

# Application Form

## Community Airport Partnership

### Part 1 - Airport Characteristics

#### Question #1 - What is the airport name?

*Example: Moosomin Municipal Airport*

#### Question #2 - What is the airport classification?

Certified

Registered

Not applicable

#### Question #3 - What are the runway dimensions (width and length, by feet)?

#### Question #4 - Runway surface type?

Gravel

Pavement

Seal

Other:

#### Question #5 - Navigation aids

#### Question #6 - What types of aircraft are accommodated?

#### Question #7 - Annual aircraft movements

### Part 2 - Project Nomination and Funding

#### Question #8 - Describe the project

*Provide a clear, concise, but complete description of the nature of the work to be done under the project, including objective and all main components of the project. For example: Rehabilitate the main runway and aprons by milling and excavating selected transverse cracked areas, then applying and compacting 100mm of base course, priming, tacking and repaving with a 40mm single lift of asphalt. Install new line markings and numbers on the main runway and aprons.*

**Question #9 - Provide the names of surrounding communities that use or rely on the airport.**

Example: Town of Wapella, Fleming, Rocanville, Maryfield; RMs of Moosomin, Martin, Silverwood; as well as the Village of Elkhorn and RM of Wallace- Woodworth in Manitoba.

**Question #10 - What is the total estimated cost of the 2021-22 project? Provide a costing of each component of the project: ie, crack sealing, flushing, line marking, etc.**

*For information about allowable project cost items, please refer to page 7 of the guide: Appendix C - Policy Principles - Project Eligible Items and Ineligible Items.*

\$

**Question #11 - What is the provincial funding contribution requested?**

*CAP provides up to 50 per cent of the total eligible cost. If the project has federal funding, CAP can provide up to 33 per cent of the total eligible cost. For further information see the section on funding on page five of the guidelines.*

\$

**Question #12 - Have you received federal funding for this project?**

Yes          No

**If yes, how much is the Federal Government contribution to this project and through what funding program?**

**Question #13 - Extended Asset Life Cycle**

What impact does this project have on the longevity of the assets and airport?

**High Impact (more than 10 years)** - The life cycle of the asset is drastically extended by the completion of the proposed project.

**Medium Impact (5 - 10 years)** - The life cycle of the asset is moderately extended by the completion of the proposed project.

**Low/No Impact (0 - 5 years)** - The life cycle of the asset is not impacted by the completion of the proposed project.

**Question #14 - Asset Condition**

If applicable, what is the current condition of the asset you are applying for?

**Asset you are applying for:**

**Critical** - Dangerous to utilize from a safety perspective. Rehabilitation needed to restore to safe operation for users.

**Poor** - Substantial safety concerns. Improvements needed.

**Fair** - Possible safety concerns.

**Good** - Preservation will restore and preserve the asset.

Describe the condition of the asset.

**Question #15 - Who are the primary users of the airport?**

Air Ambulance          STARS          Government          Industry          Aerial Applicators  
General Aviation          Tourism          Other:

**Question #16 - Socioeconomic Benefits**

Describe the social and economic benefits of the project to the community and surrounding areas.

**Question #17 - Safety and Operational Benefits**

**High Impact** - Project will significantly improve the safety and operation of the airport.

**Medium Impact** - Project will moderately improve the safety and operation of the airport.

**Low Impact** - Project will slightly improve the safety and operation of the airport.

Describe the safety and operational benefits of the project to the community and surrounding area.

**Question #18 - External Partnerships (other than Federal Government funding)**

Industry

Developer(s)

Local Governments (neighbouring communities)

First Nations/Métis Nations

Foundation(s)

STARS

Air Ambulance

Aerial Applicators

**Question #19 - Submission of photos (required) and contractor quotes (required)**

Pictures - include a standard reference object such as an extended tape measure, rule or coin in the picture to provide context where relevant.

Submit a copy of contractor quote(s).

Submission of any supplemental information helpful to the application review plan may be provided here as well.

Please add all relevant attachments to final submission email mentioned below.

**Part 3 - Applicant Contact Information**

**Question #20 - To be used for contribution agreement**

Municipality Name:

Contact Name:

First

Last

Position

**Question #21 - Contact information**

**Mailing address**

Email

Phone
