Introduction

The 2019-20 Supplementary Estimates are prepared in accordance with subsection 12(1) of *The Financial Administration Act, 1993* and include the estimated increase in 2019-20 “To Be Voted” and “Statutory” expenditures, loans, advances or investments to be paid from the General Revenue Fund (GRF).

Funding requests reflect the additional commitments government has undertaken during the fiscal year. The requested funding for each vote is the net amount required after reallocation of voted appropriation not required in other areas of the vote.

The additional funding contained in the 2019-20 Supplementary Estimates includes appropriations already provided by special warrant. Clause 14(3)(b) of *The Financial Administration Act, 1993* requires that special warrant appropriations be “submitted to the next Legislative Assembly as part of the next *Appropriation Act* that is not an Act for interim supply”.

The Supplementary Estimates include increases in statutory appropriation authorized through legislation (statute). Clause 12(3)(b) of *The Financial Administration Act, 1993* requires that estimates include any expenses permitted or required to be paid out of the GRF that are not required to be voted on by Legislature.

The schedules contained in the 2019-20 Supplementary Estimates use a similar format to those included in the 2019-20 Estimates.

The subvote descriptions provided in the 2019-20 Estimates apply to the 2019-20 Supplementary Estimates; however, subvote descriptions may be expanded by the explanation for the additional funding provided by supplementary estimates within the fiscal year.

The *General Principles, Budget and Spending Control, Budget Principles* and *Glossary of Terms* outlined in the 2019-20 Estimates apply to the 2019-20 Supplementary Estimates.
