

Saskatchewan Post-Secondary Transfer Credit Inventory

Transfer credit refers to the process of granting post-secondary credit to a student for educational experiences or courses undertaken at another institution.

The Transfer Credit Inventory listed is strictly an inventory of Saskatchewan Transfer Credit Agreements only, organized by sending institution. Course by course transfer credit can be accessed on web pages of the institutions. Some post-secondary institutions allow students to transfer credits for academic work completed at another institution. Each institution has their own policies for transferring credits including what the institution accepts as course equivalencies.

Transfer Credit Sending Institution	Credential Received	Receiving Institution	Receiving Institution Transfer Credit Program	Transfer Credit Granted	Agreement Type	Effective Term of Agreement
