

Alcohol/Cannabis Ban

May 16 - 20, 2019

May Long Weekend

Due to concerns about disturbances and vandalism from intoxication in the parks during the May long weekend, the Ministry of Parks, Culture and Sport has implemented an alcohol/recreational cannabis ban. This ban affects all campgrounds and picnic areas within Saskatchewan provincial parks and recreation sites.

Cottages, rental cabins and any business facilities serving liquor in licensed establishments in parks are not affected by the ban.

Enforcement officers will be patrolling the campgrounds regularly during the May long weekend. If you are violating the ban, you will have your alcohol/recreational cannabis seized and you could also face charges and eviction from the park.

To report a violation, please phone the 24-hour, toll-free number:
