(5) A person who consumes or uses tangible personal property or a taxable service, acquired by him for resale or who consumes or uses tangible personal property or uses taxable services manufactured, processed or produced by him, other than prototypes for research and development purposes, shall be deemed to have purchased the property or the service, as the case may be, from a vendor at a retail sale in the province.

(6) Subject to subsections (6.1) and (6.2) and the regulations, where a contractor or manufacturer enters into a contract for the supply and installation of tangible personal property and during the carrying out of the contract consumes or uses tangible personal property produced, fabricated, processed, printed or imprinted by him the contractor or manufacturer shall be deemed to be a consumer or user of the tangible personal property and to have purchased the tangible personal property at a retail sale in the province at the time of consumption or use at a value that includes the total cost of the tangible personal property together with the total cost of its production, fabrication, processing, printing or imprinting to the time of such consumption or use.

(6.1) Subject to the regulations, and without limiting the generality of subsection (8), a contractor who provides a taxable service as set out in subclause 3(1)(k)(vii) or (xix) is a vendor and is not a user or a consumer of tangible personal property sold as tangible personal property in relation to that service.

(6.2) A contractor who is a builder of premises intended for resale but not rental purposes is not a user or consumer of any services described in subclause 3(1)(k)(xvii) or (xix) or tangible personal property used or consumed by the builder in relation to those premises, if:

- (a) the premises are sold to a user or consumer at fair market value;

(6.3) If, in the minister's opinion, the premises mentioned in subsection (6.2) are being used for purposes other than resale, the contractor is the user or consumer of the services described in subclauses 3(1)(k)(xvii) and (xix) and of tangible personal property used in the building of the premises and is liable for the payment of tax imposed by this Act.

(7) A person who leases tangible personal property or taxable services from a vendor shall pay to the Crown for the raising of a general revenue a tax with respect to the use of the property or services, and that tax is required to be:

- (a) computed at the rate of 6% of the amount of the rent payable from time to time; and
- (b) levied and collected at the time of payment of the rent.

(8) Where a vendor in the ordinary course of his business sells any tangible personal property or any taxable service to a person who alleges that he is not purchasing it for consumption or use, the vendor shall nevertheless require that person to deposit with him an amount equal to the tax which would be payable under this Act if the property or taxable service were sold to a consumer or user as herein defined, but the minister shall refund the deposit on receipt of evidence satisfactory to him that the property or taxable service, as the case may be, was purchased for the purpose of resale by a licensed vendor.

(9) Every person residing or ordinarily resident or carrying on business in Saskatchewan who brings into the province or who receives delivery in the province of tangible personal property for his own consumption or use, or for the consumption or use of other persons at his expense, or on behalf of or as agent for a principal who desires to acquire the property for consumption or use by the principal or other persons at his expense, shall immediately report the matter to the minister or his appointee and forward or produce to him the invoice, if any, in respect of the property and any other information required by him with respect to the property and shall pay the same tax in respect of the consumption or use of the property as would have been payable if the property had been purchased at retail in the province at the price that would have been paid in Saskatchewan if the tangible personal property had been purchased at retail in the province.

(9.1) Every person residing or ordinarily resident or carrying on business in Saskatchewan who, on a temporary basis, brings into Saskatchewan or receives delivery in Saskatchewan of tangible personal property for a purpose or in a capacity described in subsection (9) shall:

(10) Every person residing, ordinarily resident or carrying on business in Saskatchewan who acquires, outside Saskatchewan, a taxable service, other than a taxable service prescribed pursuant to subsection (10.4), for his or her own use or for the use of other persons at his or her expense, or on behalf of or as agent for a principal for use by the principal or other persons at his or her expense, shall, immediately after the taxable service is acquired, comply with:

- (a) subsection (10.1) if all of that taxable service relates to Saskatchewan in the manner prescribed in the regulations; or

- (c) pay tax computed at a rate of 6% of the value of the taxable service that is estimated to relate to Saskatchewan.

(10.3) Where a person mentioned in subsection (10.2) does not make an estimate, or makes an estimate that is not, in the minister's opinion, a reasonable estimate, the minister may set an amount that the minister considers to be the value of the taxable service that relates to Saskatchewan.

(10.4) Every person residing, ordinarily resident or carrying on business in Saskatchewan shall comply with subsection (10.5) where that person, for his or her own use or for the use of other persons at his or her expense, or on behalf of or as agent for a principal for use by the principal or other persons at his or her expense:

- (a) takes or sends tangible personal property out of Saskatchewan primarily for the purpose of having a taxable service prescribed in the regulations provided respecting that tangible personal property; and
- (b) brings or sends to Saskatchewan or receives delivery in Saskatchewan of that tangible personal property after the taxable service has been provided.

(10.5) A person required to comply with this subsection shall:

(a) immediately after the tangible personal property is returned to Saskatchewan, report the matter to the minister and forward to or produce for the minister the invoice, if any, and any other information required by the minister respecting the taxable service; and

(b) pay tax computed at 6% of the value of the taxable service.

(11) Every person residing, ordinarily resident or carrying on business in Saskatchewan who purchases, from a person who is not a vendor, tangible personal property or a taxable service in Saskatchewan for his or her own consumption or use, or for the consumption or use of other persons at his or her expense, or on behalf of or as agent for a principal who desires to acquire the property or service for consumption or use by the principal or other persons at his or her expense, shall:

(12) The expression “**price**” in subsections (9) and (9.2) includes the value of the tangible personal property, transportation costs and any other costs whatsoever incurred in bringing the property into Saskatchewan and in preparing the property for use or consumption in Saskatchewan, borne or to be borne by the user or consumer or any person at his expense or on his behalf or as his agent.

(13) Where the tangible personal property in respect of which a person is liable to pay a tax under subsection (9) or (9.1) is leased from a vendor who, although he is not in Saskatchewan, is the holder of a subsisting licence issued under section 4 that person shall in lieu of the tax payable under subsection (9) or (9.1) pay to the vendor a tax computed at the rate of 6% of the amount of the rent payable from time to time, and every sum paid to a vendor pursuant to this subsection shall be deemed to be a tax collected by the vendor and shall be forwarded by him to the minister.
