

Application for a Segment Data Amendment

Energy Regulation Division
1945 Hamilton Street
Regina, SK S4P 2C7

General Information

Pg. 1 of 2

BA ID * _____ Industry Application Ref # _____

Licence # * _____ Segment ID * _____

Are you applying to* _____

Is the purpose of this Segment Data Amendment to fulfill an obligation?* _____

Obligation # _____

Spatial Segment Data

If you did not submit shapefiles for segments licenced prior to July 15, 2019 during the bulk uploading period (prior to June 21, 2019), you will have to submit an individual shapefile for segments through a Segment Data Amendment. All segments licenced after July 15, 2019 are required to have shapefiles submitted with the New Licence and/or New Segment application.

If this application is being used to submit a shapefile for a segment licenced prior to July 15, 2019, please select "Submit New Shapefile for a Converted Segment". If this application is being used to submit a shapefile for a segment licenced after July 15, 2019 or a segment that already has a shapefile within IRIS, please select "Submit Modified Shapefile". If this application is not being used to submit a shapefile, please leave this section blank.

Submit Modified Shapefile

Submit New Shapefile for a Converted Segment

Segment Information: Line Pipe

Material Type _____ Cover Depth (m) _____

Material Standard _____ Other Standard _____

Material Grade _____ Other Grade _____

Material Category _____ SMYS/MPR (MPa) _____

Outside Diameter (mm) _____ Wall Thickness (mm) _____

Internal Protection _____

Other Internal Protection _____

External Protection _____

Other External Protection _____

Calculated Design Pressure - CSA Factors

Factor Type	Factor Value
Design Factor	
Circumferential Joint Factor	
Location Factor	
Alloy Factor	
Temperature Factor	
Joint Factor	
Service Fluid Factor	
Hydrostatic Design Stress Factor	
Cyclic Pressure Factor	
Standard Dimension Ratio	

Segment Information: Line Pipe and Free Standing Liner

From Infrastructure Type _____

To Infrastructure Type _____

Watercourse Type _____ Class Location _____

Bidirectional Flow _____ Override Length (km) _____ Segment Design Pressure (kPa) _____

Anticipated MOP (kPa) _____ H₂S Partial Pressure (kPa) _____ Designed for Sour Service _____

Meets Overpressure Requirement - ER * _____ Meets Overpressure Requirement - Z662 * _____

Material Type _____ Cover Depth (m) _____

Material Standard _____ Other Standard _____

Material Grade _____ Other Grade _____

Material Category _____ SMYS/MPR (MPa) _____

Outside Diameter (mm) _____ Wall Thickness (mm) _____

Internal Protection _____

Other Internal Protection _____

External Protection _____

Other External Protection _____

Calculated Design Pressure - CSA Factors

Factor Type	Factor Value
Design Factor	
Circumferential Joint Factor	
Location Factor	
Alloy Factor	
Temperature Factor	
Joint Factor	
Service Fluid Factor	
Hydrostatic Design Stress Factor	
Cyclic Pressure Factor	
Standard Dimension Ratio	

Disclosure Questions

Do you have a CSA Z662 Compliant Safety and Loss Management System in place, and has it been implemented? * _____

Has a professional engineer registered in Saskatchewan certified the engineering design used for this submission? * _____

Has the proposed segment(s) been designed to meet the pressure limits of the system, including downstream components? * _____

Is there a plan in place to carry out the relevant field work in accordance with the the latest version of CSA Z662, Oil and Gas Pipeline Systems? * _____

Disclosure Questions for Highways

Is any portion of the proposed segment(s) within 90 meters of the right of way of a Provincial Highway? * _____

Is any portion of the proposed segment(s) within 30 meters of the right of way of a Public Highway * _____

If YES, please provide the Highway Approval Number(s) below.

Highway Approval Number _____ Other Highway Approval Number _____

Disclosure Questions for Utilities

Does the proposed segment(s) cross or is within 30 meters of other pipelines, railways and/or utilities? * _____

Eligibility

I hereby certify that:

- This submission and any supporting documentation are complete, accurate and in accordance with *The Pipelines Act, 1998* and its rules.**
- Government of Saskatchewan has the authority to deny the submission after notifying the applicant of the deficiencies if this submission is found to be inaccurate or incomplete or does not meet the requirements of Saskatchewan legislation, regulations or directives.**
- Government of Saskatchewan has the authority to enforce non-compliance if it is found that this submission contains false, inaccurate, incomplete or misleading information.**
