Registration for a HAL ID number is a one-time requirement. Customers who already have a Hunting, Angling and Trapping Licence (HAL) account do not need to create another HAL account. If your information changes, such as address or contact information, it can be updated on your account at any time. You can use your HAL number or any identification you added to your account previously to purchase any hunting, angling or trapping licence. If you do not remember your HAL number, or what identification you have on your account, you can call 1-855-848-4773 (8 a.m. to 9 p.m.). Further identification can be added to your account at any time.

If you have not had an account created in the new automated HAL system, there are three ways you can create an account:

- ❖ Online at your convenience through your HAL web account, available at Saskatchewanhal.ca;
- ❖ At a private licence issuer, Ministry of Environment field offices or select provincial park office; or
- ❖ By phone at 1-855-848-4773 (8 a.m. to 9 p.m.).

To set up an account you will be required to provide the following information:

- ❖ residency status;

Step-by-Step Guide to Creating a Hunting, Angling and Trapping Licence (HAL) Account and Purchasing a Licence

- ❖ name (Saskatchewan residents must provide their name exactly as it appears on their Saskatchewan Health Services Card);
- ❖ date of birth;
- ❖ gender;
- ❖ eye and hair colour;
- ❖ height;
- ❖ mailing address;
- ❖ physical (home) address; and
- ❖ contact (home, business or mobile phone number).

To create an account, you must also provide at least one identification number such as a driver's licence number; RCMP, Canadian Armed Forces, Canadian Firearms licence; or passport number. Members of the Canadian Armed Forces who qualify for Saskatchewan resident hunting and angling privileges must provide their Canadian Armed Forces number to access Saskatchewan resident licences. The identification provides an alternate way to access your account by referring to a piece of identification normally carried. This means you do not have to memorize your HAL number or carry a separate ID card.

To access your HAL account online you will need to provide an email address and set a password which must be entered each subsequent time you sign in. Confirmation emails will be sent to your email when you purchase a licence or apply for the big game draw. If you forget your password, a new password can be sent to you by email.

If you would like to obtain your HAL number online, please see the instructions on the following pages. Once your HAL web account is created you can purchase hunting, angling and trapping licences, review and reprint your purchased licences and apply for the big game draw (if eligible).

How to create an account through the website (I do not have a HAL number)

If you have not previously purchased a licence or applied for the big game draw through the online HAL system (introduced in April, 2013), you will need to create an account and get a HAL number.

Step 1 – Visit the Ministry of Environment website at saskatchewan.ca to access important licensing information. Click on the following links to access the HAL website. You can access HAL through both the hunting and angling licence pages.

Step-by-Step Guide to Creating a Hunting, Angling and Trapping Licence (HAL) Account and Purchasing a Licence

How to purchase a licence

Step 1 – Now that you have your web account created, you can purchase hunting, angling and trapping licences. If you are a hunter wishing to apply for the big game draw, you will use your HAL web account to submit applications, review your pool status, review and update submitted applications, look up draw results and purchase your draw licence(s). To purchase a licence, select “Purchase a Licence” from the menu options at the top of the screen. Make sure you have a valid Visa or MasterCard as it will be required to complete the purchase. You also need a printer to print your licences.

Step 2 – Select your residency type from the options on the screen and click “Proceed” to continue.

A screenshot of the "Select Residency" form. The title "Select Residency" is at the top. Below it is a instruction: "Review the residency type definitions and select the correct option below." There are four residency options, each with a description: "Saskatchewan Resident", "Saskatchewan Resident - CAF", "Canadian Resident (Non-Saskatchewan)", and "Non-Resident (of Canada)". The "Saskatchewan Resident" option is selected with a radio button. A red arrow points to this option. At the bottom right of the form are two buttons: "Cancel" and "Proceed". A red arrow points to the "Proceed" button.

Step-by-Step Guide to Creating a Hunting, Angling and Trapping Licence (HAL) Account and Purchasing a Licence

Step 3 – Based on your residency type, account information and previous purchases, a list of available licences for you to purchase will be displayed. Select the licence you wish to purchase by clicking the green “Purchase” box. If you wish to purchase more than one licence you will be able to add additional licences to the shopping cart later. Always refer to the Anglers Guide or Hunters and Trappers Guide to make sure you are purchasing the correct licence.

Note: you cannot purchase licences for another individual through your account.

Choose the licence category on the left side and the type of licence you want on the right side. Details about the licence may be available underneath the licence name. Please make sure you read the information to make sure you are purchasing the correct licence.

Step 4 - If another licence is required in order to purchase the licence you are adding to your shopping cart, the system may inform you that the required licence is being added to your shopping cart. For example, if you are purchasing a hunting or trapping licence and have not yet purchased a wildlife habitat certificate, the system will automatically add the wildlife habitat certificate. However, the system cannot predict all licences that you require; hunters, anglers and trappers are responsible for ensuring they are purchasing the correct licence(s).

Step 5 – Depending on the licence(s) you have added, you may need to attest to specific requirements for purchasing the licence(s). For example, if you are purchasing your first hunting or trapping licence through HAL and you were born in 1971 or later, you will be asked to attest that you comply with Firearm Safety/Hunter Education Regulations.

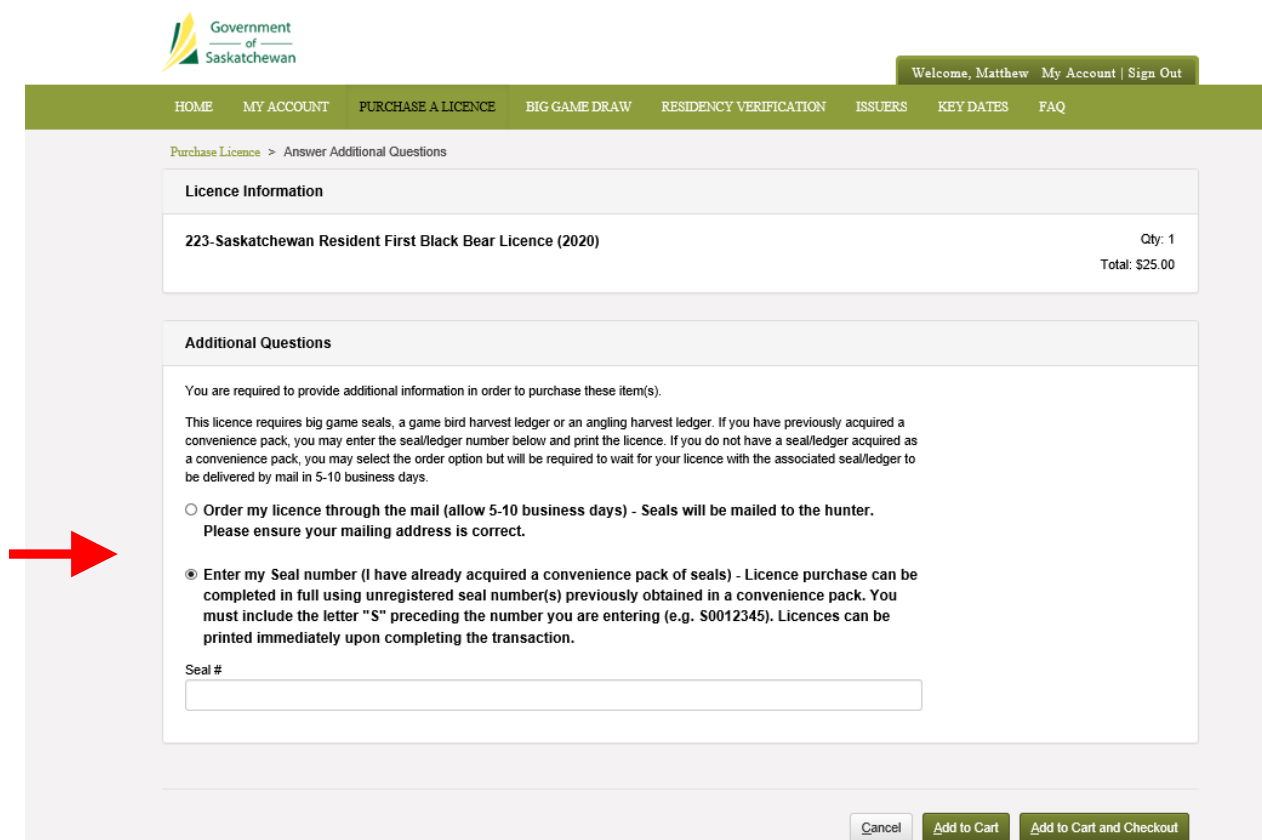

A screenshot of a web application interface for purchasing a licence. The page title is "Purchase Licence > Answer Additional Questions". Under the "Licence Information" section, there is a table with one row: "224 - Canadian Resident Black Bear Licence (2016)" with a quantity of "Qty: 1" and a total of "Total: \$53.97". Below this is the "Additional Questions" section. It contains a statement: "You are required to provide the following information in order to purchase this Licence." followed by two numbered questions. Question 1 is "1. Declare Education" and asks "Do you certify that you comply with the Firearm Safety/Hunter Education Regulations? *". It has two radio buttons: "Yes" (which is selected) and "No". A red arrow points to the "Yes" radio button. Question 2 is "2. Enter Seal #".

Step-by-Step Guide to Creating a Hunting, Angling and Trapping Licence (HAL) Account and Purchasing a Licence

Step 6 – If you are purchasing licences that do not require seals (tags) or harvest ledgers, you will proceed to the shopping cart. However, if you are purchasing a licence that does require seals or a harvest ledger, you will need to either select the order option in which case the licence will be mailed to you, or enter your big game seal or harvest ledger number.

All big game licences require seals. Hunting licences that require a harvest ledger include the non-resident and Canadian game bird licences. The harvest ledger is still required if hunting waterfowl but is only used to record harvest of Gray Partridge and Sharp-tailed Grouse.

If you do not have a set of seals or harvest ledger, you can select the order option but will be required to wait up to 10 business days for your licence to be mailed to you.

The screenshot shows the Government of Saskatchewan website. The top navigation bar includes links for HOME, MY ACCOUNT, PURCHASE A LICENCE, BIG GAME DRAW, RESIDENCY VERIFICATION, ISSUERS, KEY DATES, and FAQ. The user is logged in as Matthew. The main content area is titled 'Purchase Licence > Answer Additional Questions'. It shows a licence selection for '223-Saskatchewan Resident First Black Bear Licence (2020)' with a quantity of 1 and a total of \$25.00. Below this, the 'Additional Questions' section contains instructions and two radio button options. A red arrow points to the second option, 'Enter my Seal number (I have already acquired a convenience pack of seals)'. Below the options is a text input field labeled 'Seal #'. At the bottom right, there are buttons for 'Cancel', 'Add to Cart', and 'Add to Cart and Checkout'.

Step-by-Step Guide to Creating a Hunting, Angling and Trapping Licence (HAL) Account and Purchasing a Licence

Step 10 – If you purchased a licence requiring a seal or harvest ledger, make sure you have properly filled them out. You must carry your seals/harvest ledger with you while hunting. You must also be able to produce your licence upon request by an officer. Licences do not need to be signed with the exception of youth hunters, ages 12-15, who must have a printed licence with a parent/guardian signature. For all other licences, a digital copy of the licence on a mobile device can be provided to an officer. However, if you have any concerns of battery life or inspection of the licence on your mobile device by an officer, it is recommended that you print a copy of your licence(s) and carry it with you.

Step-by-Step Guide to Creating a Hunting, Angling and Trapping Licence (HAL) Account and Purchasing a Licence

Complete a hunter harvest survey

Each year, the Ministry of Environment surveys hunters to estimate hunter effort and success. The survey provides valuable data that are used to inform decisions regarding quotas, season dates, bag limits, etc. If you purchase a licence type which is being surveyed, you will have a questionnaire to complete through your web account. The surveys are designed to be quick and easy to complete. Please take note of the survey deadline date. Hunter harvest surveys are now mandatory.

The screenshot shows the 'My Account' page of the Saskatchewan Government website. The 'Hunter Harvest Surveys' section is active, displaying a 'Pending' tab and a 'Completed' tab. A survey entry is shown for 'Seal # 50202983' with the licence 'Saskatchewan Resident Black Bear Licence' and a deadline of 'Sat Dec 31 2016 11:59 PM'. A 'Report Harvest' button is visible.

The screenshot shows the 'My Account' page of the Saskatchewan Government website. The 'Hunter Harvest Surveys' section is active, displaying a 'Pending' tab and a 'Completed' tab. A message is shown: 'There are no completed hunter harvest surveys. Select a different time period above or click the Pending option at the top to view pending hunter harvest surveys.'
