DENTISTS AND DENTURISTS

This bulletin has been prepared to help you apply and collect the Provincial Sales Tax (PST). It is a general guide and not a substitute for the legislation.

Changes to this bulletin are indicated by a (l) in the left margin.

The contents of this bulletin are presented under the following headings:

- B. [Registration and Reporting Requirements](#)
- C. [Dental Supplies](#)

A. DENTAL SERVICES

Businesses providing dental services are not required to collect tax on charges for dental services or for dental appliances that are prescribed by a dentist. Dentures are also exempt from PST.

Exempt dental appliances include orthodontic appliances, night guards and space maintainers but not athletic mouth guards. All businesses are required to collect PST on the retail sale of off the shelf or custom-made athletic mouth guards.

PST must also be collected on the retail sale of other taxable items such as teeth whitening kits, fluoride, and electric toothbrushes. Where PST has been paid on the purchase price of these items, the tax paid may be subtracted from the tax collected on the selling price and the difference reported on the return form.

B. REGISTRATION AND REPORTING REQUIREMENTS

Businesses providing dental and denture services must be registered with a PST number for the purpose of reporting any tax payable on equipment, supplies and taxable services purchased for their own consumption or use, and to collect and remit PST on taxable sales. For further information regarding responsibilities and tax return filing, please see Information Bulletin [PST-5, Registration and Reporting Requirements](#).

D. GOODS AND SERVICES FOR YOUR OWN USE

Businesses providing dental and denture services are required to pay tax on purchases of new and used equipment, and supplies used or consumed in providing dental services. Tax is payable as follows:

- When purchased from a licensed supplier, the tax must be paid to the supplier at the time of purchase.
- When purchased from a supplier who did not collect the tax, or when taken from an exempt resale inventory, the tax must be self-assessed and remitted with the regular tax return. This includes goods taken for personal or business use.
- When purchased from an unlicensed supplier located outside Saskatchewan, the tax must be self-assessed and remitted with the regular tax return on the laid down cost, which includes currency exchange, transportation charges, customs and excise duties, and importation charges but not the GST.

E. SALES OF USED BUSINESS ASSETS

Businesses are required to collect tax on the sale of used assets, such as taxable vehicles and equipment. When used assets are being sold as part of the closure of a business, the purchaser is required to self-assess and report the tax.

When individuals purchase used goods for personal use, other than vehicles, tax applies to the selling price of the goods less a deduction of \$300 per item. If a trade-in is involved, the purchaser is entitled to a deduction of \$300 or the value of the trade-in, whichever is greater. If the goods are for commercial use, the \$300 deduction does not apply.

For further information please see Information Bulletin, [PST-58, Used Goods](#).

F. TAX TIPS LINE

When a business or individual does not comply with provincial tax legislation, businesses face unfair competition, and a burden is placed on all taxpayers who do comply. It causes significant loss in the revenue available to fund services such as health, education, and other important government programs.

Tax Tips Line provides an anonymous, fully confidential way for the public to report businesses or individuals who are participating in tax fraud. If you suspect that a business or individual is being dishonest with their provincial taxes or is misrepresenting their activities to reduce their taxes, you can report them using Tax Tips Line.

Please visit our website at saskatchewan.ca/business/taxes-licensing-and-reporting/provincial-taxes-policies-and-bulletins/tax-tips-line to find out more regarding types of tax fraud and the information to report, if possible.
