**Registration for a HAL ID number is a one-time requirement.** Customers who already have a HAL account do not need to create another HAL account. You may use your HAL number or any identification you added to your account previously to purchase any hunting, angling or trapping licence. If you do not remember your HAL number, or what identification you have on your account, you can call 1-855-848-4773 (8 a.m. to 9 p.m.). Further identification can be added to your account at any time.

If you have not had an account created in the new automated Hunting, Angling and Trapping Licence (HAL) system, there are three ways it can be obtained:

- ❖ Online at your convenience through your HAL web account, available at [environment.gov.sk.ca/licences](http://environment.gov.sk.ca/licences)
- ❖ At a private licence issuer, Ministry of Environment or select provincial park office; or
- ❖ By phone at 1-855-848-4773 (8 a.m. to 9 p.m.)

To set up an account you will be required to provide the following information:

- ❖ residency status

- ❖ name (Saskatchewan residents must provide their name exactly as it appears on their Saskatchewan Health Services Card)
- ❖ date of birth
- ❖ gender
- ❖ eye and hair colour
- ❖ height
- ❖ mailing address
- ❖ physical (home) address
- ❖ contact (home, business or mobile phone number)

To create an account you must also provide at least one identification number such as a driver's licence number, RCMP, Canadian Armed Forces, Canadian Firearms licence or passport number. Members of the RCMP or Canadian Armed Forces who qualify for Saskatchewan resident hunting and angling privileges must provide their RCMP or Canadian Armed Forces number to access Saskatchewan resident licences. The identification provides an alternate way to access your account by referring to a piece of identification normally carried. This means you do not have to memorize your HAL number or carry a separate ID card.

To access your HAL account online you will need to provide an email address and set a password which must be entered each subsequent time you sign in. Confirmation emails will be sent to your email when you purchase a licence or apply for the big game draw. If you forget your password, a new password will be sent to you by email.

If you would like to obtain your HAL number online please see the instructions on the following pages. Once your HAL web account is created you can purchase hunting, angling and trapping licences, review and reprint your purchased licences and apply for the big game draw (if eligible).

## **Create an account through the website (I do not have a HAL number)**

If you have not previously purchased a licence or applied for the big game draw through the online Hunting, Angling and Trapping Licence (HAL) system (introduced in April, 2013), you will need to create an account and get a HAL number.

**Step 1** – Visit the Ministry of Environment website at [environment.gov.sk.ca/licences](http://environment.gov.sk.ca/licences) to access important licensing information. Click on the following links to access the HAL website. You can access HAL through both the Hunting and Angling Licence pages.

Underneath is a breadcrumb trail: 'Home > Residents and Visitors > Parks, Recreation, Heritage, and Arts > Hunting, Trapping and Angling'. The main heading is 'Hunting, Trapping and Angling'. Below the heading is a video player showing a girl and a boy fishing by a lake. At the bottom are two content cards. The 'Hunting' card (dark green) contains the text: 'Purchase a licence, apply for the draws, apply for a permit or get a summary of regulations by downloading the Hunters' and Trappers' Guide. Get information on this year's hunter survey.' and a 'Learn more >' button. The 'Angling' card (light green) contains the text: 'Purchase a licence, download the Anglers' Guide, apply for a permit and get information on fish populations and management.' and a 'Learn more >' button. Red arrows point from the text in both cards to their respective 'Learn more' buttons.

## How to purchase a licence

**Step 1** – Now that you have your web account created, you can purchase hunting, angling and trapping licences. If you are a hunter wishing to apply for the big game draw, you will also use your HAL web account to submit applications, review your pool status, review and update submitted applications, look up draw results and purchase your draw licence(s). To purchase a licence, select “Purchase a Licence” from the menu options at the top of the screen. Make sure you have a valid Visa or MasterCard as it will be required to complete the purchase. You also need a printer to print your licences.

**Step 2** – Select your residency type from the options on the screen and click “Proceed” to continue.

## Select Residency

Review the residency type definitions and select the correct option below.

**Saskatchewan Resident:** My permanent residence has been in Saskatchewan for the last three months, I have a valid Saskatchewan Health Services Card, and I am a Canadian citizen or have resided in Canada for the last twelve months.

**Saskatchewan Resident - CAF:** I am a member of the regular force of the Canadian Armed Forces and am either currently stationed and residing in Saskatchewan, or I was a Canadian resident residing in Saskatchewan for at least three months at the time I was recruited or deployed by a regular force of the Canadian Armed Forces.

**Canadian Resident (Non-Saskatchewan):** My principal residence is in Canada and I am either a Canadian citizen or I have resided in Canada for the last twelve months.

**Non-Resident (of Canada):** I am not a Canadian citizen and I do not reside in Canada, or I have lived in Canada for less than twelve months; or, I am a Canadian citizen but my primary residence is not in Canada.

By clicking **Proceed** I declare that I meet the residency requirements for the residency type I have selected.

- Saskatchewan Resident - CAF #
- Canadian Resident

**Step 3** – Based on your residency type, account information and previous purchases, a list of available licences for you to purchase will be displayed. Select the licence you wish to purchase by clicking the green “purchase” box. If you wish to purchase more than one licence you will be able to add additional licences to the shopping cart later. Always refer to the Anglers’ Guide or Hunters’ and Trappers’ Guide to make sure you are purchasing the correct licence.

**\*Note** – you cannot purchase licences for another individual through your account.

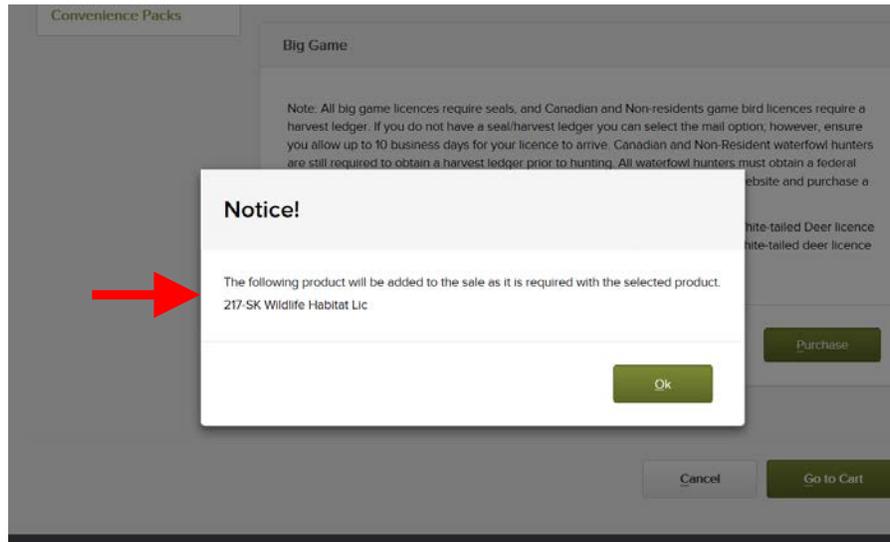

Choose the licence category on the left side and the type of licence you want on the right side.

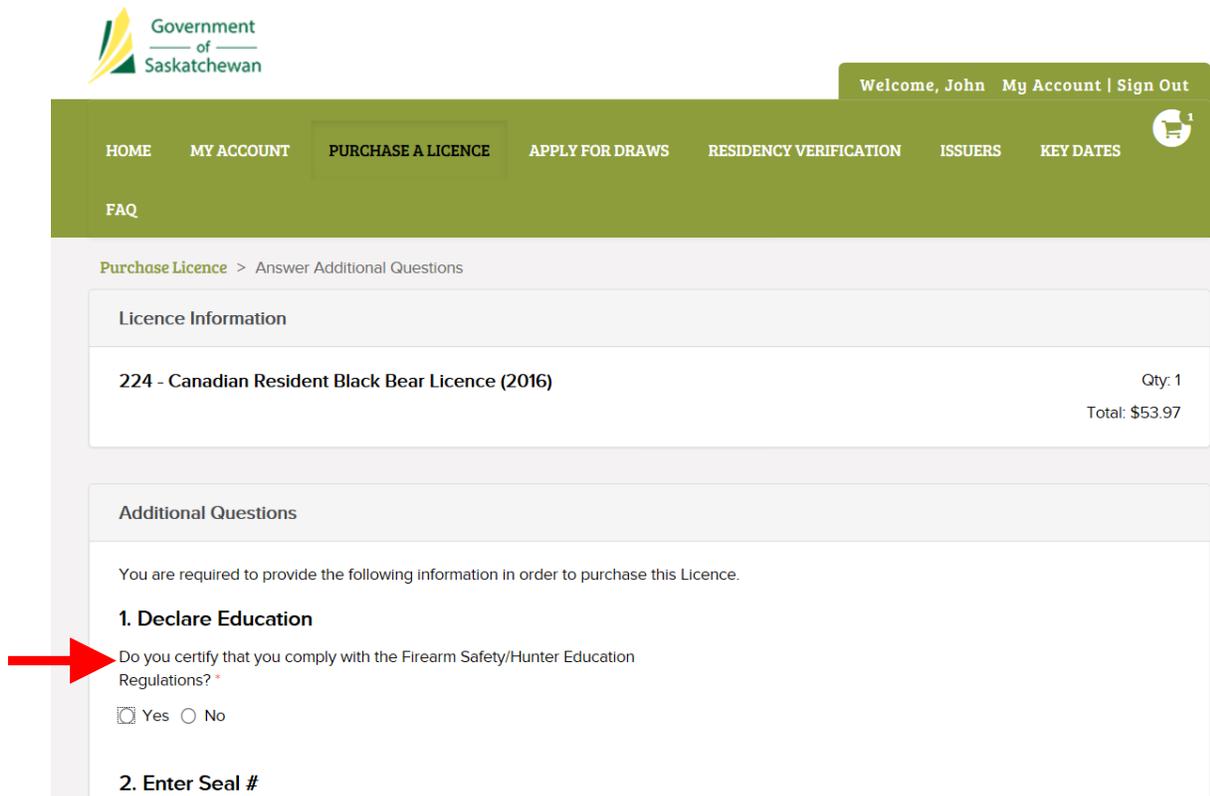

**Step 4** – Details about the licence may be available by moving your cursor over the license name. Please make sure you read the information to make sure you are purchasing the correct licence.

**Step 5** - If another licence is required in order to purchase the licence you are adding to your shopping cart, the system may inform you that the required licence is being added to your shopping cart. For example, if you are purchasing a hunting or trapping licence and have not yet purchased a wildlife habitat certificate, the system will automatically add the wildlife habitat certificate. However, the system cannot predict all licences that you require; all hunters, anglers and trappers are responsible for ensuring they are purchasing the correct licence(s).

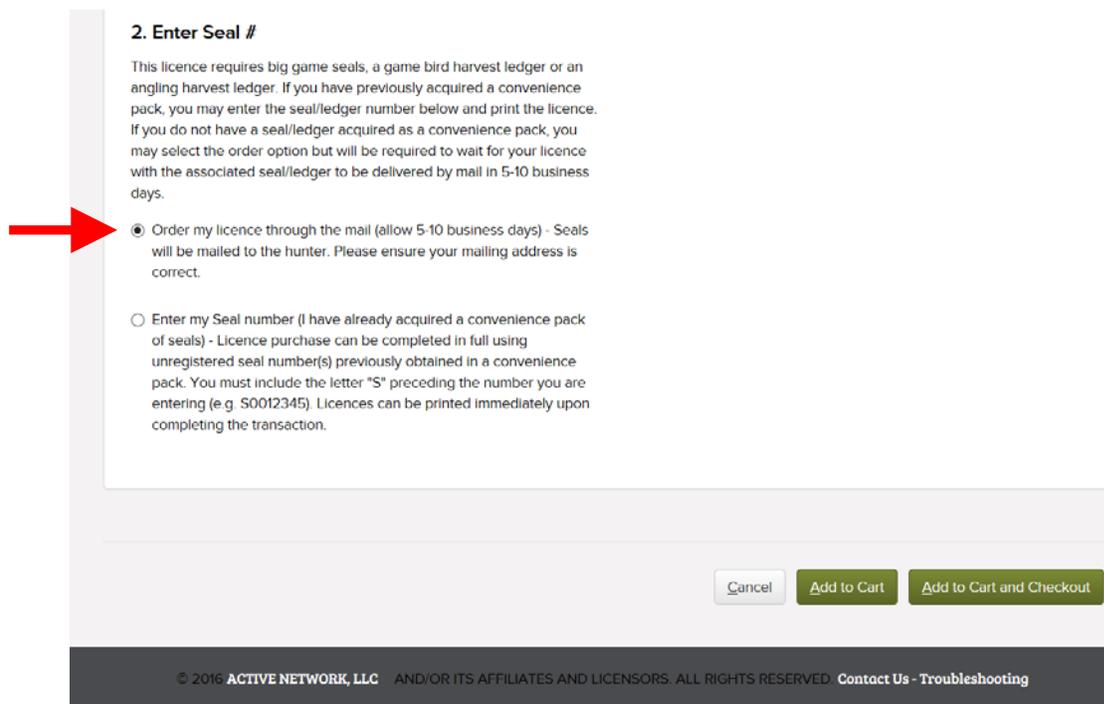

**Step 6** – Depending on the licence(s) you have added, you may need to attest to specific requirements for purchasing the licence(s). For example, if you are purchasing your first hunting or trapping licence through HAL and you were born in 1971 or later, you will be asked to attest that you comply with Firearm Safety/Hunter Education Regulations.

A screenshot of the HAL website's "Purchase Licence" page. The page header includes the Government of Saskatchewan logo and navigation links: HOME, MY ACCOUNT, PURCHASE A LICENCE, APPLY FOR DRAWS, RESIDENCY VERIFICATION, ISSUERS, KEY DATES, and a shopping cart icon. The main content area shows a "Licence Information" section with a table listing a "224 - Canadian Resident Black Bear Licence (2016)" with a quantity of 1 and a total price of \$53.97. Below this is an "Additional Questions" section. A red arrow points to the first question: "Do you certify that you comply with the Firearm Safety/Hunter Education Regulations?". The question has two radio button options: "Yes" (selected) and "No". Below the question is a section titled "2. Enter Seal #".

**Step 7** – If you are purchasing licences that do not require seals (tags) or harvest ledgers, you will proceed to the shopping cart. However, if you are purchasing a licence that does require seals or a harvest ledger, you will have to either select the order option in which case the licence will be mailed to you, or enter your seal or harvest number.

All big game licences require seals. Hunting licences that require a harvest ledger include the non-resident and Canadian game bird licences. The harvest ledger is still required if hunting waterfowl but is only used to record harvest of Gray Partridge and Sharp-tailed Grouse.

If you do not have a set of seals or harvest ledger, you can select the order option but will be required to wait up to 10 business days for your licence to be mailed to you.

**2. Enter Seal #**

This licence requires big game seals, a game bird harvest ledger or an angling harvest ledger. If you have previously acquired a convenience pack, you may enter the seal/ledger number below and print the licence. If you do not have a seal/ledger acquired as a convenience pack, you may select the order option but will be required to wait for your licence with the associated seal/ledger to be delivered by mail in 5-10 business days.

Order my licence through the mail (allow 5-10 business days) - Seals will be mailed to the hunter. Please ensure your mailing address is correct.

Enter my Seal number (I have already acquired a convenience pack of seals) - Licence purchase can be completed in full using unregistered seal number(s) previously obtained in a convenience pack. **Step 11** – If you purchased a licence requiring a seal or harvest ledger, make sure you have properly filled them out. You must carry your seals/harvest ledger with you while hunting or angling (if on Lac la Ronge). You must also be able to produce your licence upon request by a conservation officer. Angling licences must be signed and dated and therefore must be printed. Hunting and trapping licences do not need to be signed with the exception of youth hunters ages 12-15 who must have a printed licence with a parent/guardian signature. For all other hunting and trapping licences, a digital copy of the licence on a mobile device can be provided to a conservation officer. However, if you have any concerns of battery life or inspection of the licence on your mobile device by a conservation officer, it is recommended that you print a copy of your licence(s) and carry it with you.

## Saskatchewan Residency Verification

Use this service to confirm that Saskatchewan resident licences and big game draw applications will be available to purchase.

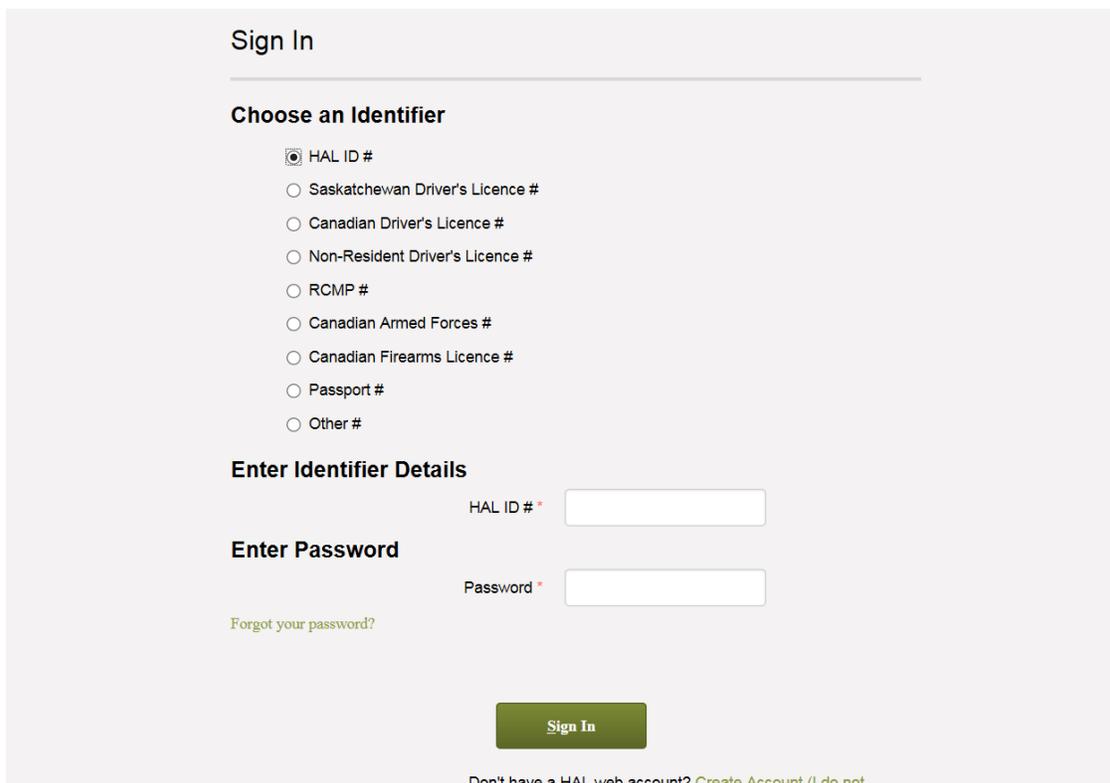

To ensure licence purchases and draw applications can be completed, all Saskatchewan residents can use this tool to verify valid Saskatchewan residency. Please ensure your name is exactly as it appears on your Saskatchewan Health Services Card (SHSC) and that your date of birth is entered correctly. You can update your account information by going to the 'My Account' section and clicking on 'Update Profile'. When ready to proceed, click the "Confirm Residency" button below.

Once you have successfully verified your residency, this process will not have to be repeated unless changes to your personal information are made. Please note that if Saskatchewan residency cannot be verified, you will not be able to purchase Saskatchewan resident licence privileges or apply for the big game draw.
