

Approved Safe Food Handling Courses in Saskatchewan

In Saskatchewan, *The Food Safety Regulations* subsection 26(1) requires food safety training to be received from an approved safe food-handling course.

The Saskatchewan Health Authority (SHA) and private business operators deliver approved safe food handling courses. Information on upcoming SHA provided courses can be obtained by contacting your local SHA office at <https://www.saskatchewan.ca/residents/health/public-health/public-health-inspectors>
