

HIGHWAY 9 & HIGHWAY 10 PASSING LANES

POTZUS LTD

Government
of
Saskatchewan

wsp

INTRODUCTION

- The Government of Saskatchewan has hired Potzus Ltd., in conjunction with WSP Canada Inc., to construct passing lanes on Highway 9 and Highway 10 near Yorkton.
- The six sets of passing lanes will improve travel time, traffic flow, and safety.
- This information session is to provide information about the location of passing lanes and other road improvements.

CONSTRUCTION SCHEDULE

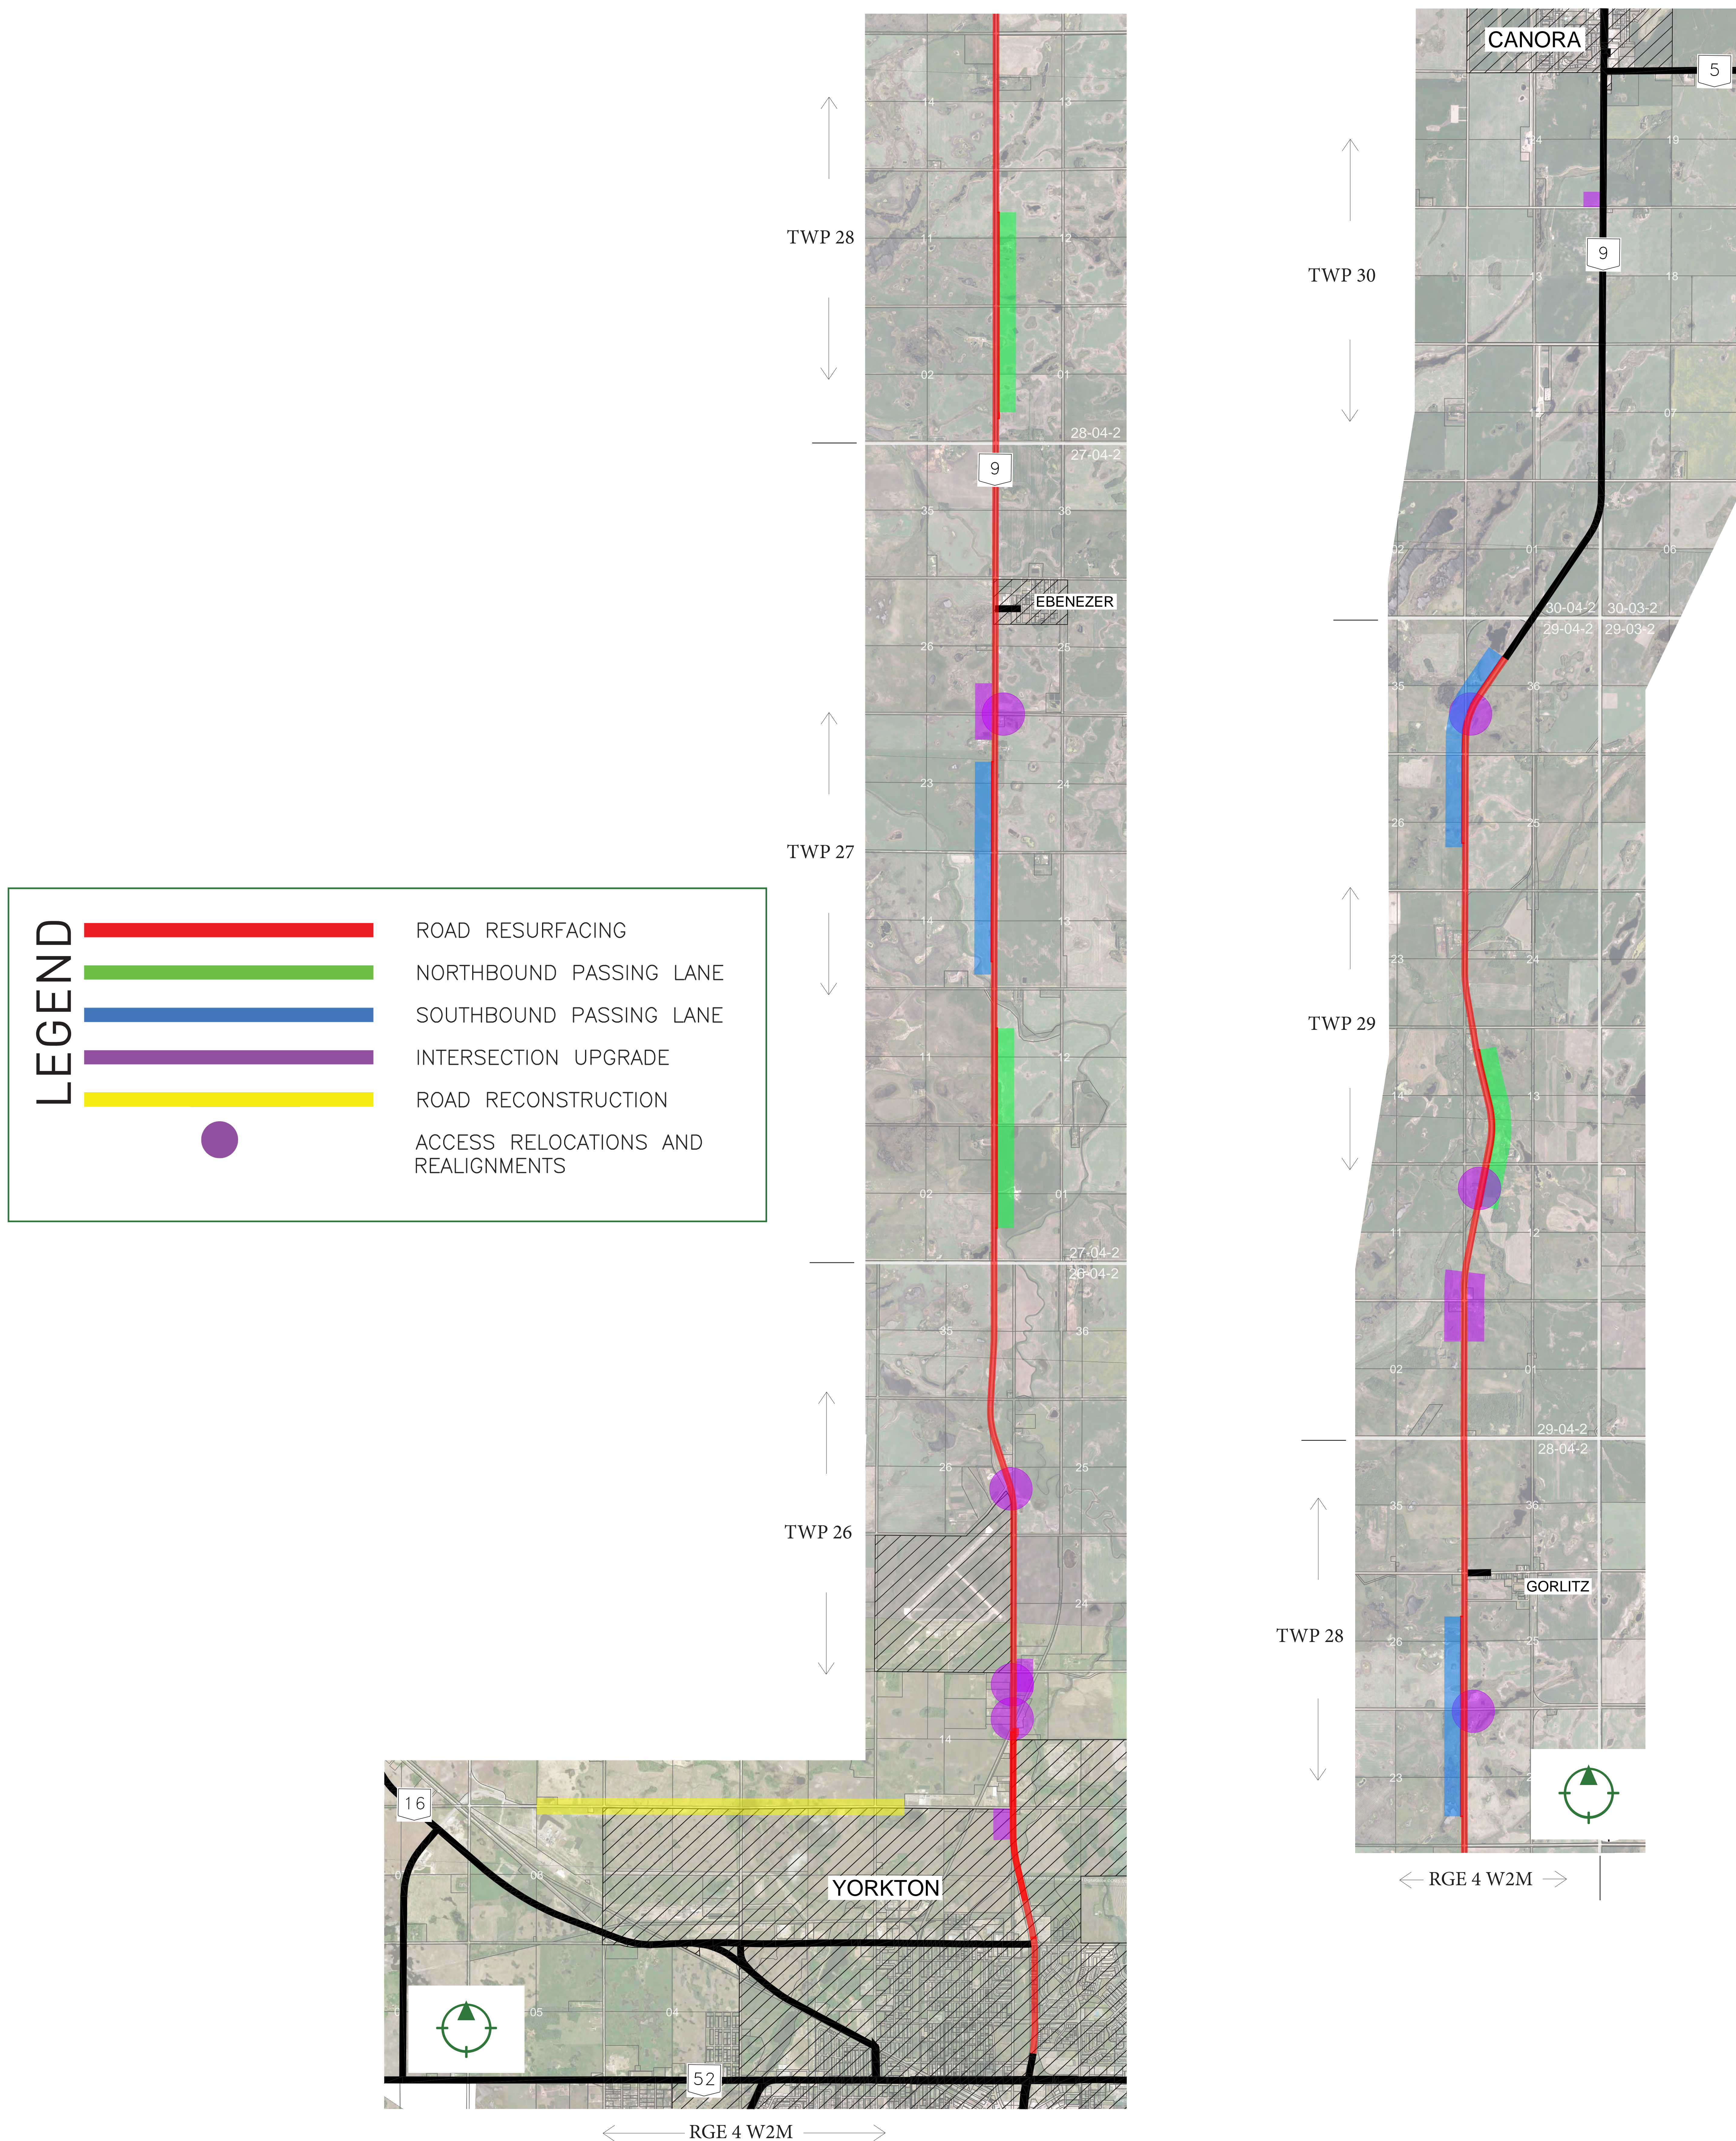

- Construction will begin in 2019.
- Traffic accommodation during construction will keep travellers and workers safe.
- Highway 9 and Highway 10 passing lanes will be constructed at the same time to minimize disruption.
- Intersection improvements will occur at the same time.
- Construction is scheduled for completion by end of October 2020.

CONSTRUCTION ACTIVITIES

- **Three sets of passing lanes between Melville and Yorkton.**
- **Three sets of passing lanes between Yorkton and Canora.**
- **Upgrades and access realignments to improve safety at intersections.**
- **Repaving for a smoother highway surface.**
