Date	Subject	Notice
October 8, 2019	Critical dates for launching pipeline licence registry and licensing of flowlines and previously exempt pipelines	BT2019-012

Further to Notice BT2019-011 on September 13, 2019, following consultation with industry, The Ministry of Energy and Resources (ER) has deferred the date for the full implementation of the Integrated Resource Information System (IRIS) - pipeline module to January, 2020 (date to be confirmed). Critical dates and information regarding the implementation are outlined in the [Roadmap](#) available on the Sask.ca website.

Please ensure any IRIS business associates, other colleagues and third parties who are involved in the implementation of flowline and pipeline licensing and approvals receive the [Roadmap](#). It contains information on upcoming online and classroom training on the new pipeline module, links to further information and important deadlines for flowline licensing and retroactive licensing.
