset retirement obligation for these assets will be recorded in the period in which there is sufficient information to estimate fair value.

#### (e) Contracted health service organizations

The RHA continues to contract on an ongoing basis with private health service operators to provide health services in the RHA. Services provided in the year ending March 31, 2017 will continue to be contracted for the following fiscal year. Note 9(b) provides supplementary information on health care organizations.

### 8. Patient and Resident Trust Accounts

The RHA administers funds held in trust for patients and residents utilizing the RHA's facilities. The total cash held in trust as at March 31, 2017 was \$220,204 (2016 - \$215,312). These amounts are not reflected in the consolidated financial statements.

### 9. Related Parties

These consolidated financial statements include transactions with related parties. The RHA is related to all Saskatchewan crown agencies such as ministries, corporations, boards and commissions under the common control of the government of Saskatchewan. The RHA is also related to non-crown enterprises that the government jointly controls or significantly influences. In addition, the RHA is related to other non-government organizations by virtue of its economic interest in these organizations.

#### (a) Related-party transactions

Transactions with these related parties are in the normal course of operations. Amounts due to or from and the recorded amounts of the transactions resulting from these transactions are included in the consolidated financial statements and the table below. They are recorded at the standard rates charged by those organizations and are settled on normal trade terms.

---

### 9. Related Parties - continued

#### (b) Health-care organizations

##### (i) Prescribed health care organizations and third parties

The RHA has also entered into agreements with prescribed health care organizations (HCO's) and third parties to provide health services.

These organizations receive operating funding from the RHA on a monthly basis in accordance with budget amounts approved annually. During the year, the RHA provided the following amounts to prescribed HCO's and third parties:

	<b>2017</b>	<b>2016</b>
Saskatchewan Abilities Council	180,912	104,359
Society for the Involvement of Good Neighbours Inc.	334,574	358,108
Yorkton Mental Health Drop In Centre	<u>                    </u>	<u>56,800</u>
	<u>\$ 515,486</u>	<u>\$ 519,267</u>

##### (ii) Affiliates with joint service management agreements

The Act makes the RHA responsible for the delivery of health services in its region including the health services provided by privately-owned affiliates. The Act requires affiliates to conduct their affairs and activities in a manner that is consistent with, and that reflects, the health goals and objectives established by the RHA. Further, the RHA provides most of the affiliate's funding. Accordingly, the RHA has the ability to affect the strategic operating, investing and financing activities of the affiliates.

The RHA consolidated financial statements include the accounts of St. Anthony's Hospital, St. Peter's Hospital and St. Paul Lutheran Home of Melville based on the joint service management agreement held with each of the three organizations. The following information, which combines the operating fund and capital fund, is supplementary to those statements.

## Sunrise Regional Health Authority

Notes to Financial Statements  
For the year ended March 31, 2017

### 10. Comparative Information

Certain balances on schedules 3 and 4 for comparative purposes have been reclassified to conform with the current year's presentation.

### 11. Employee Future Benefits

#### (a) Pension Plan

Employees of the RHA participate in one of the following pension plans:

1. Saskatchewan Healthcare Employees' Pension Plan (SHEPP) - This is jointly governed by a board of eight trustees. Four of the trustees are appointed by the Health Shared Services Saskatchewan (3sHealth) (a related party), and four of the trustees are appointed by Saskatchewan's health care unions (CUPE, SUN, SEIU, SGEU, RWDSU, and HSAS). SHEPP is a multi-employer defined benefit plan, which came into effect December 31, 2002. (Prior to December 31, 2002, this plan was formerly the SAHO Retirement Plan and governed by the Saskatchewan Association of Health Care Organizations (SAHO) Board of Directors).
2. Public Employees' Pension Plan (PEPP) (a related party) - this is a defined contribution plan and is the responsibility of the Government of Saskatchewan.

The RHA's financial obligation to these plans is limited to making the required payments to these plans according to their applicable agreements. Pension expense is included in Compensation - benefits in schedule 1 and is equal to the RHA contributions amount below.

	SHEPP <sub>1</sub>	2017 PEPP	Total	2016 Total
Number of active members	2,384	23	2,407	2,430
Member contribution rate, percentage of salary	8.10-10.7%*	5.00-7.00%*		
RHA contribution rate, percentage of salary	9.07-11.98%*	6.00-7.00%*		
Member contributions	9,532,158	112,294	9,644,452	9,643,757
RHA contributions	10,676,136	111,434	10,787,570	10,787,241

\*Contribution rate varies based on employee group.

1. Active members are employees of the RHA, including those on leave of absence as of March 31, 2017. Inactive members are not reported by the RHA, their plans are transferred to SHEPP and managed directly by them.

In addition to the above plans, the RHA has one employee in the Evangelical Lutheran Church in Canada pension plan whose member contributions were \$5,335 (2016 - \$5,227) with RHA contributions of \$6,097 (2016 - \$6,031).

Pension plan contribution rates have increased as a result of deficiencies in SHEPP. Any actuarially determined deficiency is the responsibility of participating employers and employees in the ratio of 1.12 to 1. Contribution rates will continue to increase until the next actuarial reports are completed.

## Sunrise Regional Health Authority

Notes to Financial Statements  
For the year ended March 31, 2017

### 11. Employee Future Benefits - continued

#### (b) Disability Income Plans

Employees of the RHA participate in one of the following disability income plans, administered by 3sHealth:

1. CUPE established in 1975 - affiliated with the Canadian Union of Public Employees
2. General established in 1975
3. SUN established in 1982 - affiliated with the Saskatchewan Union of Nurses

The RHA's financial obligation to these plans is limited to making the required payments to these plans according to their applicable agreements. Disability expense is included in Compensation - benefits in Schedule 1 and is equal to the RHA contributions amount below:

	2017				2016 Total
	CUPE	General	SUN	Total	
Number of active members	1,725	270	464	2,459	2,476
Member contribution rate, percentage of salary	1.35%	.60-.65%*	.69%		
RHA contribution rate, percentage of salary	1.35%	.65-.70%	.81%		
Member contributions (thousands of dollars)	948,739	144,768	236,006	1,329,513	1,362,453
RHA contributions (thousands of dollars)	948,739	144,768	277,051	1,370,558	1,405,602

\*Contribution rate varies.

#### (c) Accumulated sick leave benefit liability:

The cost of the accrued benefit obligations related to sick leave entitlement earned by employees is actuarially determined using the projected benefit method prorated on service and management's best estimate of inflation, discount rate, employee demographics and sick leave usage of active employees. The RHA has completed an actuarial valuation as of March 31, 2016 and extrapolated results to March 31, 2017. Key assumptions used as inputs into the actuarial calculation are as follows:

	2017	2016
Discount rate	2.5%	2.4%
Rate of inflation	0-2.0%	0-2.0%
(other significant assumptions as per actuarial valuation)

## Sunrise Regional Health Authority

Notes to Financial Statements  
For the year ended March 31, 2017

---

### 12. Budget

The RHA Board approved the 2016-2017 budget plan on July 20, 2016.

### 13. Financial Instruments

#### (a) Significant terms and conditions

There are no significant terms and conditions related to financial instruments classified as current assets or current liabilities that may affect the amount, timing and certainty of future cash flows. Significant terms and conditions for the other financial instruments are disclosed separately in these consolidated financial statements.

#### (b) Financial risk management

The RHA has exposure to the following risk from its use of financial instruments: Credit risk, market risk and liquidity risk.

The Chairperson ensures that the RHA has identified its major risks and ensures that management monitors and controls them. The Chairperson oversees the RHA's systems and practices of internal control, and ensures that these controls contribute to the assessment and mitigation of risk.

#### (c) Credit risk

The RHA is exposed to credit risk from the potential non-payment of accounts receivable. The majority of the RHA's receivables are from Saskatchewan Health - General Revenue Fund, Saskatchewan Workers' Compensation Board, health insurance companies or other Provinces. Therefore, the credit risk on accounts receivable is minimal. The RHA is also exposed to credit risk from cash, short-term investments and investments.

The carrying amount of financial assets represents the maximum credit exposure as follows:

	<b>2017</b>	<b>2016</b>
Cash and short-term investments	5,664,033	7,063,013
Accounts receivable		
Ministry of Health - General Revenue Fund	762,271	1,136,209
Other	1,774,024	1,342,649
Investments	<u>701,498</u>	<u>518,591</u>
	<u>\$ 8,901,826</u>	<u>\$ 10,060,462</u>

The RHA manages its credit risk surrounding cash and short-term investments and investments by dealing solely with reputable banks and financial institutions, and utilizing an investment policy to guide their investment decisions. The RHA invests surplus funds to earn investment income with the objective of maintaining safety of principal and providing adequate liquidity to meet cash flow requirements.

## Sunrise Regional Health Authority

Notes to Financial Statements  
For the year ended March 31, 2017

---

### 13. Financial Instruments - continued

#### (d) Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates or interest rates will affect the RHA's income or the value of its holdings of financial instruments. The objective of market risk management is to control market risk exposures within acceptable parameters while optimizing return on investment.

##### (i) Foreign exchange risk:

The RHA operates within Canada, but in the normal course of operations is party to transactions denominated in foreign currencies. Foreign exchange risk arises from transactions denominated in a currency other than the Canadian dollar, which is the functional currency of the RHA. The RHA believes that it is not subject to significant foreign exchange risk from its financial instruments.

##### (ii) Interest rate risk:

Interest rate risk is the risk that the fair value of future cash flows or a financial instrument will fluctuate because of changes in the market interest rates.

Financial assets and financial liabilities with variable interest rates expose the RHA to cash flow interest rate risk. The RHA's investments include guaranteed investment certificates and long-term bonds bearing interest at coupon rates. The RHA's mortgages payable outstanding as at March 31, 2017 and 2016 have fixed interest rates.

Although management monitors exposure to interest rate fluctuations, it does not employ any interest rate management policies to counteract interest rate fluctuations.

#### (e) Liquidity risk:

Liquidity risk is the risk that the RHA will not be able to meet its financial obligations as they become due.

The RHA manages liquidity risk by continually monitoring actual and forecasted cash flows from operations and anticipated investing and financing activities.

At March 31, 2017, the RHA has a cash balance of \$5,664,033 (2016 - \$7,063,013).

To ensure Sunrise RHA has sufficient cash on hand, Sunrise RHA prepares annual capital and operating budgets and forecasts which are regularly monitored and updated as necessary. As at March 31, 2017, Sunrise RHA had current operating financial assets of \$4,901,243 and current operating liabilities of \$39,094,239 which represents a working capital deficit of \$34,192,966. Sunrise RHA has current restricted financial assets of \$3,299,085 and current restricted liabilities of \$1,481,058 which represents a working capital surplus of \$1,818,027. As at March 31, 2017, Sunrise RHA has complied with all restrictions placed on contributions received.

## Sunrise Regional Health Authority

Notes to Financial Statements  
For the year ended March 31, 2017

### 13. Financial Instruments - continued

#### (e) Liquidity risk - continued

As at March 31, 2017, Sunrise RHA is committed to the following operating and restricted liabilities, including principal and interest, based on the expected undiscounted cash flows from the reporting date to the contractual maturity date:

	Carrying Amount	Due in Less Than 1 Year	Due in 1-3 Years	Due in 3-5 Years	Due after 5 Years
Accounts payable	2,963,196	2,963,196			
Accrued salaries	6,396,399	6,396,399			
Vacation payable	14,706,909	14,706,909			
Deferred revenue	933,703	933,703			
Long-term debt	11,918,248	1,466,000	2,979,800	2,989,200	4,483,248
Other current liabilities	<u>1,167,377</u>	<u>1,167,377</u>			
Total Financial Liabilities	<u>\$ 38,085,832</u>	<u>\$ 27,633,584</u>	<u>\$ 2,979,800</u>	<u>\$ 2,989,200</u>	<u>\$ 4,483,248</u>

#### (f) Fair value

The carrying amounts of these financial instruments approximate fair value due to their immediate or short-term nature:

- cash and short-term investments
- accounts receivable
- bank indebtedness
- accounts payable
- accrued salaries and vacation payable

The fair value of mortgages payable and long-term debt before the repayment required within one year is \$11,918,248 (2016 - \$13,501,347) and is determined using discounted cash flow analysis based on current incremental borrowing rates for similar borrowing arrangements, net of mortgage subsidies.

Fair value is best evidenced by an independent quoted market price for the same instrument in an active market. An active market is one where quoted prices are readily available, representing regularly occurring transactions. Accordingly, the determination of fair value requires judgment and is based on market information where available and appropriate. Fair value measurements are categorized into levels within a fair value hierarchy based on the nature of the inputs used in the valuation.

Level 1 – Where quoted prices are readily available from an active market.

Level 2 – Valuation model not using quoted prices, but still using predominantly observable market inputs, such as market interest rates.

Level 3 – Where valuation is based on unobservable inputs. There were no items measured at fair value using level 3 in 2016 or 2017.

## Sunrise Regional Health Authority

Notes to Financial Statements  
For the year ended March 31, 2017

### 13. Financial Instruments - continued

#### (f) Fair value - continued

There were no items transferred between levels in 2016 or 2017.

	2017			2016		
	Level 1	Level 2	Total	Level 1	Level 2	Total
Long-term investments		701,498	701,498		518,591	518,591
Mortgages payable		11,918,248	11,918,248		13,501,347	13,501,347
	<u>\$ 0</u>	<u>\$ 12,619,746</u>	<u>\$ 12,619,746</u>	<u>\$ 0</u>	<u>\$ 14,019,938</u>	<u>\$ 14,019,938</u>

#### (g) Operating line-of-credit

The RHA has an approved operating line-of-credit of \$15,750,000 (2016 - \$15,750,000) with interest charged at a rate of prime less 1.00%, which was renegotiated for a 5-year term which expires in April 2021. The line-of-credit is secured by an assignment of grants and revenues of the RHA. Total interest paid on the line-of-credit in 2017 was \$241,279 (2016 - \$282,025). The line-of-credit was approved by the Minister on October 7, 1998.

The affiliates also have operating lines-of-credit with limits totalling \$650,000 (2016 - \$650,000). These lines-of-credit are secured by an assignment of grants and revenues from the RHA. Total interest paid on these lines-of-credit in 2017 was \$2,845 (2016 - \$475).

### 14. Interfund Transfers

Each year, the RHA transfers amounts between its funds for various purposes. These include funding capital asset purchases and reassigning fund balances to support certain activities.

	2017			2016		
	Operating Fund	Capital Fund	Community Trust and Endowment Funds	Operating Fund	Capital Fund	Community Trust and Endowment Funds
Energy renewal program savings	( 1,057,260)	1,057,260		( 1,057,260)	1,057,260	
Replacement reserve allocations	( 128,260)	128,260		( 128,260)	128,260	
Mortgage principal and interest paid by operating fund	( 910,708)	910,708		( 884,667)	884,667	
Capital asset purchases by other funds	( 14,993)	31,859	( 16,866)	( 219,133)	228,508	( 9,375)
Operating expenditures financed by other funds	<u>120,972</u>	<u>( 120,972)</u>		<u>103,613</u>	<u>( 103,613)</u>	
	<u>\$( 1,990,249)</u>	<u>\$ 2,007,115</u>	<u>\$( 16,866)</u>	<u>\$( 2,185,707)</u>	<u>\$ 2,195,082</u>	<u>\$( 9,375)</u>

## Sunrise Regional Health Authority

Notes to Financial Statements  
For the year ended March 31, 2017

### 15. Community-Generated Funds

Under the terms of the pre-amalgamation agreement, the RHA has agreed to hold community-generated assets in trust. The RHA established a separate fund for the assets of each trust. Health corporations formerly held these assets before amalgamating with the RHA. The assets are interest-bearing with the interest credited to the trust balance. The RHA presently administers \$65,308 (2016 - \$64,727) under these agreements.

Following is the status of the trust funds at March 31, 2017:

Each trust fund has a "trust advisory committee" which is appointed by the various towns, villages, hamlets and rural municipalities served by the pre-amalgamation agency. The trust funds are for the benefit of the ratepayers of the various municipalities and shall be used for health-related purposes. The committees have the power to establish rules and procedures, and the majority decision of the committees shall be binding upon the RHA with respect to any use of the trust fund.

### 16. Energy Renewal Project

Energy performance contracting is a unique program that allows the RHA to implement facility improvements, reduce energy costs, and improve health and comfort conditions while contributing to the province's environmental objectives. SaskPower Energy Solutions performed extensive research to establish a baseline of annual cost savings they guarantee as part of this project. The project is expected to provide utility cost savings that will pay for the cost and financing of this project within an established time frame. Any additional savings are calculated and verified by methods established in the contract and are applied to the loan. Sunrise RHA entered into a guaranteed energy performance savings contract with SaskPower Energy Solutions Company.

The total cost of the energy performance contracts is \$14,724,459 plus GST. The construction costs have been financed through term debt facilities which are disclosed in note 5.

Results of the energy renewal project since its inception are:

	2017	2016	Prior	Total
Estimated utility savings	\$ 1,057,252	\$ 1,057,252	\$ 5,845,774	\$ 7,960,278
Interest costs	299,118	327,995	2,710,113	3,337,226

### 17. Pay for Performance

As part of government-wide fiscal restraint measures, the pay for performance compensation plan has been suspended for the 2014-15 to 2016-17 fiscal years. This compensation plan was introduced in April 2011 and it allowed senior employees to be eligible to earn lump-sum performance adjustments of up to 110% of their base salary. In prior years, senior employees were paid 90% of current base salary and lump-sum performance adjustments related to the previous year. Due to the suspension of the pay for performance compensation plan, senior employees will receive 100% of their base salary for 2014-15 to 2016-17.

### 18. Collective Bargaining Agreements

The Saskatchewan Union of Nurses (SUN) contract is in effect until March 31, 2018. The Health Sciences Association of Saskatchewan (HSAS) is in effect until March 31, 2018. The CUPE contract expired March 31, 2017.

## Sunrise Regional Health Authority

Notes to Financial Statements  
For the year ended March 31, 2017

---

### 19. Restructuring

The Government of Saskatchewan has announced its intention to consolidate the province's twelve existing Regional Health Authorities, including Sunrise Regional Health Authority, into one single Provincial Health Authority. The consolidation is expected to occur in Fall 2017. Although Sunrise Regional Health Authority will be dissolved upon completion of the consolidation, it is expected its assets, liabilities, and operations will continue as part of the Provincial Health Authority. As a result, these financial statements have been prepared on a going concern basis.

- (1) Salaries include regular base pay, overtime, honoraria, sick leave, vacation leave, and merit or performance pay, lump-sum payments, and any other direct cash remuneration. As part of government-wide fiscal restraint measures, the pay for performance compensation plan has been suspended for the fiscal years 2014-15 to 2016-17. This compensation plan was introduced in April 2011 and allowed senior employees to be eligible to earn lump sum performance adjustments of up to 110% of their base salary. In prior years, senior employees were paid 90% of current base salary and lump-sum performance adjustments related to the previous year. Due to the suspension of the pay for performance compensation plan, senior employees will receive 100% of their base salary for the fiscal years 2014-15 to 2016-17.
- (2) Benefits and Allowances include the employer's share of amounts paid for the employees' benefits and allowances that are taxable to the employee. This includes taxable professional development, education for personal interest, non-accountable relocation benefits and personal use of an automobile, cell phone, computer, etc., as well as any other taxable benefits.
