

Factsheet

2017 Saskatchewan Census Division Crop Production

Area, yield, and production information is available by Census Division for the following crops: winter wheat, spring wheat, durum, all wheat, oats, barley, all rye, flaxseed, canola, peas, chickpeas, lentils, mustard, and canary seed. Also available is summerfallow area by Census Division as well as total seeded area and total production by Census Division.

As of the 2016 Census of Agriculture, Statistics Canada is calculating small area based on Census Divisions. Historical information is available by Crop District. All information is available at the Statistics Canada website. CANSIM table 001-0071.
