

Agricultural Demonstration Practices and Technologies (ADOPT)

Funding for these ADOPT projects was approved by the Minister on February 20, 2019.

Carrot River Valley Watershed Association	\$3,700
Demonstration of herbicide applicators for increased herbicide use efficiency and reduced herbicide use	\$3,700
Conservation Learning Centre Inc.	\$25,250
Demonstration of methods to control flea beetles in a non-neonic environment	\$9,080
Do pea types differ in suitability for intercropping with canola	\$7,630
Improving nitrogen use efficiency in carrots	\$8,540
District No. 26 ADD Board	\$16,000
Demonstrating the effect of fall seeding date on forage crop establishment	\$16,000
East Central Research Foundation	\$15,435
Can winter wheat provide grazing and grain	\$6,300
Dry bean inoculation and fertilizer strategies for solid seeded production	\$9,135
Indian Head Agricultural Research Foundation	\$23,966
A field-scale assessment of fungicide application practices for FHB management in spring wheat	\$5,231
Dry bean inoculation and fertilizer strategies for solid seeded production	\$9,135
Input contributions to spring wheat yield, quality and profits	\$9,600
Irrigation Crop Diversification Corporation (ICDC)	\$9,975
Dry bean inoculation and fertilizer strategies for solid seeded production	\$9,975
Northeast Agriculture Research Foundation	\$18,745
CWRS varietal response to manipulator	\$9,385
Oat varietal response to seeding rate and nitrogen products and rates to reduce lodging and hasten maturity	\$9,360
Northern Outback Pasture	\$17,680
Using increased stock density to improve pasture utilization and incorporate legume seed into depleted pasture	\$17,680
Prairie Swine Centre	\$10,012
Using infrared technology to identify compromised pigs: potential for reducing antibiotic use and death losses in farrowing and nursery	\$10,012
Saskatchewan Barley Development Commission	\$35,460
Malt versus feed barley management	\$35,460

Saskatchewan Beekeepers Development Commission	\$14,172
Demonstrating varroa mite sampling plans for commercial beekeepers	\$14,172
Saskatchewan Cervid Alliance	\$100,000
DVM producer training for collecting Rectoanal Mucosa-Associated Lymphoid Tissue (RAMALT) and provide validation data for SK CWD control of farmed cervids	\$100,000
Saskatchewan Forage Council	\$39,870
Corn varieties for silage demonstration	\$9,870
Evaluation of alfalfa and grass species in binary and triple mixtures on performance under soil salinity conditions	\$30,000
Saskatchewan Fruit Growers Association	\$14,706
Apogee (Prohexadione calcium) application to strawberry and sour cherry	\$7,353
Top-growth removal and burning of raspberry, Saskatoon berry, and dwarf sour cherry as an orchard management technique	\$7,353
Saskatchewan Mustard Development Commission	\$44,000
Optimum nitrogen fertilizer rates for hybrid brown mustard	\$20,000
Optimum seed rate for new hybrid brown mustard compared to standard recommendations of other varieties	\$24,000
Saskatchewan Oat Development Commission	\$52,620
Maintaining acceptable test weights for milling oats	\$26,420
Oat pea intercrop demonstration	\$26,200
Saskatchewan Pulse Growers	\$40,000
Production management strategies to improve field pea root health in aphanomyces contaminated soils	\$40,000
Saskatchewan Sunflower Committee	\$18,500
Demonstrating and compare the appropriate plant density of a new early season sunflower hybrid, (Honeycomb NS) and new full season hybrid 8H270	\$18,500
Saskatchewan Vegetable Growers Association	\$26,922
Demonstration of beet cultivars suitable for Saskatchewan markets	\$16,947
Demonstration of crops with opportunities	\$9,975
South East Research Farm	\$25,615
Demonstration of methods to control flea beetles in a non-neonic environment	\$9,080
Do pea types differ in suitability for intercropping with canola	\$7,400
Dry bean inoculation and fertilizer strategies for solid seeded production	\$9,135
Western Applied Research Corporation	\$19,135
Dry bean inoculation and fertilizer strategies for solid seeded production	\$9,135
Peola vs mono-crop seeding rates	\$10,000
Grand Total	\$571,763
