Institutional Camp/Centre (GS-35)

1. Institutional camp/centre signs (GS-35) may be erected to assist motorists in locating institutional camp or centre access roads on a request basis.

Signs erected will normally be 100 metres in advance of the access road.
2. The access road must be a direct route of an all-weather construction standard.
3. If the access road is not a direct route the institution will be responsible for erecting off-highway signs to direct motorists.

These signs will be in place before highway signs are erected.
4. An institution is defined as a non-profit organization which offers facilities and/or services to its members or the members of another non-profit organization i.e. church, Y.M.C.A.
5. The number and location of signs shall be the responsibility of the Department of Highways and Transportation.
6. If the camp/centre is more than 10 kilometres from the Provincial Highway the sign will indicate the distance.
