

PART II

---

**REVISED REGULATIONS OF SASKATCHEWAN**

---

This Part of the Gazette contains revised regulations, and amendments to those regulations, which are part of *The Revised Regulations of Saskatchewan* being compiled over the next few years. Amendments to existing regulations, which are not yet revised, are printed in Part III.

---

**CHAPTER A-20.2 REG 6**

*The Animal Products Act*

Sections 15 and 18

Order in Council 687/91, dated July 31, 1991.

(Filed July 31, 1991)

ORDER

The Honourable Lieutenant Governor in Council, on the recommendation of the Associate Minister of Agriculture and Food, pursuant to sections 15 and 18 of *The Animal Products Act*, makes *The Fur Farming Regulations* in accordance with the attached Schedule.

SCHEDULE

TITLE AND INTERPRETATION

- |   |   |                |
|---|---|----------------|
| 1 | These regulations may be cited as <i>The Fur Farming Regulations</i> .                                    | Title          |
| 2 | In these regulations:   | Interpretation |
|   | (a) "Act" means <i>The Animal Products Act</i> ;  | "Act"          |
|   | (b) "fur animal" means a domestically raised member of the species of:                                    | "fur animal"   |
|   | (i) beaver having the scientific name <i>Castor canadensis</i> ;  |                |
|   | (ii) bobcat having the scientific name <i>Lynx rufus</i> ;  |                |
|   | (iii) coyote having the scientific name <i>Canis latrans</i> ;  |                |
|   | (iv) fisher having the scientific name <i>Martes pennanti</i> ;   |                |
|   | (v) fitch having the scientific name <i>Mustela furo</i> ;  |                |
|   | (vi) fox having the scientific name <i>Alopex lagopus</i> , <i>Vulpes velox</i> or <i>Vulpes vulpes</i> ; |                |
|   | (vii) lynx having the scientific name <i>Lynx canadensis</i> ;  |                |
|   | (viii) marten having the scientific name <i>Martes americana</i> ;  |                |
|   | (ix) mink having the scientific name <i>Mustela vison</i> ;   |                |
|   | (x) muskrat having the scientific name <i>Ondata zibethicus</i> ;   |                |
|   | (xi) racoon having the scientific name <i>Procyon lotor</i> ;   |                |

(xii) red squirrel having the scientific name *Tamiasciurus hudsonicus*;

(xiii) timber wolf having the scientific name *Canis lupus*;

(xiv) weasel having the scientific name *Mustela erminea*, *Mustela frenata* or *Mustela rixosa*;

(xv) wolverine having the scientific name *Gulo gulo*;

raised primarily for the harvest of its pelt;

“fur animal product”

(c) “fur animal product” includes the carcass or any part of the carcass, including the pelt, of a fur animal;

“fur farm”

(d) “fur farm” means a location where fur animals are held for commercial purposes;

“licence”

(e) “licence” means a valid and subsisting licence issued pursuant to these regulations;

“named disease”

(f) “named disease” means:

(i) a reportable disease as defined in the *Animal Disease and Protection Regulations, Consolidated Regulations of Canada, 1978*, chapter 296, as amended from time to time; or

(ii) a disease designated by the minister and the minister responsible for the administration of *The Wildlife Act* pursuant to subsection 12(1);

“pelt”

(g) “pelt” means the skin or hide of a fur animal;

“person”

(h) “person” includes a partnership, an unincorporated association and a band within the meaning of the *Indian Act* (Canada);

“trade”

(i) “trade” means offer for sale, expose for sale, advertise for sale, sell, buy, barter, exchange, deal or solicit;

“veterinarian”

(j) “veterinarian” means a veterinarian;

(i) employed by Agriculture Canada;

(ii) as defined in the *Animal Disease and Protection Regulations, Consolidated Regulations of Canada, 1978*, chapter 296, as amended from time to time; or

(iii) authorized by the minister and the minister responsible for the administration of *The Wildlife Act* pursuant to subsection 12(3) to conduct examinations of fur animals suspected of being infected with a named disease;

“wildlife officer”

(k) “wildlife officer” means a wildlife officer as defined in *The Wildlife Act*.

#### LICENCES

Licence required

### 3 No person shall:

(a) establish or operate a fur farm; or

(b) trade fur animals or fur animal products;  
unless the person holds a licence.

**4** Every person wishing to obtain a licence shall: Application  
(a) submit an application to the minister in a form satisfactory to the minister;  
(b) provide the minister with any information that the minister considers necessary; and  
(c) submit with the application a fee of \$40.

**5** Where the minister: Issuance  
(a) receives an application and fee pursuant to section 4; and  
(b) is satisfied that the applicant has complied with the Act and these regulations;

the minister may issue a licence to the applicant on any terms or conditions the minister considers advisable.

**6(1)** Unless renewed pursuant to subsection (2), a licence expires on December 31 of the year of its issuance or renewal, as the case may be. Expiry and renewal

(2) Where the holder of a licence pays a fee of \$40, the minister may renew the licence.

**7(1)** The minister may suspend, for any period that the minister considers appropriate, or cancel a licence if the holder of the licence fails to comply with: Suspension or cancellation

- (a) the Act, these regulations or any other regulations made pursuant to the Act;
- (b) *The Animal Protection Act*; or
- (c) any term or condition of the licence.

(2) Subject to subsection (3), the minister shall not suspend or cancel a licence without giving the holder of the licence an opportunity to be heard.

(3) Where, in the opinion of the minister, it is in the public interest for the minister to immediately suspend or cancel a licence, the minister may immediately suspend or cancel the licence and, on the suspension or cancellation, shall give the holder of the licence:

- (a) written notice of the suspension or cancellation; and
- (b) an opportunity to be heard within 15 days of the date of the suspension or cancellation.

(4) The suspension or cancellation of a licence pursuant to this section is in addition to any other penalty that may be imposed under any Act or law.

REQUIREMENTS

Obtaining fur animals **8** No person shall obtain fur animals unless those fur animals are obtained from a person who has been issued a licence pursuant to section 5.

Escape from captivity **9(1)** Subject to subsection (2), no person who holds fur animals shall allow those fur animals to:

- (a) roam free;
- (b) escape from captivity; or
- (c) be released to the wild.

(2) Where a person who holds a fur animal wishes to release the fur animal into the wild and the fur animal, in the opinion of the minister responsible for the administration of *The Wildlife Act*:

- (a) does not present a threat of disease to domestic livestock or wildlife species native to Saskatchewan;
- (b) does not present a threat to wildlife species native to Saskatchewan through habitat competition; and
- (c) does not present a threat to human health or safety;

the minister responsible for the administration of *The Wildlife Act* may authorize a person to release that fur animal into the wild.

(3) Except in the circumstances described in subsection (2), every person whose fur animal escapes from captivity shall:

- (a) immediately make all reasonable efforts to restore the escaped fur animal to captivity; and
- (b) report the full details of the escape to a wildlife officer.

Import and export **10(1)** Every person who transports, ships or exports fur animal products out of Saskatchewan shall obtain an export licence pursuant to section 30 of *The Wildlife Act*.

(2) Every person who proposes to introduce a new species of wildlife to Saskatchewan for the purpose of fur farming shall file a development plan with the minister, in the form required by the minister, listing design specifications of the proposed holding facilities for the species to be introduced sufficient to prevent a threat:

- (a) of disease to domestic livestock or wildlife species native to Saskatchewan;
- (b) to wildlife species native to Saskatchewan through habitat competition; and
- (c) to human health or safety.

Report of dead and diseased animals **11(1)** Every person who imports a fur animal that dies within 30 days of its acquisition shall report that death to the

- (2) Every person who holds a fur animal that he or she:
- (a) knows or suspects is infected with a named disease; or
  - (b) knows or suspects has been in contact with an animal infected with a named disease;

shall immediately report that fact to the minister.

- (3) Every person who holds a fur animal that he or she suspects may have died from a named disease shall:
- (a) have the dead fur animal examined by a veterinarian; and
  - (b) report the findings of the examination to the minister.

**12(1)** The minister and the minister responsible for the administration of *The Wildlife Act* may designate a disease that presents a threat of epidemic in fur animals as a named disease. Named diseases

(2) Where a named disease is designated pursuant to subsection (1), the minister shall cause that named disease to be published, as soon as is reasonably possible, in the Gazette.

(3) The minister and the minister responsible for the administration of *The Wildlife Act* may authorize a veterinarian to conduct examinations of diseased fur animals pursuant to section 11.

**13** The minister and the minister responsible for the administration of *The Wildlife Act* may: Quarantine and destruction of diseased animals

- (a) order the fur farm where a named disease is found to have infected a fur animal to be quarantined until they are satisfied that the disease is under control; or
- (b) order any fur animal that they believe to be infected with a named disease to be destroyed.

**14** Every person who holds fur animals shall: Care and handling

- (a) provide adequate feed, water and shelter for the fur animals;
- (b) handle the fur animals in a humane manner;
- (c) transport fur animals only in a covered vehicle; and
- (d) destroy fur animals in as painless and humane a manner as possible.

**15(1)** Every person who holds a fur animal in an enclosure shall ensure that the enclosure: Enclosures

- (a) in the case of a coyote, is not less than:
  - (i) 120 centimetres in height;
  - (ii) 120 centimetres in width; and
  - (iii) 200 centimetres in length;

- (b) in the case of a fox, is not less than:
  - (i) for whelping pens in sheds:
    - (A) 1.1 square metres in area not including the nesting area;
    - (B) 0.76 metres in width; and
    - (C) 0.76 metres in height;
  - (ii) for outdoor whelping pens:
    - (A) 1.4 square metres in area not including the nesting area;
    - (B) 0.91 metres in width; and
    - (C) 0.76 metres in height;
  - (iii) for individual adult males or adult females without litters:
    - (A) 1.1 square metres in area not including the nesting area;
    - (B) 0.76 metres in width; and
    - (C) 0.76 metres in height;
  - (iv) for immature males or females housed individually:
    - (A) 0.84 square metres in area;
    - (B) 0.76 metres in width; and
    - (C) 0.76 metres in height;
  - (v) for immature males or females housed in groups of two or more:
    - (A) 0.74 square metres in area;
    - (B) 0.76 metres in width; and
    - (C) 0.76 metres in height;
- (c) in the case of a lynx, is not less than:
  - (i) 120 centimetres in height;
  - (ii) 120 centimetres in width; and
  - (iii) 240 centimetres in length; and
- (d) in the case of a mink, is not less than:
  - (i) for individual males 9 months old or more or females with litters:
    - (A) 2 100 square centimetres in area, including nesting area; and
    - (B) 32 centimetres in height; and
  - (ii) for all mink other than the minks described in sub-clause (i) housed individually:
    - (A) 1 200 square centimetres in area, including nesting area; and
    - (B) 32 centimetres in height.

(2) Every person who holds a fur animal that may be dangerous to the public shall ensure that the fur animal is held in an enclosure that:

- (a) prevents the fur animal's escape; and
- (b) provides for the safety and protection of the public.

**16** Every person who holds fur animals shall make those fur animals available for inspection by an inspector at all reasonable times. Inspection

**17(1)** Every person who operates a fur farm shall maintain a permanent written record accounting for all: Records

- (a) births, deaths, purchases and transfers of fur animals; and
- (b) purchases and transfers of pelts;

on that fur farm.

(2) Every person who is required to maintain a record pursuant to subsection (1) shall ensure that:

- (a) the record maintained covers a period equivalent to the taxation year which applies to that person;
- (b) the record is retained for one year after the expiration of the taxation year mentioned in clause (a); and
- (c) the record is available for inspection by an inspector at all reasonable times.

COMING INTO FORCE

**18** These regulations come into force on the day on which they are filed with the Registrar of Regulations. Coming into force

---

**CHAPTER E-10.2 REG 5**

*The Environmental Management and Protection Act*

Section 38

Order in Council 693/91, dated July 31, 1991.

(Filed July 31, 1991)

ORDER

The Honourable Lieutenant Governor in Council, on the recommendation of the Minister of Environment and Public Safety, pursuant to section 38 of *The Environmental Management and Protection Act*, makes *The Mineral Industry Environmental Protection Regulations* in accordance with the attached Schedule.

SCHEDULE

Title	<b>1</b> These regulations may be cited as <i>The Mineral Industry Environmental Protection Regulations</i> .
Interpretation	<b>2</b> In these regulations:
"Act"	(a) "Act" means <i>The Environmental Management and Protection Act</i> ;
"acutely lethal concentration"	(b) "acutely lethal concentration" means the concentration of a pollutant in water at which 50% or more of a test species dies during a 96-hour static acute lethality test conducted in accordance with the most recent edition of <i>Standard Methods For the Examination of Water and Wastewater</i> , published jointly by the American Public Health Association, the American Water Works Association and the Water Pollution Control Federation;
"alter"	(c) "alter" means to change a pollutant control facility in a manner that may affect its standard of environmental performance or environmental protection;
"decommission"	(d) "decommission" means to remove permanently from service a pollutant control facility and any area used in connection with the operation of the facility;
"deep well injection"	(e) "deep well injection" means disposal of liquid wastes into a subsurface geological horizon;
"exploration"	(f) "exploration" means the search by any physical or chemical means for minerals;
"metre-per cent"	(g) "metre-per cent" means the product obtained by multiplying the vertical thickness of a mineralized zone in metres by the average per cent concentration of uranium over the vertical thickness;
"mill"	(h) "mill" means a facility operated to crush, grind, leach, dissolve, roast, float, sift, shake, wash, aspirate or carry out any other process for the purpose of obtaining or concentrating a mineral and includes a smelter or a refinery;
"mine"	(i) "mine" includes: <ul style="list-style-type: none"> <li>(i) an opening or excavation in, or working of, the ground for the purpose of searching for, winning, opening up, proving or storing underground any mineral or mineral-bearing substance;</li> <li>(ii) wells for the purpose of formation testing, mining, waste disposal, deep well injection or dewatering related to the exploration for or the development or removal of a mineral; or</li> <li>(iii) all ways, works, engines, machinery, plant, buildings, furnaces, roast yards and premises below or above ground belonging to or used in connection with the operations carried out in or about the operation of mining or in or about a mine;</li> </ul>

(j) “mineral” means any non-living substance formed by the processes of nature that occurs on or under the surface of the ground, irrespective of its chemical or physical state, but does not include: “mineral”

- (i) petroleum;
- (ii) naturally-occurring surface water;
- (iii) agricultural soil; or
- (iv) sand and gravel that belongs to the owner of the surface of the land, other than the Crown, pursuant to *The Sand and Gravel Act*;

(k) “mining” includes: “mining”

- (i) a mode or method of working whereby the soil, earth or any mineral may be disturbed, removed, carted, carried, washed, sifted, leached, dissolved, roasted, smelted, refined, crushed, ground or dealt with by another similar process for the purpose of obtaining a mineral whether the mineral was previously disturbed or not;
- (ii) the boring or drilling for a mineral;
- (iii) the working of the ground for the purpose of underground storage of a mineral; or
- (iv) the drilling, installing or operating of wells for the purpose of formation testing, mining, waste disposal, deep well injection or dewatering related to the exploration for or the development or removal of a mineral;

(l) “pollutant control facility” means a facility or area for the treatment, handling or disposal of any pollutant arising from any mining operations or the development of or the exploration for any mineral and includes environmental protection components of: “pollutant control facility”

- (i) a mine or mill;
- (ii) a tailings management area;
- (iii) an ore storage facility;
- (iv) a waste rock disposal area;
- (v) a mine overburden or spoil disposal area;
- (vi) a waste treatment plant;
- (vii) a fuel storage facility;
- (viii) a chemical storage facility;
- (ix) a waste sump;
- (x) a site drainage control;
- (xi) a groundwater dewatering system;
- (xii) exploration equipment; and

(xiii) all associated machinery and equipment including pumps, pipes, conveyors, launders and ditches used in connection with facilities or areas mentioned in sub-clauses (i) to (xii);

“reclaim” (m) “reclaim” means to rehabilitate a site and areas affected by mining or exploration activities;

“stream bed” (n) “stream bed” means a clearly defined natural open channel that carries running water, either ephemeral or continuous, moving under the influence of gravity to lower levels.

Application of regulations **3** These regulations do not apply to:

- (a) any oil or gas exploration or production activity regulated pursuant to *The Oil and Gas Conservation Act*; or
- (b) exploration by any means other than drilling, trenching or hydraulic removal of overburden.

Exemption from section 17 of Act **4(1)** Clause 17(a) of the Act does not apply to any discharge, deposit, drainage or release from a pollutant control facility governed by these regulations.

(2) Clause 17(b) of the Act does not apply to any discharge, deposit or release from a pollutant control facility governed by these regulations.

(3) Clause 17(c) of the Act does not apply to the construction, installation, alteration, extension or operation of a pollutant control facility governed by these regulations.

Construction, etc. of facility **5** Except as permitted by section 14, no person shall cause or permit the construction, alteration or extension of any pollutant control facility unless the person first obtains approval to do so from the minister.

Application for approval to construct **6(1)** A person who desires to construct, alter or extend a pollutant control facility shall apply in writing to the minister for approval to do so.

(2) An application pursuant to subsection (1) is to include the following information and material or, if the information or material has been provided in an earlier submission to the minister, is to make reference to that information or material:

- (a) a statement of the nature of the wildlife, fisheries, air, water resources, soil and hydrogeology for the area of the facility;
- (b) site maps of the area of the facility showing topographical and drainage features of the area during construction, alteration or extension, and as they will be on completion of the work proposed;

- (c) a set of drawings and specifications of the construction, alteration or extension proposed;
- (d) a description of the proposed methods and procedures of the operation of the facility;
- (e) a list of pollutants that may be stored or used in the facility;
- (f) a schedule of the proposed construction, alteration or extension;
- (g) a contingency plan for:
  - (i) preventing; and
  - (ii) cleaning up any; spills of pollutants from the facility;
- (h) a description of the proposed:
  - (i) operating schedule; and
  - (ii) methods and procedures for monitoring the operation of the facility to detect pollutants that may be discharged into the environment; and
- (i) a conceptual plan and schedule for decommissioning the facility and reclaiming areas disturbed in the construction or operation of it.

**7** Except as permitted by section 14, no person shall operate a pollutant control facility for the purpose of causing or permitting the discharge, drainage, diversion, deep well injection, handling or on-site transportation of any substance that may be a pollutant, including:

- (a) groundwater; and
- (b) any substance that:
  - (i) is dealt with without processing; and
  - (ii) arises from any activity related to the exploration, mining, milling or development of any mineral resource;

unless the person first obtains approval from the minister authorizing the specific activities to be carried out.

**8(1)** A person who desires to operate a pollutant control facility mentioned in section 7 shall apply in writing to the minister for approval to do so. Application for approval to operate

(2) An application pursuant to subsection (1) is to include the following information and material:

- (a) the information and material set out in subsection 6(2), updated to reflect the operational phase of the facility; and
- (b) a proposed schedule setting out any planned discharge of pollutants to the environment, including the anticipated quantity and quality of those discharges.

(3) A person who desires to obtain a renewal of an approval to operate a pollutant control facility shall apply in writing to the minister, setting out any proposed changes in the operation or monitoring of the facility.

Temporary  
closure of  
facility

**9** Except as permitted by an approval pursuant to section 8, no person who is the owner or operator of a pollutant control facility shall cease to operate all or part of the facility for a period greater than 180 consecutive days without an approval issued pursuant to section 12 unless the person first obtains approval from the minister to do so.

Application  
for approval  
to  
temporarily  
close

**10(1)** A person who desires to temporarily cease operating all or part of a pollutant control facility for a period greater than 180 consecutive days shall apply in writing to the minister for approval to do so.

(2) An application pursuant to subsection (1) is to include the following information and material:

- (a) a statement of the reasons for the proposed closure of the facility;
- (b) a tentative date for the resumption of operations of the facility; and
- (c) a description of the proposed methods and procedures for preventing spills or releases of pollutants from the facility during the period of its closure.

Permanent  
closure of  
facility

**11** No person who is the owner or operator of a pollutant control facility shall permanently close all or part of the facility unless the person first obtains approval from the minister to decommission the facility and reclaim areas disturbed by the facility.

Application  
for approval  
to  
decommission  
and reclaim

**12(1)** A person who desires to permanently cease operating all or part of a pollutant control facility shall apply in writing to the minister for approval to do so.

(2) An application pursuant to subsection (1) is to include the following information and material:

- (a) site plans of the facility and of any areas used or disturbed in connection with the construction or operation of the facility;
- (b) a list of all pollutants and the quantities of them in the facility and the areas mentioned in clause (a);
- (c) a detailed proposal for decommissioning and reclaiming the facility and areas mentioned in clause (a) and the time within which it is to be done; and

(d) a description of the proposed methods, procedures and scheduling for monitoring the facility and areas mentioned in clause (a) for the purpose of detecting spills or releases of pollutants from the facility and areas during and after the decommissioning and reclaiming process.

**13(1)** A person who desires to be released from further requirements set out in an approval issued pursuant to section 12 shall apply in writing to the minister for a release.

Application for release from decommissioning and reclamation approval

(2) An application pursuant to subsection (1) is to include the following information and material:

- (a) a detailed analysis and evaluation of monitoring data and observations from the decommissioning and post-decommissioning monitoring program that demonstrates compliance with requirements set out in the approval; and
- (b) a list and assessment of remaining environmental liabilities.

**14(1)** No person shall conduct any exploration to which these regulations apply without approvals pursuant to sections 6 and 8 unless that person complies with the terms and conditions set out in subsections (2) to (5).

Conditions for exploration

(2) A person who intends to conduct an exploration program shall:

- (a) advise the minister of that intention prior to commencing exploration; and
- (b) provide the minister with:
  - (i) the inclusive dates during which the program is to be carried out;
  - (ii) the location of the proposed exploration; and
  - (iii) the anticipated scope of the program.

(3) A person who conducts an exploration program shall ensure that:

- (a) every flowing artesian drill hole is sealed on completion of the hole to prevent discharge to the environment;
- (b) every occurrence of a flowing artesian drill hole is reported to the minister within 30 days of its discovery, together with a report describing how the hole was sealed;
- (c) subject to subsection (4), drill mud, return water and cuttings from drilling are disposed of down a drill hole or on land in a manner that will prevent overflow to a stream or lake;
- (d) drill mud solids or cuttings:
  - (i) with a uranium content greater than 0.05%; and

- (ii) that are not otherwise retained;  
are disposed of down a drill hole;
- (e) the upper 30 metres of bedrock in a hole mentioned in clause (d) or the entire depth of the hole, whichever is less, is grouted;
- (f) the handling, storage and disposal of all pollutants associated with the exploration is done in a manner that prevents pollution of the environment;
- (g) on completion of the program, exploration sites are reclaimed so that:
  - (i) drill hole surface casings are removed or cut off at or below the surface of the ground;
  - (ii) all drill holes under lakes, streams or muskeg are sealed by grouting the upper 30 metres of bedrock or the entire depth of the hole, whichever is less;
  - (iii) all drill holes that encounter mineralization with a uranium content greater than 1.0%, over a length greater than one metre and with a metre-per cent concentration greater than 5.0, are sealed by grouting the hole over:
    - (A) the entire length of the mineralized zones; and
    - (B) not less than 10 metres above and below each mineralized zone; and
  - (iv) materials and equipment associated with the exploration program are removed from the exploration site.
- (4) In the case of a drill working on lake ice or stream ice, the person conducting the exploration program may dispose of drill mud, cuttings from drilling and return water at the drill site if:
  - (a) drilling additives are not used in concentrations that are acutely lethal concentrations for fish;
  - (b) drill cuttings do not have uranium concentrations greater than 0.05%; and
  - (c) any:
    - (i) drill mud;
    - (ii) cuttings from drilling; and
    - (iii) return water;that are not recycled are deposited on the ice surface.
- (5) No person who conducts an exploration program shall carry out drilling, trenching, hydraulic stripping of overburden or disposal of waste products from any of those operations on land that is within 30 metres of a lake bed or a stream bed.

Further  
information  
or material

**15** Where any information or material submitted with an application for an approval is, in the opinion of the minister:

- (a) insufficient; or
- (b) of such a nature that the minister is not able to evaluate the action or project for which the approval is requested;

the minister may require the applicant to submit further information or material with respect to that previously submitted.

**16** Subject to section 15, where the minister receives an application pursuant to these regulations for an approval, the minister shall, in a timely manner: Minister is to consider application for approval

- (a) issue the approval applied for;
- (b) issue the approval applied for subject to any terms and conditions pertaining to environmental management and protection that the minister considers appropriate; or
- (c) refuse to issue the approval applied for after giving the applicant:
  - (i) notice of the minister's intention to refuse the approval;
  - (ii) the reasons for the refusal; and
  - (iii) an opportunity to make representations with respect to the matter.

**17** Where a discharge to the environment of any liquid effluent is permitted by an approval pursuant to section 8, 10 or 12, the person to whom the approval is granted shall ensure that the concentration of any pollutants in the effluent does not exceed: Limitation respecting certain discharges

- (a) the concentrations set out in the Appendix to these regulations;
- (b) more stringent limits than those mentioned in clause (a), specified by the minister pursuant to clause 16(b) in a term or condition imposed on the approval; or
- (c) in the case of a pollutant that is not listed in the Appendix to these regulations, any limits that are specified by the minister.

**18** An approval issued by the minister pursuant to these regulations is not transferable to any other person. Approval not transferable

**19** The person to whom an approval is issued pursuant to these regulations and: Compliance with approval and terms and conditions

- (a) any officer, employee or agent of the person; or
- (b) any contractor with whom the person has an agreement, who is engaged in any activity to which the approval or any of its terms and conditions relates;

shall comply with the approval and the terms and conditions of it.

- Expiry of approval **20** An approval issued pursuant to these regulations expires on the day specified in the approval.
- Amendment or cancellation of approval **21** The minister may amend or cancel an approval issued to a person pursuant to these regulations where:
- (a) the person contravenes any term or condition to which the approval is subject;
  - (b) the person submits a written request to amend or cancel the approval; or
  - (c) the minister considers it appropriate to do so.
- R.R.S. c.D-14 Reg 2 repealed **22** *The Mineral Industry Pollution Prevention Regulations* are repealed.
- Transition **23** An approval issued pursuant to *The Mineral Industry Pollution Prevention Regulations* that is valid and subsisting on the day before the day on which these regulations come into force:
- (a) continues to be valid and subsisting until the expiry date specified in the approval unless it is sooner amended or cancelled pursuant to these regulations; and
  - (b) is deemed to be an approval issued pursuant to these regulations.
- Coming into force **24** These regulations come into force on the day on which they are filed with the Registrar of Regulations.

APPENDIX

[Section 17]

AUTHORIZED CONCENTRATION OF POLLUTANTS  
IN LIQUID EFFLUENT

<u>Pollutant</u>	<u>Maximum Monthly Arithmetic Mean Concentration</u>	<u>Maximum Grab Sample Concentration</u>
Total Arsenic	0.5 mg/L	1.0 mg/L
Total Copper	0.3 mg/L	0.6 mg/L
Total Lead	0.2 mg/L	0.4 mg/L
Total Nickel	0.5 mg/L	1.0 mg/L
Total Uranium	2.5 mg/L	5.0 mg/L
Total Zinc	0.5 mg/L	1.0 mg/L
Total Radium-226	0.37 Bq/L	1.11 Bq/L
Total Thorium-230	1.85 Bq/L	3.7 Bq/L
Total Lead-210	0.92 Bq/L	1.84 Bq/L
Total Cyanide	1.0 mg/L	2.0 mg/L
Un-ionized Ammonia*	0.5 mg/L	1.0 mg/L

The pH level of water discharged to the environment shall be between 6.0 and 9.5 in 75% of samples during any month, and the pH level of grab samples shall never be less than 5.0 or greater than 10.0.

\*Un-ionized ammonia is the portion of total ammonia nitrogen that is in the form NH<sub>3</sub>.

*The Financial Administration Act*  
Section 60

Order in Council 683/91, dated July 31, 1991.

(Filed July 31, 1991)

ORDER

The Honourable Lieutenant Governor in Council, on the recommendation of the Minister of Finance, pursuant to section 60 of *The Financial Administration Act*, makes *The Liquor Consumption Tax Reduction Regulations* in accordance with the attached Schedule.

SCHEDULE

**1** These regulations may be cited as *The Liquor Consumption Tax Reduction Regulations*. Title

**2(1)** Every person who is subject to the tax imposed by *The Liquor Consumption Tax Act* is exempted from liability to pay tax on any portion of the consideration payable for the purchase of liquor that is an amount of tax payable by the person pursuant to Part IX of the *Excise Tax Act* (Canada). G.S.T. excluded

**(2)** The exemption provided for in subsection (1) applies only to liability to pay tax arising with respect to a purchase of liquor on or after January 1, 1991.

**3(1)** Every person who is subject to the tax imposed by *The Liquor Consumption Tax Act* is exempted from liability to pay the amount of tax payable, as determined in accordance with *The Liquor Consumption Tax Act* and these regulations, which exceeds an amount equal to 7% of the value of the liquor purchased by that person. Rate reduction

**(2)** The exemption provided for in subsection (1) applies only to liability to pay tax arising with respect to a purchase of liquor on or after April 1, 1991.

**4** These regulations come into force on the day on which they are filed with the Registrar of Regulations. Coming into force

**CHAPTER F-19 REG 16**

*The Forest Act*  
Section 5  
and  
*The Provincial Lands Act*  
Section 89

Order in Council 691/91, dated July 31, 1991.

(Filed July 31, 1991)

ORDER

The Honourable Lieutenant Governor in Council, on the recommendation of the Minister of Parks and Renewable Resources, pursuant to section 5 of *The Forest Act* and section 89 of *The Provincial Lands Act*, makes *The Wild Rice Cultivation, Harvest and Market Regulations, 1991* in accordance with the attached Schedule.

SCHEDULE

- Title **1** These regulations may be cited as *The Wild Rice Cultivation, Harvest and Market Regulations, 1991*.
- Authorization **2** Subject to *The Wild Rice Regulations*, the employees of the Department of Parks and Renewable Resources listed in Table 1 are hereby authorized to cultivate, harvest and market wild rice on forest lands and provincial lands.
- Coming into force **3** These regulations come into force on the day on which they are filed with the Registrar of Regulations.

## CHAPTER P-31 REG 13

### *The Provincial Lands Act*

Sections 20 and 22

Order in Council 648/91, dated July 18, 1991.

(Filed July 19, 1991)

#### ORDER

The Honourable Lieutenant Governor in Council, on the recommendation of the Minister of Rural Development, pursuant to sections 20 and 22 of *The Provincial Lands Act*, makes *The Northern Village of Green Lake Land Regulations* in accordance with the attached Schedule.

#### SCHEDULE

1 These regulations may be cited as *The Northern Village of Green Lake Land Regulations*. <sup>Title</sup>

2(1) The Minister of Rural Development is authorized to sell, lease, transfer or assign, for \$1 and other valuable consideration, all provincial lands lying within the boundaries of the Northern Village of Green Lake as at the date these regulations come into force, other than: <sup>Disposition authorized</sup>

(a) any lands disposed of in accordance with *The Central Farm Land Regulations*; and

(b) any lands the minister considers necessary for Crown purposes;

to the Northern Village of Green Lake.

(2) Notwithstanding any regulations made pursuant to *The Provincial Lands Act*, no fees are payable to the department for processing a disposition made pursuant to this section.

3 These regulations come into force on the day on which they are filed with the Registrar of Regulations. <sup>Coming into force</sup>

**CHAPTER S-26 REG 6**

*The Saskatchewan Insurance Act*  
Section 467

Order in Council 685/91, dated July 31, 1991.

(Filed July 31, 1991)

ORDER

The Honourable Lieutenant Governor in Council, on the recommendation of the Minister of Justice, pursuant to section 467 of *The Saskatchewan Insurance Act*, makes *The Saskatchewan Insurance Exemption (Teachers' Federation) Regulations* in accordance with the attached Schedule.

SCHEDULE

- Title **1** These regulations may be cited as *The Saskatchewan Insurance Exemption (Teachers' Federation) Regulations*.
- Federation exempt from certain provisions **2** Sections 81 and 86 of *The Saskatchewan Insurance Act* do not apply to:  
(a) the Saskatchewan Teachers' Federation; or  
(b) an employee of the Saskatchewan Teachers' Federation while that employee is acting on behalf of the Saskatchewan Teachers' Federation;  
in connection with the investment of funds and the annual statements of the Saskatchewan Teachers' Federation Income Continuance Plan.
- Coming into force **3(1)** When the Saskatchewan Teachers' Federation Income Continuance Plan has filed bylaws satisfactory to the superintendent governing the investment of its funds and the preparation of its annual statements, the superintendent shall prepare and file a certified copy of a declaration with the Registrar of Regulations.  
**(2)** These regulations come into force on the day on which the certified copy of the declaration mentioned in subsection (1) is filed with the Registrar of Regulations.  
**(3)** The Registrar of Regulations shall cause the certified copy of the declaration to be published in the Gazette within 30 days after the date of its filing.

## SASKATCHEWAN REGULATIONS 63/91

### *The Corporation Capital Tax Act*

#### Section 58

Order in Council 684/91, dated July 31, 1991.

(Filed July 31, 1991)

#### ORDER

The Honourable Lieutenant Governor in Council, on the recommendation of the Minister of Finance, pursuant to section 58 of *The Corporation Capital Tax Act*, makes *The Corporation Capital Tax Amendment Regulations, 1991* in accordance with the attached Schedule.

#### SCHEDULE

**1** These regulations may be cited as *The Corporation Capital Tax Amendment Regulations, 1991*. Title

**2** Subclause 6(1)(a)(i) of *The Corporation Capital Tax Regulations, 1984* is repealed and the following substituted: R.R.S. c.C-38.1 Reg 1, section 6 amended  
“(i) interest income from any source”.

**3** These regulations come into force on the day on which they are filed with the Registrar of Regulations, but are retroactive and are deemed to have been in force on and from April 1, 1980. Coming into force

---

## SASKATCHEWAN REGULATIONS 64/91

### *The Residential Tenancies Act*

#### Section 82

Order in Council 686/91, dated July 31, 1991.

(Filed July 31, 1991)

#### ORDER

The Honourable Lieutenant Governor in Council, on the recommendation of the Minister of Justice, pursuant to section 82 of *The Residential Tenancies Act*, makes *The Residential Tenancies Amendment Regulations, 1991* in accordance with the attached Schedule.

SCHEDULE

- Title **1** These regulations may be cited as *The Residential Tenancies Amendment Regulations, 1991*.
- R.R.S. c.R-22  
Reg 2,  
section 10  
amended **2** Clause 10(b) of *The Residential Tenancies Regulations* is repealed and the following substituted:  
“(b) Saskatchewan Justice, Office of the Rentalsman, 8th Floor, 122-3rd Avenue N., Saskatoon, Saskatchewan, S7K 2H6”.
- Coming into  
force **3** These regulations come into force on the day on which they are filed with the Registrar of Regulations.
- 

SASKATCHEWAN REGULATIONS 65/91

*The Agricultural Credit Corporation of  
Saskatchewan Act*  
Section 26

Order in Council 688/91, dated July 31, 1991.

(Filed July 31, 1991)

ORDER

The Honourable Lieutenant Governor in Council, on the recommendation of the Minister responsible for Agricultural Credit Corporation of Saskatchewan, pursuant to section 26 of *The Agricultural Credit Corporation of Saskatchewan Act*, makes *The Agricultural Credit Corporation of Saskatchewan Amendment Regulations, 1991 (No. 2)* in accordance with the attached Schedule.

SCHEDULE

- Title **1** These regulations may be cited as *The Agricultural Credit Corporation of Saskatchewan Amendment Regulations, 1991 (No. 2)*.
- R.R.S.  
c.A.8.1  
Reg 2  
amended **2** *The Agricultural Credit Corporation of Saskatchewan Regulations, 1989* are amended in the manner set forth in these regulations.
- New  
section 2.1 **3** The following section is added after section 2:
- Power to  
waive  
interest **“2.1** Notwithstanding any other provision of these regulations, where:

(a) any loan or portion of a loan to a participant made by the corporation pursuant to these regulations or *The Agricultural Credit Corporation of Saskatchewan Regulations* has not been repaid on its due date or any interest on a loan has not been paid on its due date; and

(b) the corporation considers it just and appropriate to further the purposes of the Act and these regulations;

the corporation may waive all or any part of the interest due on the loan”.

**4 Section 35 is amended:**

Section 35  
amended

(a) by renumbering it as subsection 35(1); **and**

(b) by adding the following subsection after subsection (1):

“(2) Notwithstanding subsection (1), where, during the period commencing on August 1, 1991 and ending on January 31, 1992, the corporation considers it just and appropriate to further the purposes of this Part, the corporation may waive the interest payable on any loan pursuant to this Part or Part VI of *The Agricultural Credit Corporation of Saskatchewan Regulations* which exceeds an annual rate of 9.75%.

**5 Section 39 is amended:**

Section 39  
amended

(a) by renumbering it as subsection 39(1); **and**

(b) by adding the following subsection after subsection (1):

“(2) Notwithstanding subsection (1), where, during the period commencing on August 1, 1991 and ending on January 31, 1992, the corporation considers it just and appropriate to further the purposes of this Part, the corporation may waive the interest payable on any loan pursuant to this Part or Part VI.2 of *The Agricultural Credit Corporation of Saskatchewan Regulations* which exceeds an annual rate of 9.75%.

**6 The following subsection is added after subsection 43(3):**

Section 43  
amended

“(4) Notwithstanding subsection (3), where, during the period commencing on August 1, 1991 and ending on January 31, 1992, the corporation considers it just and appropriate to further the purposes of this Part, the corporation may waive the interest payable on any loan pursuant to this Part or Part VI.1 of *The Agricultural Credit Corporation of Saskatchewan Regulations* which exceeds an annual rate of 9.75%.

**7 The following subsection is added after subsection 49(2):**

Section 49  
amended

“(3) Notwithstanding subsection (2), where, during the period commencing on August 1, 1991 and ending on January 31, 1992, the corporation considers it just and appropriate to further the purposes of this Part, the corporation may waive the interest payable on any loan pursuant to this Part or Part VI.3 of *The Agricultural Credit Corporation of Saskatchewan Regulations* which exceeds an annual rate of 9.75%.”

Section 50.5  
amended

**8 Clause 50.5(3)(b) is repealed and the following substituted:**

“(b) notwithstanding clause 50.2(1)(f), the maximum interest rate to be charged by the corporation to the participant pursuant to the eligible loan is:

- (i) during the period commencing on August 1, 1991 and ending on January 31, 1992, if the corporation considers it just and appropriate to further the purposes of this Part, 10.75%; or
- (ii) in any circumstances other than that described in subclause (i), the corporation’s prime rate plus 2%”.

Coming into  
force

**9 These regulations come into force on the day on which they are filed with the Registrar of Regulations.**

---

**SASKATCHEWAN REGULATIONS 69/91**

*The Local Government Election Act*  
Section 160

Order in Council 694/91, dated July 31, 1991.

(Filed July 31, 1991)

ORDER

The Honourable Lieutenant Governor in Council, on the recommendation of the Minister of Community Services, pursuant to section 160 of *The Local Government Election Act*, makes *The Local Government Election Amendment Regulations, 1991* in accordance with the attached Schedule.

SCHEDULE

Title

**1 These regulations may be cited as *The Local Government Election Amendment Regulations, 1991*.**
