# Statement from the Minister

*The Honourable  
Lori Carr*

*Minister of Government  
Relations and Minister  
Responsible for First  
Nations, Métis and  
Northern Affairs*

I am pleased to present the Ministry of Government Relations Plan for 2020-21.

Government Direction and Budget 2020-21 is focused on growth for a better quality of life – fostering a strong economy, creating strong communities and strong families – and Building a Strong Saskatchewan.

The Ministry is committed to working collaboratively with federal, municipal and Indigenous stakeholders to ensure Saskatchewan's communities are supported for the next decade of growth.

Our strategies and key actions continue to be aimed at building strong communities by enhancing municipal governance, increasing local capacity and supporting regional planning efforts to ensure sustainable public services. The Ministry will also continue to improve the safety and quality of life for all Saskatchewan families through the promotion of safe buildings, improving emergency preparedness, and assisting communities through disaster recovery efforts.

In the coming year, the Ministry will support economic growth by reducing trade barriers by working with our provincial and territorial counterparts to align building and construction standards. We will also play a role in assisting those communities affected by the federally-mandated phase out of coal-fired electricity by supporting the transition to new economic development opportunities.

We will continue to encourage engagement and collaboration between First Nations, Métis people and all levels of government to facilitate Indigenous participation in the economy. The Ministry will continue to invest in Indigenous and northern communities by supporting community-level initiatives and continuing to negotiate Treaty Land Entitlement Agreements.

The Ministry will report on progress made towards these key actions in our 2020-21 Annual Report.
