

Crystal meth addiction  
can look like this:

But recovery can  
look like this:

# Support Is Available

Crystal meth is extremely addictive and dangerous. It can cause permanent physical and mental damage. It can even be fatal.

**Don't let that happen. Recovery is possible.  
There is hope.**

For information about services for people who use crystal meth and their families, call Healthline 811 or visit [saskatchewan.ca/addictions](https://saskatchewan.ca/addictions)

**Saskatchewan!**
