Letter of Transmittal

July 6, 2018

The Honourable Jim Reiter
Minister of Health, Province of Saskatchewan
Room 302, Legislative Building
2405 Legislative Drive
Regina, SK S4S 0B3

Dear Minister Reiter:

The Saskatchewan Health Authority is pleased to provide you and the residents of our province with the Saskatchewan Health Authority 2017-2018 Annual Report.

This annual report is a legislated requirement, presenting the Saskatchewan Health Authority's activities, results and approved audited financial statements for the year ending March 31, 2018.

The data in this report is reflective of strategic reporting to track alignment with the Ministry of Health's "Saskatchewan Health Plan" and was guided by the 2017-18 Ministry of Health Plan. Information about strategic planning for the Saskatchewan Health System is available online at <http://www.publications.gov.sk.ca/details.cfm?p=87090>.

The report demonstrates the Saskatchewan Health Authority's commitment to transparency, accountability and public reporting of performance.

We are pleased to provide information on the transition of 12 former health regions into our single provincial health authority, which is focused on better meeting the needs of the people we serve through system-wide improvements in coordinating health care services across the province and improving access to high quality, timely patient care for our residents.

Respectfully submitted,

R.W. (Dick) Carter, Chairperson
Saskatchewan Health Authority Board of Directors

Message from the CEO

In 2017, our health system began a multi-year journey to transform health care in Saskatchewan. With the formal creation of the Saskatchewan Health Authority on December 4, 2017, the combined strengths of 12 former regional health authorities came together as one. Drawing on these strengths in the years ahead is what will drive transformation and improve care for the people we serve.

Under one integrated organization, each of the more than 40,000 employees and over 2,500 physicians will be better able to work together to achieve a single shared vision – to create a health care system that enables health care providers to ensure every patient, client and resident can expect, and receives, high quality and timely care regardless of where they live.

Advancing this vision will require collaboration and coordination from physicians, staff and all of our partners across the health system. It will also require balancing the need for standardization with the need to strengthen services locally to ensure they are responsive to the unique needs of patients and communities.

The good news about the transformation process ahead of us is that our people are resourceful, innovative and ready to lead. Our people are passionate and live to serve. We have many people on our front lines already leading the way, identifying best practices and breaking down barriers between our patients and residents as well as the communities around them. Our aim is to build a health care system that puts them in a position to succeed.

Together, we are better positioned than ever to build a stronger health system. Connecting research, clinical evidence and innovation with front-line providers will facilitate new ways of improving care across Saskatchewan – ways that include local voices and better coordination of services across geography and programs. That is the promise of a truly integrated health system.

As we look back over 2017-18, we should not look at it as the year the health system “consolidated”, but the year we came together to combine our strengths.

Scott Livingstone
Chief Executive Officer (CEO)
Saskatchewan Health Authority

Introduction

Health System Transition

On December 4, 2017, the Saskatchewan Health Authority was launched, transitioning 12 former health regions in Saskatchewan into a single provincial health authority.

Establishing one provincial approach to plan and deliver health care services will break down geographic boundaries and service silos, to provide more consistent and coordinated health services across the province.

The work to unify the health system under a single organization and coordinate system-wide transformation will be a multi-year journey in collaboration with patients, health care providers and partners across the health system.

This annual report will reflect the provincial strategies that were identified as priorities for the 12 former regional health authorities in the 2017-18 fiscal year, and transitioned into Saskatchewan Health Authority strategic work following its launch.

Financial results combine the 12 former regions' financial results into the Saskatchewan Health Authority's amalgamated financial statement, which can be viewed within this annual report.

Our goal is one provincial health authority that is focused on better coordination of health services across the province, ensuring patients receive high quality, timely health care regardless of where they live in Saskatchewan.

Annual Report Overview and Basis for Preparation

This annual report is a legislated requirement, presenting the Saskatchewan Health Authority's activities and results for the fiscal year ending March 31, 2018. The data in this report is reflective of strategic reporting to track alignment with the Ministry of Health's "Saskatchewan Health Plan" and was guided by the 2017-18 Ministry of Health Plan. Information about strategic planning for the Saskatchewan Health System is available online at <http://www.publications.gov.sk.ca/details.cfm?p=87090>.

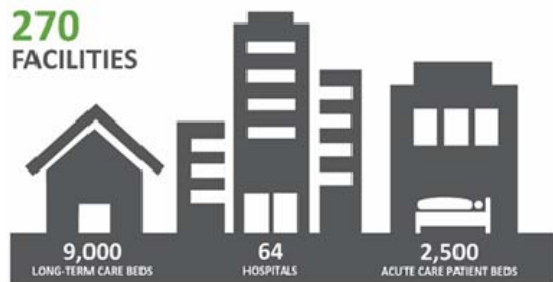

The annual report demonstrates the Saskatchewan Health Authority's commitment to transparency, accountability and public reporting of performance.

Accountability

The Government of Saskatchewan – Ministry of Health issues an Accountability Document yearly, which provides provincial direction, performance expectations, and an accountability framework to ensure prudent and ethical use of public funds. Former regional health authorities and the Saskatchewan Health Authority follow the guidelines in the Accountability Document for the upcoming fiscal year.

Who We Are

The Saskatchewan Health Authority has more than 40,000 employees and over 2,500 physicians in 270 facilities providing services to residents of cities, towns, villages, rural municipalities and First Nations communities in the province.

A complete list of facilities can be found in Appendix C of this report.

SASKATCHEWAN

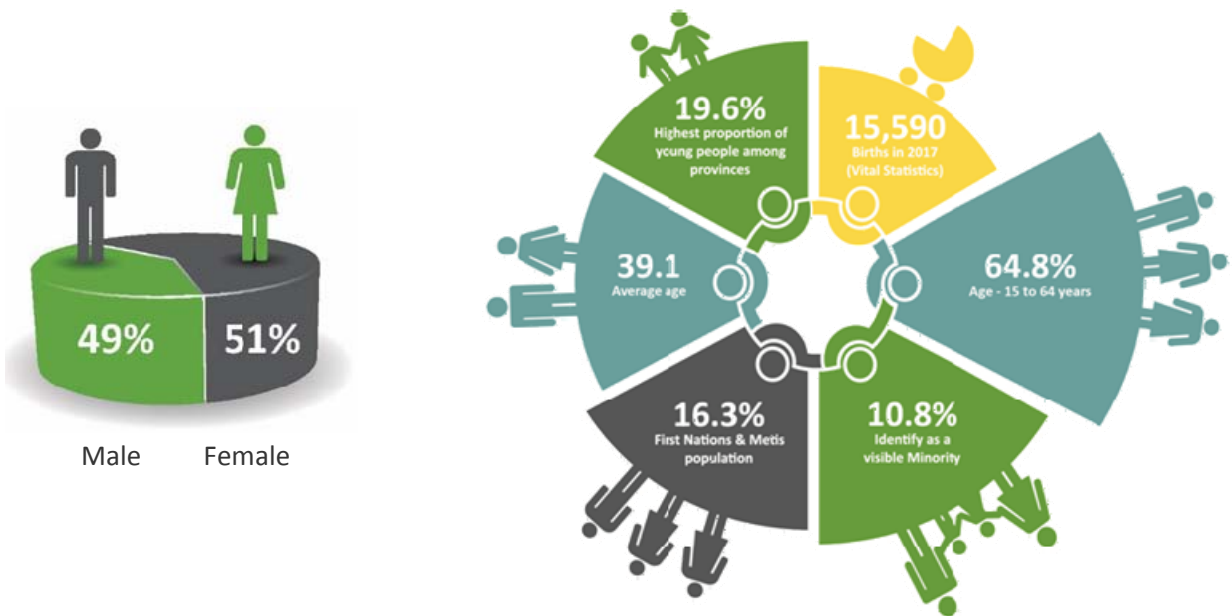

LARGEST EMPLOYER
IN SASKATCHEWAN'S
HISTORY

Who We Serve

The Saskatchewan Health Authority provides services to residents of Saskatchewan, with a total covered population (2017) of 1,193,388 people, an increase of two percent from the provincial population reported in 2016. (Source: Information on “covered population” is available on the eHealth website at www.ehealthsask.ca.)

1,193,388

POPULATION OF SASKATCHEWAN

Building for the Future

Saskatchewan Hospital North Battleford

Construction continued in the 2017-18 fiscal year on the state-of-the-art, \$222 million, 284-bed provincial psychiatric rehabilitation hospital, Saskatchewan Hospital North Battleford (SHNB).

Progress as of March 31, 2018 includes:

- Over 90% construction completed.
- Work streams and committees developed programs and services aimed at delivering continued high quality care and treatment, and improved quality of life for patients.
- Advancements toward ensuring all organizational, process, legislative, governance, human resource, financial, and other requirements are met.
- Operational and transition plans developed to ensure smooth and seamless transition into the new facility for patients and staff.

The new 284-bed SHNB will replace the existing 156-bed Saskatchewan Hospital, which is 105 years old.

The new facility will include 188 psychiatric rehabilitation beds and a 96-bed secure wing for offenders living with mental health issues.

Mental health care supports will include innovative delivery to two separate groups of people with significant psychiatric rehabilitation needs.

Jim Pattison Children's Hospital

In May 2017, businessman and philanthropist Jim Pattison, originally from Luseland, Saskatchewan, announced a donation of \$50 million to the Children's Hospital Foundation of Saskatchewan. In honour of the generous gift, the new provincial hospital was renamed Jim Pattison Children's Hospital and, accordingly, the foundation was renamed Jim Pattison Children's Hospital Foundation.

As of the end of March 2018, Saskatchewan's new maternal and children's 176-bed hospital construction site reached 84 percent completion. The building is now at its final stages with all levels of the hospital, including the helipad, structurally complete. Interior finishes are complete throughout the Neonatal Intensive Care Unit, Maternal Services, Pediatrics, along with Pediatric Surgery areas and the new Children's emergency department. Finishing touches are being placed on the exterior.

The Government of Saskatchewan is contributing \$235.5 million toward the total project cost of \$285.2 million, and \$21.4 million will come from interest in investments. In addition, the Jim Pattison Children's Hospital Foundation is contributing \$75 million through its fundraising campaign.

Over 70 percent of pediatric specialists have been recruited to staff the new hospital and potential candidates continue to visit the city. Operational readiness planning in support of changes to care and service delivery models continues, in preparation for opening.

Hospital construction remains on track, with opening of the Jim Pattison Children's Hospital scheduled for late 2019.

Alignment with Strategic Direction

The Saskatchewan Health Authority is a partner in the provincial planning process and works in collaboration with the Ministry of Health and our partners to track performance on the strategic priorities identified in the Ministry of Health's annual plan.

The Saskatchewan healthcare management system is the foundation for the strategic organizational work completed by the Saskatchewan Health Authority and former health regions in 2017-18.

The provincial strategies and performance measures represent targets that former regions and the SHA strive toward in the current year, to enable the organization to achieve desired multi-year outcomes.

2017-18 Provincial Strategic Health Priorities:

- Provincial Health Approach
- Physician Collaboration
- Culture of Safety
- Referral to Specialists and Diagnostics
- Appropriateness
- Seniors
- Mental Health and Addictions
- Primary Health Care
- Emergency Department Waits and Patient Flow

All health system partners focused their strategic direction in 2017-18 on four common provincial goals:

Better Health – *Improve population health through health promotion, protection and disease prevention, and collaboration with communities and different government organizations to close the health disparity gap.*

Better Care – *In partnership with clients and families, improve the individual's experience, achieve timely access and continuously improve health care safety.*

Better Value – *Achieve best value for money, improve transparency and accountability, and strategically invest in facilities, equipment and information infrastructure.*

Better Teams – *Build safe, supportive and quality workplaces that support client and family-centred care and collaborative practices, and develop a highly skilled, professional and diverse workforce that has a sufficient number and mix of service providers.*

Strategy: Provincial Health Approach

Enable a provincial health approach to health services that ensures patients receive high quality and timely care wherever they live in Saskatchewan and restructure the health system to promote safety, health and wellness for patients and employees, and create accessible, effective, streamlined and sustainable provincial health services.

Performance Measure:

	Target	Status
A Provincial Health Authority is enacted and operating.	Fall, 2017	Achieved

Results:

The Saskatchewan Health Authority (SHA) was formed on December 4, 2017, with the proclamation of *The Provincial Health Authority Act*, transitioning 12 former health regions in Saskatchewan into a single provincial health authority.

The SHA is governed by the Board of Directors. The Board consists of 10 voting members, appointed to three-year terms by the Minister of Health. The Board is accountable to the Minister of Health to achieve the goals and objectives of the Saskatchewan Health Authority, ensuring effective planning, delivery and evaluation of all health care programs, on behalf of the residents of Saskatchewan.

The Commitment to Removing Barriers for Patients

Some of the biggest advocates for the transition into one provincial health authority are patients like Alison H.

Alison has COPD, a chronic disease that has her going back and forth from Regina and Saskatoon regularly to see two different physicians that collectively manage her care. Though Alison's physicians have established an effective way of working together despite their two different locations, she knows all too well the hurdles caused by a system with boundaries.

On one of her many experiences with former region boundaries Alison remarked, "One day Saskatoon needed my blood work. Regina did the blood work, but they couldn't send the results because they couldn't fax to that number. They weren't authorized."

The ultimate goal is an integrated, provincial system that puts patients, residents and families first in all decision-making and care choices.

It's the experiences of people like Alison that keep the Saskatchewan Health Authority focused on moving toward a more integrated system.

"When that announcement (about a single health authority) was made I called my Mom right away. I was so happy. It will be challenging but the end goal makes a lot of sense, especially from a patient perspective."

- Alison H.

Strategy: Physician Collaboration

Active physician leadership in the planning, management, governance and resource management of health services to achieve greater health system coordination.

Performance Measure:

	Target	Status
In 2017-18, one demonstration site will be established with active physician leadership in the planning, management, governance and resource management of health services to a population or geographic area, based on successful approaches from high performing systems.	One site	In Progress <i>Physicians and senior leaders from the SMA, SHA and Ministry of Health are actively involved in examining the potential of a demonstration site to be established in 2018-19.</i>

Results:

The Ministry of Health and the Saskatchewan Medical Association engaged a physician group via survey in the fall of 2017 to determine interest in a new model of care. Survey results indicated strong support for greater physician involvement in health care decision making and participating in the design of a demonstration site.

Collaboration among partner agencies is a primary feature of the co-design for the demonstration site, with physicians and senior leaders from the Saskatchewan Health Authority, Saskatchewan Medical Association and Ministry of Health actively involved in the development of the site. The project entails the creation of a model of unified primary health care delivery using Prince Albert (and area) as a demonstration site.

Dyad leadership can be defined as two people working together as co-leaders.

Dyads ensure physician and administrative leadership engagement in joint decision-making, shared accountability and ongoing open and transparent communication.

This structure now exists at the senior leadership level with the goal to eventually implement dyad models for clinical service lines throughout the organization.

In the Advisory Panel on Health System Structure Report, it was recommended that physicians play an active role in the planning, management and governance of the health system to achieve shared responsibility and accountability for health system performance. The Saskatchewan Health Authority implemented this recommendation by adopting a dyad leadership model for clinical delivery portfolios, partnering physician leaders and administrative leaders in a complementary, decision-making relationship.

The partnership of a physician leader's clinical expertise and an administrative leader's business expertise is a model proven to improve care in high-performing health systems around the world; it was recognized that when physicians have an integral leadership role in shaping and being accountable for clinical service delivery, care is improved.

Strategy: *Emergency Department Waits and Patient Flow*

Existing efforts to reduce Emergency Department waits across the health system will continue in 2017-18. Reducing Emergency Department waits and improving patient flow remains a key priority.

Performance Measures:

	Target	Status
By March 31, 2018, reduce Emergency Department waits by 35% over the 2013-14 baseline.	35% reduction from 2013-14 baseline	Not achieved
In 2017-18, reduce the number of unnecessary Emergency Department visits in Regina and Saskatoon hospitals by 5%.	5% reduction	Partially achieved Regina: 9% ↓ Saskatoon: 2% ↑
In 2017-18, reduce unnecessary admissions for ambulatory care sensitive conditions presenting in Regina and Saskatoon hospitals by 5%.	5% reduction	Achieved Regina: 7% ↓ Saskatoon: 8% ↓
In 2017-18, reduce the 7-day re-visit rate to Emergency Departments in Regina and Saskatoon hospitals by 5%.	5% reduction	Partially achieved Regina: 5% ↓ Saskatoon: 1% ↑
In 2017-18, reduce the 30-day readmission rate to hospitals in Regina and Saskatoon by 5%.	5% reduction	Not achieved Regina: 2% ↓ Saskatoon: 1% ↓

Results:

A commitment has been made in the health system to shift the delivery of care to be more community based, rather than institution based, thereby reducing usage of Emergency Department and acute care centres by allowing more patients to be managed in the community whenever possible. Over the past five years, Saskatchewan has invested in programs to address home and community service gaps and enhance primary home care services, including several new initiatives that aim to provide intermediate care for complex patients: Home First/Quick Response, Seniors' House Calls, Community Paramedicine and Connecting to Care.

As of March 31, 2018, provincial reductions were experienced in the following (*since the baseline of 2013-14*):

- Emergency Department length of stay, admitted – 7% reduction
- Time waiting for an inpatient bed – 13% reduction

Increases provincially were experienced in the following:

- Emergency Department length of stay, not admitted – 6% increase
- Time to physician initial assessment – 12% increase

Based on a review of the evidence, provincial modelling, and outcomes from community care pilot programs, Saskatchewan is focusing on those areas where the predicted impact is greatest for shifting emphasis away from emergency and hospital-based care to improving the connection and flow of patients into other care settings.

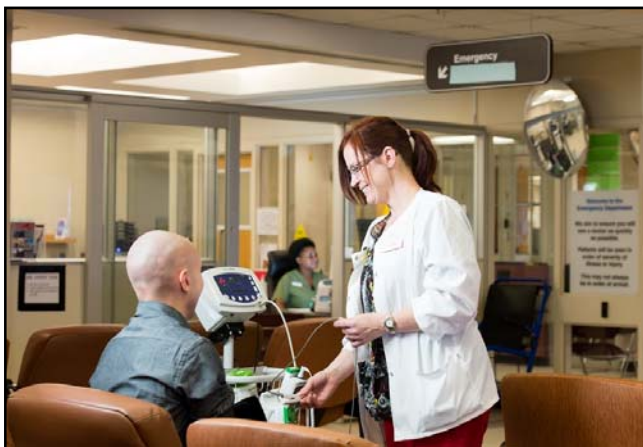

Primary Health Care Networks have been developed to create a partnership between physician clinics, the Saskatchewan Health Authority's primary and community care services, and other providers and communities within specific geographic areas. They are focused on meeting the needs of the community resulting in improved health outcomes and better care experiences for patients and families. Further development of Primary Health Care Networks will continue in the province throughout the next year.

In 2017-18, work began towards establishing Community Health Centres in Regina and Saskatoon that will be integrated within Primary Health Care Networks and provide team-based clinic and outreach services targeted to the complex needs of patients in specific neighbourhoods. These centres, once fully operational, will provide urgent chronic care and other basic health services on-site with expanded operating hours and after-hours services.

Accountable Care Units (ACUs) have also been developed as part of this work. ACUs are hospital units staffed by unit-based teams that are co-led by a physician and nurse. Patients and families are full partners in care decisions through initiatives such as interdisciplinary bedside rounding (the coordination of care among many different health care services, including the patient and family members, as part of the creation and implementation of the individual's care plan). It also includes the collection of unit-level performance data where information about quality, safety, and how quickly patients are moving through the unit is shared with the entire care team to drive targeted improvement.

Accountable Care Units have been established at Regina Pasqua Hospital and at Saskatoon St. Paul's Hospital, with implementation in progress on one additional unit at Pasqua Hospital and two additional units at St. Paul's Hospital.

Results have been positive with ACUs and other improvements in primary care and community services. From April 2017 to March 2018, the wait time from the time the decision to admit is made, to the time that the patient leaves the Emergency Department for an inpatient ward at Regina Pasqua Hospital, has been reduced by 34% for nine out of ten patients, compared with 2016-17. From April 2017 to February 2018, the time waiting for an inpatient bed at Saskatoon St. Paul's Hospital has been reduced by 20% for nine out of ten patients, compared with the same period in 2016-17.

Strategy: Referral to Specialists and Diagnostics

By March, 2019, Saskatchewan will reduce the wait time for an appropriate first consult appointment within eight specialty groups.

Performance Measures:

	Target	Status
In 2017-2018, implement the Provincial Referral Model with two new specialty groups (Saskatoon Child and Adolescence Psychiatry and the Regina Chronic Obstructive Pulmonary Disease (COPD) Pathway) reducing patient wait times by 25% within 12 months of the start date using pre-implementation baselines.	25% reduction within 12 months	Not achieved
In 2017-18, patient satisfaction with the referral process within two new specialty groups (Saskatoon Child and Adolescence Psychiatry and the Regina Chronic Obstructive Pulmonary Disease (COPD) Pathway) will increase by 25% within 12 months of the start date using pre-implementation baselines.	25% increase	In progress
In 2017-18, expand the LINK Telephone Consult Service to include three additional specialties.	Three additional specialties	Partially achieved

Results:

The eight specialty groups are recruited based on their specialist wait times, alignment with the work planned for health system priorities such as Emergency Department Wait and Patient Flow and resource availability. The work is completed in Regina Hip and Knee Treatment and Research Centre and Regina Mental Health Clinic. The provincial referral model implementation is currently underway in Saskatoon Child and Adolescence Psychiatry and the Regina Chronic Obstructive Pulmonary Disease (COPD) Pathway; the performance measure linking patient satisfaction with the referral process will be assessed after a start date is established.

The LINK Telephone Consult Service added two new specialties in 2017-18 including palliative care, which started taking calls in September 2017, and nephrology, which started taking calls in 2018. Work to expand the LINK Telephone Consult Service will continue in the 2018-19 fiscal year.

Strategy: *Appropriateness*

A culture of appropriateness throughout the health system will be demonstrated through support for provincial and local clinical quality improvement methodologies and projects.

Performance Measures:

	Target	Status
In 2017-18, 80% of clinicians in at least three selected clinical areas will be utilizing agreed upon best practices.	80% of clinicians	In Progress
In 2017-18, each RHA will complete implementation of at least two clinical quality improvement projects.	Two QI projects	In Progress
In 2017-18, each RHA will have at least one physician participating in clinical quality improvement training.	One physician per former RHA	In Progress
In 2017-18, there will be 80% compliance of the CT Lumbar Spine Checklist in the four selected former health regions that implemented the checklist (Regina Qu'Appelle, Saskatoon, Five Hills and Prairie North).	80% compliance	In Progress
In 2017-18, there will be 80% compliance of the agreed upon pre-operative evaluation guidelines in the four selected former health regions that implemented the guidelines (Regina Qu'Appelle, Saskatoon, PA Parkland and Prairie North).	80% compliance	In Progress

Results:

Data reported from nine former health regions indicated that there were a total of 77 local and provincial clinical quality improvement (QI) projects underway in 2017. Data was not received from three former health regions including Keewatin Yatthé, Mamawetan Churchill River and Sun Country; complete results are not able to be reported provincially for 2017-18.

In April, 2017, the CT Lumbar Spine Checklist was implemented in four former health regions including Five Hills, Prairie North, Regina Qu'Appelle and Saskatoon. Data collected from April to November of 2017 indicates that Five Hills Health Region and Saskatoon Health Region met the 80% target for physician adherence to the checklist while Regina Qu'Appelle Health Region and Prairie North Health Region did not meet the target. Various factors contributed to the physician adherence rate including internal communication gaps, difficulty reaching out to all physicians who order lumbar spine CTs, frontline staff turnover or shortage and a design issue with the checklist.

After data review, the decision was made to combine the Lumbar Spine CT Checklist with the MRI Checklist to make it more streamlined for physicians. The combined checklist is being trialed in Moose Jaw in the 2018-19 fiscal year and once completed, will be implemented provincially. A draft provincial pre-operative testing guideline is anticipated to be completed in the 2018-19 fiscal year, with testing to occur in North Battleford and Lloydminster and then replicating in other sites. Data indicating physician adherence to the guidelines will be collected and reported at the end of the trial period.

Strategy: Seniors

Seniors in Saskatchewan will have access to appropriate and coordinated community-based services to support individuals to remain at home, allowing them to progress into other care options as needs change.

Performance Measures:

	Target	Status
From April 1, 2017 to March 31, 2020, there will be a 10% reduction in the number of days spent in hospital during the last six months of life among seniors as an indicator of improved access to community-based services.	10% reduction	Achieved
In 2017-18, 100% of Saskatchewan long-term care facilities will meet the benchmark targets established for the seven quality indicators related to physical restraints, antipsychotics without a diagnosis, pain worsened, pressure ulcer newly occurring, pressure ulcer worsened, bladder continence worsening and falls.	100% of long-term care facilities	Not Achieved
In 2017-18, Purposeful Rounding will be implemented in 100% of long-term care facilities.	100% of long-term care facilities	Achieved

Results:

Establishment of primary care networks has begun in Regina and Saskatoon and will expand to other areas of the province over the next fiscal year. Community Health Centres in Regina and Saskatoon are being integrated into the primary care networks to deliver both clinical and home-based services in neighbourhoods identifying high numbers of seniors with multiple chronic conditions and frequent visitors to Emergency Departments. These centres will incorporate the Seniors' House Calls program to assist seniors to age at home safely and avoid hospital admissions.

Quality indicators in long-term care facilities continue to be measured and monitored. Provincially, long-term care facilities met the targets for physical restraints, antipsychotics without a diagnosis, newly occurring pressure ulcer and worsening pressure ulcer.

Targets were not met for pain worsened, bladder continence worsened and falls. However, the falls value has been steady over the past decade and Saskatchewan is significantly lower than the national average. Plans have been established for areas where the metrics are not currently meeting expected targets.

Feedback indicates positive outcomes in many areas of Purposeful Rounding, particularly in reducing falls and reduced use of call bells.

Purposeful Rounding is the practice of attending to the needs of long-term care residents within a prescribed amount of time, improving resident safety and satisfaction, while ensuring better clinical outcomes.

Purposeful Rounding has been implemented in 100% of all long-term care facilities.

Strategy: *Mental Health and Addictions*

Residents of Saskatchewan will have access to appropriate and coordinated mental health and addictions services that promote recovery to the greatest extent possible, improve mental health and well-being and ultimately enhance the overall health and vibrancy of our communities and our province.

Performance Measures:

	Target	Status
In 2017-18, there will be a 25% increase in the number of individuals who receive internet based cognitive behavioural therapy (I-CBT).	25% increase	Achieved
In 2017-18, Take Home Naloxone Kits will be available in all regional health authorities.	Take Home Naloxone Kits are available	Not Achieved At March 31, 2018, met in all but one former health region.

Results:

Access continued to be expanded in 2017-18 for individuals receiving internet based cognitive behavioural therapy (I-CBT). Clients were supported through online therapy in the continuum of mental health and addictions services, in partnership with the University of Regina's Online Therapy Unit. As of March 31, 2018, over 2,100 individuals across the province received I-CBT since its introduction in the 2014-15 fiscal year.

As of March 31, 2018, the publicly-funded Take Home Naloxone Program had expanded to communities in 11 of 12 former health regions, including Saskatoon, Regina, North Battleford, Yorkton, Kamsack, Prince Albert, Moose Jaw, Weyburn, Estevan, Kindersley, Buffalo Narrows, Swift Current, Melfort, Nipawin and Tisdale. Former Mamawetan Churchill River Health Region will implement the program in 2018-19.

Through this program, Take Home Naloxone Kits are available free of charge to individuals who are at risk of an opioid overdose, as well as those who may witness an overdose. Naloxone is an antidote to opioids such as fentanyl, morphine, heroin, methadone or oxycodone. It is currently used in Saskatchewan as an opioid overdose treatment practice in Emergency Departments and by paramedics in emergency situations. As of March 31, 2018, over 470 kits have been provided to individuals through the program and multiple reports have been received throughout the province that the kits have allowed Naloxone to be administered to individuals, aiding in survival during an overdose.

Strategy: Primary Health Care

People living with chronic conditions will experience better health as indicated by a 10% decrease in hospital utilization related to six common chronic conditions (Diabetes, Coronary Artery Disease, Chronic Obstructive Pulmonary Disease, Heart Failure, Depression and Asthma).

Performance Measures:

	Target	Status
By March 2018, people living with chronic conditions will experience better health as indicated by a 10% decrease in hospital utilization (from baseline data captured between 2009-2012) related to six common chronic conditions (Diabetes, Coronary Artery Disease, Chronic Obstructive Pulmonary Disease, Heart Failure, Depression and Asthma).	10% decrease	Not Achieved
By March 31, 2020, 50% of patients living with one or more of four common chronic conditions (Diabetes, Coronary Artery Disease, Chronic Obstructive Pulmonary Disease and Heart Failure) are receiving best practice care as evidenced by completion of provincial templates available through approved electronic medical records and the Electronic Health Record viewer. The in-year target is 30% of patients receiving this care by March 31, 2018.	30% of patients	Not Achieved

Results:

In 2017-18, planning and preparatory work was completed to support the development of primary health care networks and high quality transitions from acute care to community settings. Efforts included:

- consulting with key stakeholders regarding attributes of high-functioning primary health care systems and analyzing implementation of networks in Saskatchewan to enable integration;
- identifying and reviewing data required to support engagement events;
- developing a jurisdictional review to learn from other established network models in Canada as a way to organize and integrate primary care at the local level; and,
- learning from the development of Accountable Care Units and Community Health Centres, which use collaborative inter-disciplinary teams to support high quality transitions between hospital and community settings.

The Chronic Disease Management - Quality Improvement Program (CDM-QIP) exists to support health care providers in delivering optimum care to patients living with chronic conditions. Within the program, flow sheets and disease-specific indicators have been developed for four chronic conditions including diabetes, heart failure, coronary artery disease and chronic obstructive pulmonary disease (COPD).

Further support of Chronic Disease Management exists through COPD Pathway implementation in former Regina Qu'Appelle Health Region, a HealthLine Outbound COPD Call Pilot in former Kelsey Trail Health Region and continuation of expanded access to care through Remote Presence Technology (RPT)

in the north. RPT allows health care providers to be virtually “present” in a community to perform real-time assessments, diagnostics and patient management from a remote location via mobile robots or portable hand-held devices.

Targets were not achieved in 2017-18 due to a number of factors including data being derived from administrative databases for hospital admissions and Emergency Department visits that experienced delays in submission of data, and in the 2016-17 fiscal year, the definition of providers and patients changed from enrolled (i.e. two or more visits submitted to the CDM repository) to active (i.e. a CDM visit to the CDM repository within a 12 month period). This change affects the ability to cross-compare the above to previously reported CDM-QIP (Chronic Disease Management - Quality Improvement Program) data in 2016-17.

At the end of March 2018, 22.3% (40,657 patients) were receiving best practice care as evidenced by completion of provincial templates available through approved electronic medical records and the Electronic Health Record viewer, 7.7% below the target of 30% for the 2017-18 fiscal year.

New Primary Health Centre to enhance patient care

Cut Knife and area residents now have access to enhanced high quality, timely primary health care services in their community after a relocation and expansion of the former medical clinic within the Cut Knife Health Complex.

The newly developed Primary Health Centre officially opened in February, 2018 and is located in the west wing of the Cut Knife Health Complex. Relocating the centre on the same side of the facility as the lab improves convenience for patients needing services of both the lab and primary health care, providing access in one location.

“We are very happy to have this part of the Cut Knife Health Complex being used again and really believe our communities will be served better with the enhanced hours and larger space.”

- Gwenn Kay, Mayor of Cut Knife

The new space includes three patient examination rooms and a private physician and nurse practitioner space for counselling. It also has space for visiting mental health counsellors, a chronic disease management professional, a nutrition specialist, public health nurses and home care nurses. “The new space is over three times larger than the former Cut Knife Clinic and patient access to services is nearly doubled, with PHC hours expanded to five days a week,” said Charlotte Hamilton, director of Primary Health Services North Battleford with the Saskatchewan Health Authority.

The new location also offers greater access to Telehealth services including patient consultations with specialists and educational sessions which will help to reduce travel times to larger centres where the specialists are located for Cut Knife and area patients.

Strategy: *Culture of Safety*

To achieve a culture of safety, by March 31, 2020, there will be no harm to patients or staff.

Performance Measures:

	Target	Status
In 2017-18, Safety Alert/Stop the Line will be implemented in 100% of acute care facilities in Saskatchewan.	100% implementation	Not Achieved 90% implementation
In 2017-18, greater than 95% of care transitions where clients are at risk of medication errors will have medication reconciliation performed.	Greater than 95% of clients	Not Achieved Completed for 67% of all care transitions
In 2017-18, the health care system in Saskatchewan will investigate 100% of time-loss injuries involving shoulder and back to root cause.	100% investigations	Not Achieved 86% of investigations as of Sept 30, 2017
In 2017-18, the health care system in Saskatchewan will fully implement the Safety Management System.	Full implementation	In Progress Fully implemented in 7 of 12 former health regions

Results:

Safety Alert/Stop the Line targets were achieved in 74% (43 of 58) of acute care facilities in Saskatchewan. In order for a facility to count as having implemented Safety Alert/Stop the Line, at least 75% of all staff must have taken and passed the program training. Training is occurring in all facilities, but not all reached the 75% target prior to March 31, 2018. The facilities who achieved this target account for 90% of the province's acute care beds.

Medication Reconciliation (MedRec) is a process where health care providers work with patients and their families to ensure medication information is transferred accurately and completely at every stage of care. This includes admission and discharge from an acute care setting, or whenever there is a change in care setting, service, or level of care.

In March, 2018, the provincial average for compliance with MedRec was 67% for all care transitions. MedRec was performed during 94% of admissions to hospital, and 40% of discharges/transfers from hospital.

Shoulder and back injury claims have shown a continued downward trend, with an additional 2.5% decrease from 2016-17. The system continues to work hard to investigate all occurrences to root-cause however not all former regional health authorities' data was able to be captured for 2017-18, causing the target to reflect as not achieved.

The Safety Management System (SMS) is anticipated to become the provincial standard for health care, with a standardized approach to implementation. The Safety Management System is designed to combine staff and patient safety information in one management system, focused on providing the safest environment possible for all staff and patients. 58% (7 of 12) of former health regions fully implemented the Safety Management System as of March 31, 2018.

Continued improvements to SMS in participating former regions included collaborating with patient-family representatives, frontline staff, physicians, union partners, Saskatchewan Association for Safe Workplaces in Health (SASWH) and the Ministry of Health. SMS work was also done in many former regions to address initiatives such as violence prevention strategies, implementation of the updated Workplace Hazardous Materials Information System (WHMIS 2015), as well as the implementation of standard Safety Alert/Stop the Line training, processes and procedures.

A Rapid Process Improvement Workshop (RPIW) was completed in former Cypress Health Region focused on the Stop the Line process within the Safety Management System. The aim of the improvement event was to have an escalation process established when a Stop the Line incident was reported, to ensure that standard escalation procedures were understood and followed. This supported the individual(s) reporting the incident(s) and provided a consistent process focused on safety for all staff and patients.

Governance and Leadership

Saskatchewan Health Authority Board of Directors

The Saskatchewan Health Authority (SHA) is governed by the Saskatchewan Health Authority Board of Directors. The Board consists of 10 voting members, appointed to three-year terms by the Minister of Health. The Board is accountable to the Minister of Health to achieve the goals and objectives of the Saskatchewan Health Authority, ensuring effective planning, delivery and evaluation of all health care programs, on behalf of the residents of Saskatchewan.

Communication with the Minister of Health, the Minister Responsible for Rural and Remote Health and the Deputy Minister occurs through a variety of methods, including face-to-face meetings. The Board Chairperson and Chief Executive Officer represent the Saskatchewan Health Authority at these meetings several times a year.

The Board has regularly scheduled public meetings; the dates, times and locations of all public meetings are listed on the Saskatchewan Health Authority website. As part of the commitment to public transparency, all decisions of the SHA are made during the public portion of meetings; minutes of past meetings, once approved, are posted publically.

Saskatchewan Health Authority Board Members:

- R.W. (Dick) Carter, Chairperson – Regina
- Grant Kook – Vice Chairperson – Saskatoon
- Brenda Abrametz – Prince Albert
- Marilyn Charlton – Weyburn
- Judy Davis – Regina
- Robert Pletch – Regina
- Dr. Preston Smith – Saskatoon
- Rosalena Smith – Pinehouse Lake
- Dr. Janet Tootosis – North Battleford
- Tom Zurowski – Saskatoon

Committees of the Board:

- Governance and Human Resources Committee
- Quality and Safety Committee
- Audit, Finance and Risk Committee
- Board Practitioner Hearing Committee
- Practitioner Liaison Committee

Saskatchewan Health Authority Executive Leadership Team

The Executive Leadership Team is led by a group of diverse leaders from a variety of backgrounds. They bring a multitude of skill sets and experience to the organization, working with their teams on system-wide improvements, coordinating health care services across the province and improving access to high quality, timely patient care for our residents – wherever they live.

The Executive Leadership Team is focused on providing local management and support services across the province through transparency and ensuring the organization leverages the strengths of our people as our greatest asset: the right people with the right skills in the right positions.

An organizational chart can be found in Appendix A of this report.

Saskatchewan Health Authority Executive Leadership Team members:

- Scott Livingstone – Chief Executive Officer
- Suann Laurent – Chief Operating Officer
- Beth Vachon – Vice President Quality, Safety and Strategy
- Dr. Susan Shaw – Chief Medical Officer
- Mike Northcott – Chief Human Resources Officer
- Robbie Peters – Vice President Finance and Chief Financial Officer
- Andrew Will – Vice President Infrastructure, Information and Support
- Karen Earnshaw – Vice President Integrated Rural Health
- Dr. Kevin Wasko – Physician Executive, Integrated Rural Health
- Andrew McLetchie – Vice President Integrated Northern Health
- Dr. Stephanie Young – Physician Executive, Integrated Northern Health
- Sharon Garratt – Vice President Integrated Urban Health and Chief Nursing Officer
- Dr. Mark Wahba – Physician Executive, Integrated Urban Health
- Corey Miller – Vice President Provincial Programs
- Dr. Paul Babyn – Physician Executive, Provincial Programs
- Kim McKechney – Executive Director Community Engagement and Communications

Management Report

June 1, 2018

Saskatchewan Health Authority
Report of Management

The accompanying financial statements are the responsibility of management, and are approved by the Saskatchewan Health Authority. The financial statements have been prepared in accordance with Canadian Public Sector Accounting Standards and the Financial Reporting Guide issued by the Ministry of Health, and of necessity includes amounts based on estimates and judgements. The financial information presented in the annual report is consistent with the financial statements.

Management maintains appropriate systems of internal control, including policies and procedures, which provide reasonable assurance that the SHA's assets are safeguarded and the financial records are relevant and reliable.

The Board delegates responsibility for reviewing the financial statements and overseeing management's performance in financial reporting to the Audit, Finance and Risk Committee. The Audit, Finance and Risk Committee meets with the Board, management and the external auditors to discuss and review financial matters and recommends the financial statements to the Board for approval. The Board approves the annual report, and, with the recommendation of the Audit, Finance and Risk Committee, approves the financial statements.

The appointed auditor conducts an independent audit of the financial statements. The auditor's report expresses an opinion on the fairness of the financial statements prepared by management.

Scott Livingstone
Chief Executive Officer
Saskatchewan Health Authority

Robbie Peters
Vice President Finance and Chief Financial Officer
Saskatchewan Health Authority

2017-18 Financial Overview

Through legislation that transitioned the 12 former regional health authorities (RHAs) previously operating in Saskatchewan, the Saskatchewan Health Authority (SHA) assumed all assets, liabilities, rights and obligations of the RHAs, effective December 4, 2017. In addition, St. Paul's Hospital of Saskatoon has been assessed as a controlled affiliate organization of the SHA under Public Sector Accounting Standards for Government Not-for Profit Organizations. Therefore, St. Paul's operations for the year ended March 31, and balances as of March 31, have been consolidated within the SHA consolidated financial statements. These financial statements cover the reporting periods April 1, 2017 to March 31, 2018 of the former RHAs and St. Paul's Hospital.

For the year ended March 31, 2018, the SHA recorded a deficit of \$4.677 million compared to a deficit of \$26.223 million in 2016/17. Included in this is an operating fund surplus of \$11.821 million and a restricted capital fund deficit of \$16.475 million, before inter fund transfers. In total, the Ministry of Health provided \$3.54 billion or 90.83 percent of operating funding (\$3.51 billion in 2016/17, or 89.29 percent of operating funding).

During the 2017/18 fiscal year, operating revenue totaling \$3.902 billion was received, an increase of 1.32 percent over 2016/17. Budgeted revenue for 2017/18 was \$3.812 billion, resulting in a favourable revenue variance of \$89.66 million. Ministry of Health revenue accounts for the majority of the additional revenue this fiscal year, and includes a one-time payment of \$41 million. Additional favourable variances included recoveries and client and patient revenues of \$13.530 million.

Operating expenditures of \$3.890 billion were incurred by the SHA in 2017/18, compared to budgeted expenditures of \$3.809 billion, resulting in an unfavourable variance of \$81.6 million. This is an increase of \$66.18 million in expenses, compared to 2016/17. Salary and benefit costs, including medical remuneration, accounted for approximately 73.39 percent of total operating expenditures (73.35 percent in 2016/17) and these costs contributed to 69.17 percent of the unfavourable expense variance.

\$4.027 billion in total expenses, including capital expenditures, were incurred to meet the health needs of the province, compared to \$3.961 billion in 2016/17. These expenditures were distributed as follows:

- \$1.628 billion or 40.44 percent (\$1.601 billion or 40.43 percent in 2016/17) was spent to provide services to patients and residents in our facilities;
- \$654.783 million or 16.26 percent (\$639.877 million or 16.15 percent in 2016/17) was spent on community health programs including home care, primary health care, mental health and addictions services, and emergency response services;
- \$798.426 million or 19.83 percent (\$779.666 million or 19.68 percent in 2016/17) was spent on ambulatory care and diagnostic and therapeutic services; and,
- \$945.175 million or 23.47 percent (\$940.064 million or 23.73 percent in 2016/17) was spent on support and ancillary services which includes areas such as housekeeping, dietary, laundry, materials management and maintenance.

Similar to recent years, managing human resource costs continued to be the biggest challenge for the SHA in 2017/18. Deficit reduction initiatives focused on reducing compensation costs in all former RHAs including improvement initiatives aimed at reducing sick time, orientation costs and overtime usage. Productivity initiatives included optimizing the use of our human resources through work standards, utilizing the right staff mix, daily management and aligning capacity with demand.

During the year, the SHA provided funding of \$94.033 million (\$93.673 million in 2016/17) to prescribed health-care organizations and other third parties for the provision of health services. Additional information can be found in Note 14 a) of the audited financial statements.

Capital investment for 2017/18 totaled \$165.568 million, compared to \$171.757 million in 2016/17. The majority of funding was provided by the Ministry of Health with the remainder of the SHA's funding provided by various sources, such as foundations and rural trust contributions. Depreciation expense was \$119.891 million (\$121.740 million in 2016/17).

The SHA is responsible for managing various community trust funds. These funds reflect the community generated assets, which were transferred to the SHA in accordance with the pre-amalgamation agreements. Detailed information regarding these funds can be found in note 2(c)(iii) and Schedule 3 of the audited financial statements.

The SHA has outstanding Saskatchewan Housing mortgages totaling \$17.942 million as at March 31, 2018 (\$23.512 million as at March 31, 2017). Mortgages are held on several of the special care homes and are secured through the land and buildings of the special care homes. In addition, the SHA has long-term debt in the amount of \$67.041 million as at March 31, 2018 (\$67.181 million as at March 31, 2017). This includes energy performance contracts and revolving credit facilities. Further information related to the SHA's debt is disclosed in notes 7 and 8 of the audited financial statements.

Consolidated Financial Statements of

**SASKATCHEWAN
HEALTH AUTHORITY**

Year ended March 31, 2018

INDEPENDENT AUDITOR'S REPORT

To: The Members of the Legislative Assembly of Saskatchewan

I have audited the accompanying financial statements of Saskatchewan Health Authority, which comprise the Consolidated Statement of Financial Position as at March 31, 2018, and the Consolidated Statements of Operations, Remeasurement Gains and Losses, Changes in Fund Balances, and Cash Flow for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards for not-for-profit organizations for Treasury Board's approval, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, the consolidated financial statements present fairly, in all material respects, the financial position of the Saskatchewan Health Authority as at March 31, 2018, and the results of its operations and its cash flows for the year then ended in accordance with Canadian public sector accounting standards for not-for-profit organizations.

Emphasis of Matter

We draw attention to Notes 1 and 25 of the consolidated financial statements. These notes describe that the Authority was established as a result of the amalgamation of 12 former regional health authorities. Note 25 describes that the consolidated comparative figures for 2016-17 presented in the financial statements and notes and schedules have not been audited. Our opinion is not modified in respect of this matter in that our audit opinion on the consolidated financial statements is for the current period only.

Regina, Saskatchewan

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2018
(in thousands of dollars)

1. Legislative Authority and Restructure of the Health Services Delivery System in Saskatchewan

During 2017-18 the Saskatchewan Health Authority (SHA) was established pursuant to *The Provincial Health Authority Act* (the Act). All assets, liabilities, rights and obligations of the 12 former regional health authorities have been assumed, through the amalgamation, by the SHA. The SHA became responsible for the planning, organization, delivery and evaluation of the health services system for the entire province. Note 25 provides disclosure of the impact that the amalgamation has had on certain comparative figures.

The SHA is a not-for-profit organization and is not subject to income and property taxes from the federal, provincial and municipal levels of government. The SHA is a registered charity under *The Income Tax Act* (Canada).

2. Significant Accounting Policies

These consolidated financial statements have been prepared in accordance with Canadian public sector accounting (PSA) standards, issued by the Public Sector Accounting Board and published by Chartered Professional Accountants Canada. The SHA has adopted the standards for government not-for-profit organizations, set forth at PSA Handbook sections PS 4200 to PS 4270.

a) SHA reporting entity

The SHA's reporting entity includes the following organizations that are controlled by the SHA:

i) St. Paul's (Grey Nuns) of Saskatoon (St. Paul's)

St. Paul's is incorporated (and is a registered charity under *The Income Tax Act* of Canada). The SHA has a Joint Service Management Agreement with St. Paul's. By agreement, the SHA and the affiliate were each given responsibility for the management of designated service lines and support services. St. Paul's is consolidated after adjustments to a basis consistent with the accounting policies of the SHA. Transactions and inter-organization balances between the SHA and the affiliate are eliminated. The agreement with St. Paul's expires June 30, 2025.

ii) Health Shared Services Saskatchewan (3sHealth)

3sHealth is incorporated (and is a registered charity under *The Income Tax Act* of Canada). The SHA works collaboratively with 3sHealth and other stakeholders to achieve best value while improving the patient experience through a shared services model. The SHA has control of 3sHealth through the SHA's 96% voting membership on the Governing Council.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2018
(in thousands of dollars)

2. Significant Accounting Policies (continued)

a) SHA reporting entity (continued)

ii) Health Shared Services Saskatchewan (3sHealth)

The accounting policies of 3sHealth are consistent with those of the SHA. 3sHealth is not consolidated in the financial statements; rather Note 15 provides supplementary information on the financial position, results of operations, and cash flow.

b) Health care organizations (HCOs)

These consolidated financial statements do not include the activities of HCOs, foundations and affiliates other than St. Paul's as set out in 2(a)(i).

i) The SHA has agreements with and provides annual grant funding to prescribed HCOs to provide health services.

Note 14a) provides a listing of payments to prescribed HCOs.

ii) The SHA provides annual grant funding to its remaining affiliates for the delivery of health care services; these affiliates are incorporated (and are registered charities under *The Income Tax Act* of Canada).

Note 14b) provides supplementary information on the financial position, results of operations, and cash flows of the affiliates.

iii) The SHA receives donations or ancillary revenue from various fundraising foundations as set out in Note 16. The foundations are incorporated under *The Non-Profit Corporations Act* (and are registered charities under *The Income Tax Act*).

c) Fund accounting

The accounts of the SHA are maintained in accordance with the restricted fund method of accounting for revenues. For financial reporting purposes, accounts with similar characteristics have been combined into the following major funds:

i) Operating fund

The operating fund reflects the primary operations of the SHA including revenues received for provision of health services from Ministry of Health - General Revenue Fund, and billings to patients, clients, the federal government and other agencies for patient and client services. Other revenue consists of donations, recoveries, and ancillary revenue. Expenses are for the delivery of health services.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2018
(in thousands of dollars)

2. Significant Accounting Policies (continued)

c) Fund accounting (continued)

ii) Capital fund

The capital fund is a restricted fund that reflects the equity of the SHA in capital assets after taking into consideration any associated long-term debt. The capital fund includes revenues received from Ministry of Health - General Revenue Fund provided for construction of capital projects and/or the acquisition of capital assets. The capital fund also includes donations designated for capital purposes by the contributor. Expenses consist primarily of amortization of capital assets.

iii) Community trust fund

The community trust fund is a restricted fund that reflects community generated assets transferred to the SHA in accordance with the pre-amalgamation agreements signed with the amalgamating health corporations in May 1993. The assets include cash and investments initially accumulated by the health corporations in the SHA from donations or municipal tax levies. These assets are accounted for separately and use of the assets is subject to restrictions set out in pre-amalgamation agreements between the SHA and the health corporations.

d) Revenue

Unrestricted revenues are recognized as revenue in the operating fund in the year received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

Restricted revenues related to general operations are recorded as deferred revenue and recognized as revenue of the operating fund in the year in which the related expenses are incurred. In the 2017-18 fiscal year the SHA recognized all deferred revenue from the Ministry of Health as set out in Note 22. All other restricted revenues are recognized as revenue of the appropriate restricted fund in the year received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

e) Cash and cash equivalents

Cash and cash equivalents consist of balances with financial institutions which have an initial term to maturity of 90 days or less.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2018
(in thousands of dollars)

2. Significant Accounting Policies (continued)

f) Capital assets

Capital assets are recorded at cost, while normal maintenance and repairs are expensed as incurred. Donated capital assets are recorded at their fair value at the date of contribution (if fair value can be reasonably determined). During construction, these assets are recorded based on their percentage of completion and are disclosed as construction in progress. Amortization commences when the asset is in service. Capital assets procured through public private partnerships are valued at the total of the nominal value of progress payments made during or on completion of construction and the present value of the future capital payments, discounted to the date the asset is available for use, using the Government's borrowing rate for long-term debt at the time the agreement is signed.

Capital assets, with a useful life exceeding one year, are amortized primarily on a straight-line or declining basis over their estimated useful lives as follows:

Land & improvements	1 to 33%
Building & improvements	1 to 57%
Equipment	3 to 33%

g) Inventory

Inventory consists of general stores, medical and surgical, pharmacy, and other. All inventories are held at the lower of net realizable value or cost as determined on a weighted average or on a first in first out basis.

h) Employee future benefits

i) Pension plans

Pension liabilities are calculated using the values as provided by the pension plan in audited statements, and the percentage of the SHA employees who are active plan members. Changes in the pension liabilities that result from adjustments in estimated gains and losses and changes in actuarial assumptions are amortized on a straight-line basis over the expected average remaining service life of the related employee group. Amortization commences in the year following the determination of the adjustment. Losses resulting from plan amendments are recognized in the period of the plan amendment.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2018
(in thousands of dollars)

2. Significant Accounting Policies (continued)

h) Employee future benefits (continued)

ii) Disability income plan

Employees of the SHA participate in several disability income plans to provide wage-loss insurance due to disability. The SHA follows post-employment benefits accounting for its participation in the plans. Accordingly, the SHA expenses all contributions it is required to make in the year.

iii) Accumulated sick leave benefit liability

The SHA provides sick leave benefits for employees that accumulate but do not vest. The SHA recognizes a liability and an expense for sick leave in the period in which employees render services in return for the benefits. The liability and expense is developed using an actuarial cost method. Actuarial gains and losses are amortized on a straight-line basis over the expected average remaining service life of the related employee groups.

i) Public Private Partnership (P3) The Meadows in Swift Current

The Meadows opened in May of 2016 with a partnership agreement that extends to April of 2046. The SHA amortizes the cost of the completed project over its useful life, expenses the annual interest, and settles the long-term liability to the private sector partner over the term of the agreement. In addition, life cycle and operations and maintenance obligations are expensed as paid.

The long-term receivable from the Ministry of Health and local stakeholders is collected over the term of the funding agreement.

j) Measurement uncertainty

In the preparation of the consolidated financial statements, management makes various estimates and assumptions in determining the reported amounts of assets and liabilities, revenues and expenses and in the disclosure of contingencies and contractual rights and obligations. Changes in estimates and assumptions will occur based on the passage of time and the occurrence of certain future events. The changes will be reported in revenues or expenses in the period in which they become known. Significant items subject to such estimates and assumptions include the estimated accumulated sick leave liability, other employee future benefits, and estimates of the useful lives of capital assets.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2018
(in thousands of dollars)

2. Significant Accounting Policies (continued)

k) Financial instruments

The SHA has classified its financial instruments into one of the following categories: i) fair value or ii) cost or amortized cost.

All financial instruments are measured at fair value upon initial recognition. The fair value of a financial instrument is the amount at which the financial instrument could be exchanged in an arm's-length transaction between knowledgeable and willing parties under no compulsion to act.

Freestanding derivative instruments continue to be measured at fair value. Gains and losses are recognized in the Consolidated Statement of Remeasurement Gains (Losses) until the instruments are derecognized.

The following financial instruments are subsequently measured at cost or amortized cost:

- Accounts receivable
- Short-term and long-term investments
- Accounts payable and accrued liabilities, accrued salaries and vacation payable
- Long-term debt and mortgages payable

All financial assets are assessed for impairment on an annual basis. When a decline is determined to be other than temporary, the amount of the loss is reported in the Consolidated Statement of Operations.

Related debt premium or discount and transaction costs are included in the carrying value of financial instruments recorded at cost or amortized cost and are amortized into interest expense using the effective interest rate method.

l) Leases

Leases that transfer substantially all of the benefits and risks of ownership related to the leased property from the lessor to the SHA are accounted for as a capital lease. Other leases are accounted for as operating leases with contractual obligations disclosed in Note 5b).

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2018
(in thousands of dollars)

2. Significant Accounting Policies (continued)

m) Volunteer services

The operations of the SHA utilize services of many volunteers. Because of the difficulty in determining the fair market value of these donated services, the value of these donated services is not recognized in the consolidated financial statements.

n) New accounting standards in effect

Effective April 1, 2017, the SHA adopted the following Canadian public sector accounting standards; also included is a description of this change and the impact it has on the consolidated financial statements:

- i) PS 2200 Related Party Disclosures defines a related party and establishes disclosures required for related party transactions. Disclosure is required when transactions have occurred at a value different from that which would have been arrived at if the parties were unrelated, and they have, or could have, a material financial effect on the consolidated financial statements. Refer to Note 13 for more information.
- ii) PS 3210 Assets provides guidance for applying the definition of assets and establishing disclosure requirements for assets. Disclosure about the major categories of assets that are not recognized is required. When an asset is not recognized because a reasonable estimate cannot be made, the reason(s) for this should be disclosed. This standard has no impact on the consolidated financial statements.
- iii) PS 3320 Contingent Assets defines and establishes disclosure standards on contingent assets. Disclosure is required when the occurrence of the confirming future event is likely. The SHA does not have any reportable contingent assets as per Note 6c.
- iv) PS 3380 Contractual Rights defines and establishes disclosure standards on contractual rights. Refer to Note 4 for the nature, extent and timing of the SHAs contractual rights.
- v) PS 3420 Inter-Entity Transactions establishes standards on how to account for and report transactions between public sector entities that comprise a government's reporting entity from both a provider and recipient perspective. This standard has no impact on the consolidated financial statements. Refer to Note 13 for more information.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2018
(in thousands of dollars)

2. Significant Accounting Policies (continued)

o) New accounting standard not yet in effect

A new Canadian public sector accounting standard is not yet in effect for governments and has not been applied in preparing these consolidated financial statements. The SHA plans to adopt this new standard on the effective date and is currently analyzing the impact this will have on these consolidated financial statements.

The following standard will become effective as follows:

- PS 3430 Restructuring Transactions (effective April 1, 2018), a new standard defining a restructuring transaction and establishing guidance on recognition and measurement of assets and liabilities transferred in a restructuring transaction.

p) Planned 2018-19 adoption of accounting standards

Effective April 1, 2018, the SHA will adopt full Canadian public sector accounting standards without the use of the standards set forth in Sections PS 4200 to 4270. Management has not yet determined the impact these standards will have on these consolidated financial statements.

3. Capital Assets

	Land & Improvements	Buildings & Improvements	Equipment	Construction in Progress	2018	unaudited 2017
Cost, beginning of year	\$ 44,259	\$ 2,398,249	\$ 1,005,868	\$ 198,589	\$ 3,646,965	\$ 3,487,150
Additions	1,207	14,290	33,298	116,773	165,568	171,757
Disposals	(1,381)	15,082	(15,435)	(24,581)	(26,315)	(11,942)
Cost, End of Year	44,085	2,427,621	1,023,731	290,781	3,786,218	3,646,965

Accumulated amortization, End of Year	13,531	1,273,126	866,070	-	2,152,727	2,056,016
Net Book Value	\$ 30,554	\$ 1,154,495	\$ 157,661	\$ 290,781	\$ 1,633,491	\$ 1,590,949

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2018
(in thousands of dollars)

4. Contractual Rights

SHA has the following contractual rights:

- a) Rental revenue and Saskatchewan Housing Corporation (SHC) mortgage subsidy

Rental revenue of \$4.0 million from contracts for retail space, non-profit activity or office space. Contract expiry terms range from March 31, 2019 to March 31, 2023.

SHC mortgage subsidy of \$5.4 million for supportive care homes financed by CMHC. Contract expiry terms range November 30, 2020 to August 31, 2027.

The SHA has contractual rights for rental revenue and SHC mortgage subsidy for the next five years as outlined in the table below:

	Rental Revenue	SHC Subsidy	Total
2019	\$ 1,127	\$ 721	\$ 1,848
2020	1,000	700	1,700
2021	741	668	1,409
2022	557	666	1,223
2023 and subsequent	538	2,650	3,188

- b) Master services agreement with Alberta Health Services

The SHA provides health services to Alberta residents under the Bi-Provincial Lloydminster Health Services Agreement with Alberta Health Services (AHS). The current agreement with AHS expires on March 31, 2019. The revenue to be provided by the AHS Master Services Agreement in 2019 is \$41.0 million (2018 - \$41.0 million).

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2018
(in thousands of dollars)

5. Contractual Obligations

a) Capital assets acquisitions

At March 31, 2018, contractual obligations for the acquisition and construction of capital assets were \$119.0 million (2017 - \$198.0 million) to be paid over the next year.

b) Operating leases

Minimum annual payments under operating leases on property and equipment over the next five years are as follows:

2019	\$	16,706
2020		14,336
2021		11,270
2022		9,291
2023 and subsequent		5,325

c) Contracted HCOs

As disclosed in Note 2, the SHA contracts with private health service operators to provide health services. Certain of these contracts have provisions for continuation of services and/or purchase of facilities in the event of termination. Services provided in the year ended March 31, 2018 will continue to be contracted for the following fiscal year. Note 14a) provides supplementary information on HCOs, while minimum annual payments to HCOs over the next five years are as follows:

2019	\$	6,501
2020		2,019
2021		817
2022		288
2023 and subsequent		288

d) Obligations under long-term financing arrangement

The SHA has contractual obligations in the form of a P3 agreement. Refer to Note 9 for this information.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2018
(in thousands of dollars)

6. Contingencies

a) Lien

During the construction of the new hospital in Moose Jaw, a dispute arose with a subcontractor regarding the terms and conditions in the contract. As a result, the subcontractor has placed a \$12.0 million lien on the property. The SHA is working with its legal counsel to resolve this issue however the outcome of this dispute is not determinable. No amounts have been accrued in the consolidated financial statements for this amount.

b) Contingent liabilities

The SHA, along with others, is a defendant to several claims which have been brought against it over the years as a result of its medical operations. The SHA believes these claims are without merit or are covered by insurance. Settlements, if any, in excess of insurance coverage, would be accounted for as a charge against operations in the period in which settlements arise.

c) Contingent assets

The SHA does not have any reportable contingent assets at March 31, 2018.

The SHA is required to maintain certain replacement reserves as a condition of receiving subsidy assistance from Canada Mortgage and Housing Corporation (CMHC). Schedule 4 shows the changes in these reserve balances during the year. Saskatchewan Housing Corporation may provide a mortgage subsidy for supportive care homes financed by CMHC. The subsidy may change when the mortgage renewal occurs.

Interest paid on mortgages during the year was \$519 (2017 - \$764). For each of the mortgages, the SHA has pledged the related buildings of the special care homes as security, which have a net book value of \$72.4 million (2017 - \$78.2 million). The average term to maturity of gross debt is 4.7 years (2017 - 5.2 years).

Principal repayments required in each of the next five years and thereafter are estimated as follows:

2019	\$ 3,849
2020	3,621
2021	3,322
2022	2,422
2023 and subsequent	4,728

The SHA has reduced its exposure to interest rate fluctuations by entering into an interest rate swap on the full amount of its revolving credit facility for the JPCH Early Works Project (\$24.9 million) and the Energy Performance Contract (\$14.9 million). The interest rate swap effectively fixes the interest rate on the JPCH Early Works Project debt at 2.96% until July 10, 2020, and on the Energy Performance Contract debt at 2.17% until May 23, 2021 (\$12.0 million) and 5.03% until September 4, 2024 (\$2.9 million).

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

(in thousands of dollars)

8. Long-Term Debt (continued)

a) Long-term debt (continued)

The fair value of the interest rate swaps are recorded on the consolidated statement of financial position with changes in the fair value reflected in the consolidated statement of remeasurement gains (losses). For the year ended March 31, 2018 the market value gain (loss) on the interest rate swap was \$ 1.8 million (2017 - gain of \$1.2 million).

As at March 31, 2018, the SHA had revolving credit facilities outstanding for \$65.3 million (2017 - \$67.3 million). The facilities may be drawn by way of bankers' acceptances of \$55.3 million (2017 - \$57.3 million) and leases of \$10.0 million (2017 - \$10.0 million). The credit facilities may be used for general operating purposes, renovations and expansion, related infrastructure and energy retrofit program, and the acquisition of capital assets. Balances outstanding and repayment terms under each facility are disclosed above.

The Royal Bank loans are secured by general securities agreements. Assets pledged as security have a net book value of \$7.7 million (2017 - \$7.8 million). The average term to maturity of gross debt is 11.2 years (2017 - 12.7 years). Interest paid on long-term debt during the year was \$2.0 million (2017 - \$2.0 million).

Principal repayments required in each of the next five years and thereafter are estimated as follows:

2019	\$ 14,239
2020	3,999
2021	4,130
2022	4,276
2023 and subsequent	40,397

Year ended March 31, 2018
(in thousands of dollars)

8. Long-Term Debt (continued)

c) Debentures payable

The SHA owns and operates several accommodation units occupied by “unit holders.” In consideration for a life interest in a “right of use” of the accommodation unit, the unit holder contributes a lump sum deposit. In accordance with the debenture agreement, in the event of the death of the unit holder or termination of the occupant agreement by either party, the SHA is obligated to repay the unit holder or their representative the lesser of:

- (a) The original sum; or
- (b) The fair market value of the holders’ right of use.

The debenture payable represents the accumulated amount of deposits received from the market unit holders. These debentures are non-interest bearing with no fixed terms of repayment. The specific land and buildings to which the debentures relate have been pledged as collateral.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

9. Obligations Under Long-term Financing Arrangement

In September 2014, the SHA entered into a P3 arrangement with Plenary Health Swift Current Limited Partnership for the design, build, finance, and maintenance of The Meadows in Swift Current (a long term care facility). The Meadows opened in May of 2016 with a partnership agreement that extends to April of 2046 (32 years). This P3 has a discount rate of 3.50%.

The change in the obligation was as follows:

	Total 2018	unaudited Total 2017
Obligation, beginning of year	\$ 121,743	\$ 119,238
Additions	-	4,710
Payments	(2,486)	(2,205)
Obligation, End of Year	\$ 119,257	\$ 121,743
Less current portion	\$ 2,572	\$ 2,486
	\$ 116,685	\$ 119,257

The SHA has the following payment schedule related to its P3 arrangement:

	Contractual Obligation			Total 2018	unaudited Total 2017

12. Trusts Under Administration

a) Patient and resident trust accounts

The SHA administers funds held in trust for patients and residents using the SHA's facilities. The funds are held in separate accounts for the patients or residents at each facility. The total cash held in trust as at March 31, 2018 was \$3.0 million (2017 - \$3.0 million). These amounts are not reflected in the consolidated financial statements.

b) Community trust funds

Under the terms of the pre-amalgamation agreements (Note 2c iii), the SHA has agreed to hold certain community generated assets in trust. The SHA established a separate fund for the assets of each trust. Health Corporations formerly held these assets before amalgamating with the SHA. The assets are interest bearing with the interest credited to the trust balance. The SHA presently administers \$7.1 million (2017 - \$8.2 million) under these agreements.

13. Related Parties

These financial statements include transactions with related parties. The SHA is related to all Saskatchewan Crown Agencies such as ministries, corporations, boards, and commissions under the common control of the Government of Saskatchewan, as well as its key management personnel and their close family members. Additionally, the SHA is related to organizations where they have key management personnel and/or their close family members in common. Transactions with these related parties are in the normal course of operations and are settled on normal trade terms.

b) Affiliates

The SHA has also entered into agreements with those who meet the definition of prescribed affiliates pursuant to the Act to provide health services. The Act makes the SHA responsible for the delivery of health services in the province including the health services provided by privately owned affiliates. The Act requires affiliates to conduct their affairs and activities in a manner that is consistent with, and that reflects, the health goals and objectives established by the SHA. The SHA exercises significant influence over its affiliates by virtue of its material inter-entity transactions. There is also an interchange of managerial personnel, provision of human resources and finance/administrative functions with some affiliates.

The following presentation discloses the amount of funds granted to each affiliate:

	2018	unaudited 2017

16. Foundations

During the year, foundations provided funding of approximately \$23.3 million (2017 - \$16.6 million) for programs and capital acquisitions reported in donation and ancillary revenue.

In addition, the foundations provided education and research funding to employees of the SHA of \$8.4 million (2017 - \$4.2 million) which is not reflected in these consolidated financial statements.

The following foundations provided donations or ancillary revenue to the SHA:

	2018	unaudited 2017

17. Employee Future Benefits

a) Pension plans

Employees of the SHA participate in one of the following pension plans:

i) Joint defined benefit plan

Joint defined benefit plans are governed by a formal agreement between the joint sponsors which establishes that the joint sponsors have shared control over the plan. Funding contributions are shared mutually between the employer and plan members. The sponsors share, on an equitable basis, the significant risks of the plan. Accordingly the SHA accounts for only its portion of the plan. Plan assets and surpluses are restricted for member benefits or certain other purpose set out in the agreement. Plan benefits are determined on the same basis as defined benefit plans.

The accrued benefit obligation is determined using the projected accrued benefit actuarial cost method. Pension fund assets are valued at market-related values by averaging the difference between the net investment income on a market-value basis and the expected investment income, based on expected rate of return on plan assets, over a five year period.

The SHA sponsors one joint defined benefit pension plan, Saskatchewan Healthcare Employees' Pension Plan (SHEPP). The SHA contributes to the plan at a ratio of 1.12 to 1 of employee contributions. Any actuarially determined deficiency is the responsibility of participating employers and employees in the ratio of 1.12 to 1. Contribution rates are determined by SHEPP and their governing body. The SHA participating employer contributions for SHEPP represents approximately 88.81% of the total employer contributions to the plan.

SHEPP	2018	unaudited 2017
	Total	Total
Plan status	open	open
Member contribution rate (<i>% of salary</i>)	8.10-10.70	8.10-10.70

Accrued benefit obligation, beginning of year	6,367,000	5,776,800
Current period benefit cost	249,900	241,800
Interest cost	392,000	373,900
Actuarial gains (losses)	(500)	268,800
Benefit payments	(325,200)	(294,300)
Accrued Benefit Obligation, End of Year	6,683,200	6,367,000
Plan assets, beginning of year	6,158,844	5,583,583
Employer contributions	173,824	170,419
Employee contributions	160,164	157,287
Return on plan assets	395,162	386,686
Actuarial gains	216,623	155,209
Benefit payments	(325,146)	(294,340)
Plan Assets, End of Year	6,779,471	6,158,844
Unamortized estimation adjustments ²	(581,589)	(641,938)
Total Pension Liabilities (Assets)³	(677,860)	(433,782)
SHA Portion of Pension Liabilities (Assets)⁴	-	-

¹ The plan assets had an actual rate of return of 13.10% (2017- 6.80%).

² Unamortized estimation adjustments are amortized to pension expense commencing in the year following the adjustment up to 12.0 years.

³ The total pension obligation is based on the latest actuarial valuation extrapolated to December 31, 2017. Changes in assumptions can result in significantly higher or lower estimates of pension obligations. The pension obligation would increase by \$942 million or would decrease by \$762 million if the discount rate was decreased or increased by one percentage point respectively.

⁴ The SHA has not recorded any portion of the SHEPP pension asset as plan assets and surpluses are restricted for future member benefits.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2018
(in thousands of dollars)

17. Employee Future Benefits (continued)

- a) Pension plans (continued)
 - ii) Defined contribution plan and other plans

SHA participates in several defined benefit pension plans including Regina Civic Employees' Superannuation and Benefit Plan (RCESP), Local Authorities Pension Plan (LAPP) and Public Service Superannuation Plan (PSSP) and one defined contribution plan, Public Employees' Pension Plan (PEPP). The SHA follows defined contribution plan accounting for its participation in the plans. The SHA's financial obligation to these plans is limited to making the required payments to these plans according to their applicable agreements. Accordingly, the SHA expenses all contributions it is required to make in the year. Defined contribution plans provide pensions based on accumulated contributions and investment earnings. Employees contribute a percentage of salary.

Pension expense is included in Compensation – benefits in Schedule 1 and is equal to the SHA contributions amount below.

Below is a summary of the SHA defined contribution plans:

	LAPP ¹	RCESP ²	PEPP	Total 2018	unaudited Total 2017 ⁴
Plan status	open	open	open		
Member contribution rate (% of salary) ³	9.39-13.84	7.80-13.10	5.00-8.50		
SHA contribution rate (% of salary) ³	10.39-14.85	8.80-14.60	5.00-9.50		
SHA participation					
Number of active members	206	1,454	245	1,905	1,802
Member contributions	\$ 1,064	\$ 7,703	\$ 1,248	\$ 10,015	\$ 9,442
SHA contributions	\$ 1,157	\$ 8,580	\$ 1,279	\$ 11,016	\$ 10,540

¹ Certain employees of the SHA participate in LAPP, a multi employer defined benefit plan. The plan decided to reduce the unfunded obligation through increased contribution rates to provide benefit security as at January 1 2018 the plan was able to reduce contribution rates. At December 31, 2016 audited financial statements for LAPP reported an accrued benefit obligation of \$38,360 million (2015 - \$35,343 million) and pension fund assets at market value of \$37,723 million (2015 - \$34,420 million).

² Certain employees of the SHA participate in RCESP a multi employer defined benefit plan. The plan was amended effective January 1, 2016. Employers agreed to amortize the unfunded liability over a twenty year period. In respect to the pre-amended deficit, the employer/employee contribution rates changed from an equal cost sharing to 60:40 contribution ratio. The sharing of future deficits shall be in accordance with the new funding policy. At December 31, 2017 unaudited financial statements for RCESP reported an accrued benefit obligation of \$1,443.7 million (2016 - \$1,420.7 million) and pension fund assets at market value of \$1,487.4 million (2016 - \$1,373.3 million).

³ Contribution rate varies based on employee group for PEPP

⁴ Member contributions in 2017 include PSSP for 1 active member at a rate of 7.00-9.00%, however in 2018 there are no active members, thus PSSP has been removed from the table.

17. Employee Future Benefits (continued)

b) Disability income plans

Employees of the SHA participate in one of the following disability income plans administered by 3sHealth:

1. General established in 1975
2. CUPE established in 1975 – affiliated with the Canadian Union of Public Employees
3. SEIU established in 1975 – affiliated with the Service Employees International Union
4. SUN established in 1982 – affiliated with the Saskatchewan Union of Nurses

The SHA's financial obligation to these plans is limited to making the required payments to these plans according to their applicable agreements. Disability expense is included in Compensation – benefits in Schedule 1 and is equal to the SHA contributions amount below.

	General	CUPE	SEIU
Number of active members	5,420	10,639	7,877
Member contribution rate (% of salary)	0.60-0.65*	1.25	1.15

c) Accumulated sick leave benefit liability

The cost of the accrued benefit obligations related to sick leave entitlement earned by employees is actuarially determined using the projected benefit method prorated on service and management's best estimate of inflation, discount rate, employee demographics and sick leave usage of active employees. The SHA has completed an actuarial valuation as of March 31, 2018. Key assumptions used as inputs into the actuarial calculation are as follows:

	2018	unaudited 2017
Discount rate	2.80%	2.50%
Earnings escalation rate	0.00% to 1.00%	1.00%
Expected average remaining services life	13.2 years	13.2 years

Earnings increase for seniority, merit and promotion is as follows:

Employee groups

For ages 15 to 29	2.00%	2.00%
For ages 30 to 39	1.50%	1.50%
For ages 40 to 49	1.00%	1.00%
For ages 50 to 59	0.50%	0.50%
For ages 60 and over	0.00%	0.00%

	2018	unaudited 2017
Accrued benefit obligation, beginning of year	\$ 107,903	\$ 107,881
Cost for the year		
Current period benefit costs	13,271	13,055
Interest expense	2,685	2,567
Actuarial gains	(4,576)	(747)
Benefits paid during the year	(14,254)	(14,853)
Accrued benefit obligation, end of year	105,029	107,903
Unamortized net actuarial loss	(8,805)	(14,794)
Benefit Obligation, End of Year	\$ 96,224	\$ 93,109

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2018
(in thousands of dollars)

18. Budget

The former 12 regional health authorities' Board of Directors approved the 2017-18 budget plans on:

Cypress	May 31, 2017	Five Hills	May 31, 2017
Heartland	May 29, 2017	Keewatin Yatthe	May 30, 2017
Kelsey Trail	May 31, 2017	Mamawetan Churchill River	June 1, 2017
Prairie North	May 24, 2017	Prince Albert Parkland	May 24, 2017
Regina Qu'Appelle	May 24, 2017	Saskatoon	August 2, 2017
Sun Country	May 31, 2017	Sunrise	May 31, 2017

19. Financial Risk Management

The SHA has exposure to the following risks from its use of financial instruments: credit risk, market risk and liquidity risk.

The Board ensures that the SHA has identified its major risks and ensures that management monitors and controls them. The Board oversees the SHA's systems and practices of internal control, and ensures that these controls contribute to the assessment and mitigation of risk.

a) Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. The SHA is exposed to credit risk from the potential non-payment of accounts receivable. The majority of the SHA's receivables are from Ministry of Health – General Revenue Fund, Saskatchewan Workers' Compensation Board, health insurance companies or other provinces. Therefore, the credit risk on accounts receivable is minimal. The SHA is also exposed to credit risk from cash, short-term investments and investments.

The SHA manages its credit risk surrounding cash, short-term investments, and long-term investments by dealing solely with reputable banks and financial institutions, and utilizing an investment policy to guide their investment decisions. The SHA invests surplus funds to earn investment income with the objective of maintaining safety of principal and providing adequate liquidity to meet cash flow requirements.

Management reviews accounts receivable to determine if a valuation allowance is necessary to reflect impairment in collectability.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2018
(in thousands of dollars)

19. Financial Risk Management (continued)

a) Credit risk (continued)

The aging of Ministry of Health and other accounts receivable as at March 31, 2018 was:

	Total	0-30 Days	30-60 Days	60-90 Days	Over 90 Days
Accounts receivable					
Ministry of Health - General Revenue Fund	\$ 113,083	\$ 8,923	\$ -	\$ 54	\$ 104,106
Other	96,741	41,140	8,616	3,088	43,897
Gross Receivables	209,824	50,063	8,616	3,142	148,003
Allowance for doubtful accounts	(19,522)	(1,708)	(304)	(406)	(17,104)
Net Receivables	\$ 190,302	\$ 48,355	\$ 8,312	\$ 2,736	\$ 130,899

b) Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates or interest rates, will affect SHA's income or the value of its holdings of financial instruments. The objective of market risk management is to control market risk exposures within acceptable parameters while optimizing return on investment.

i) Foreign exchange risk

Foreign exchange risk is the risk the fair value of financial instruments denominated in a foreign currency will fluctuate because of changes in the foreign exchange rates. The SHA operates within Canada, but in the normal course of operations is party to transactions denominated in foreign currencies. The SHA believes that it is not subject to significant foreign exchange risk from its financial instruments.

ii) Interest rate risk

Interest rate risk is the risk the fair value of future cash flows or a financial instrument will fluctuate because of changes in the market interest rates. Financial assets and financial liabilities with variable interest rates expose the SHA to cash flow interest rate risk.

The SHA's investments include guaranteed investment certificates and long-term bonds bearing interest at coupon rates. As at March 31, 2018, the interest rates on the investments held by the SHA bear minimal risk and therefore the overall risk to the SHA due to fluctuating interest rates is minimal. Although management monitors exposure to interest rate fluctuations, it does not employ any interest rate management policies to counteract interest rate fluctuations.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2018
(in thousands of dollars)

19. Financial Risk Management (continued)

ii) Interest rate risk (continued)

The majority of the SHA's long-term debt outstanding as at March 31, 2018 and 2017 has had fixed interest rates. To further reduce the interest rate risk, on certain debt, the SHA has entered into an interest rate swap to effectively fix the interest rates. Refer to Note 8 for this information.

c) Liquidity risk

Liquidity risk is the risk that an organization is not able to fulfill its financial obligations as they become due.

As at March 31, 2018, the SHA had current operating financial assets of \$180.8 million and current operating liabilities of \$472.9 million which represents a working capital deficit of \$292.1 million.

The SHA has current restricted financial assets of \$115.1 million and current restricted liabilities of \$33.7 million which represents a working capital of \$81.4 million. As at March 31, 2018, the SHA has complied with all restrictions placed on contributions received.

The SHA manages liquidity risk by continually monitoring actual and forecasted cash flows from operations and anticipated investing and financing activities. The SHA relies on grants from the Ministry of Health (through the General Revenue Fund). To obtain sufficient funds, the SHA provides the Ministry with capital and operating budgets and quarterly forecasts.

As at March 31, 2018, the SHA is committed to the following operating and restricted financial liabilities, including principal and interest, based on the expected undiscounted cash flows from the reporting date to the contractual maturity date:

	Carrying amount	Due in less than 1 year	Due in 1-3 years	Due in 3-5 years	Due after 5 years
Accounts payable and accrued liabilities	\$ 169,787	\$ 165,507	\$ 4,219	\$ 61	\$ -

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2018
(in thousands of dollars)

19. Financial Risk Management (continued)

Fair value of interest rate swaps

The fair value of the interest rate swaps are recorded on the consolidated statement of financial position with changes in fair value reflected in the consolidated statement of re-measurement gains (losses). Accordingly, the determination of fair value requires judgment and is based on market information where available and appropriate. Fair value measurements are categorized into levels within a fair value hierarchy based on the nature of the inputs used in the valuation. The interest rate swap is determined to be Level 1, where by quoted prices are readily available from an active market.

At March 31, 2018 the market value gain on the interest rate swap was \$1.8 million (2017 - \$1.2 million)

Lines of credit

The SHA has several approved operating lines of credit totaling \$57.6 million (2017 - \$57.6 million). Interest rates vary from prime minus 0.75% to prime plus 1.00%. Total interest paid on the lines-of-credit in 2018 was \$393 (2017 - \$433)

20. Interfund Transfers

Each year the SHA transfers amounts between its funds for various purposes. These include funding capital asset purchases and reassigning fund balances to support certain activities.

	2018			unaudited 2017

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2018
(in thousands of dollars)

21. Collective Bargaining Agreements

The Saskatchewan Union of Nurses (SUN) contract expired on March 31, 2018. The Health Services Association of Saskatchewan (HSAS) contract expired on March 31, 2018. The provider union contracts made up of the Service Employees International Union (SEIU), Canadian Union of Public Employees (CUPE), and Saskatchewan Government and General Employee's Union (SGEU) all expired on March 31, 2017. Negotiations are under way for the provider unions and the impact on these consolidated financial statements is not determinable.

22. Changes in Accounting Policies

Former regional health authorities previously accounted for all pension plans as a defined contribution plan. Upon amalgamation, the SHA, with 88.81% membership in SHEPP, is the sponsoring government and therefore accounts for SHEPP as a joint defined benefit plan. As the sponsoring government, the SHA is now responsible for recording its portion of the pension liability in excess of available plan assets. As of March 31, 2018 SHEPP is in a net asset position, and therefore there is no impact on the 2017-18 financial statements for this change.

Former Sunrise regional health authority consolidated their affiliates in their audited financial statements. The SHA assessed and all non-controlled affiliates will be excluded from the audited financial statements. The impact of this change in accounting policy is included in Note 25.

The Ministry of Health directed the SHA to recognize all previously deferred and targeted revenue in preparation for the move to PSAS on April 1, 2018. This is a change from the deferral method formerly used by the SHA.

23. Comparative Information

Certain of the unaudited comparative figures have been reclassified to conform to the financial statement presentation adopted in the current year.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2018
(in thousands of dollars)

24. Subsequent Events

As recommended by the Advisory Panel on Health System Structure, the assets, liabilities and related responsibilities of the Roy Romanow Provincial Laboratory will be transferred from the Government of Saskatchewan Ministry of Health to the SHA effective April 1, 2018.

The Advisory Panel also recommended a review of the governance of the Saskatchewan Association of Health Organizations Inc. (SAHO) and the Physician Recruitment Agency of Saskatchewan (PRAS). A decision was made to amalgamate these entities with the SHA. The amalgamation should be complete by summer 2018 for PRAS and spring 2019 for SAHO.

A reduction to the SHA's Ministry funding and a resulting increase in Ministry funding to eHealth Saskatchewan (eHealth) will be effective April 1, 2018. An agreement is in progress for the provision of information technology services to be provided to the SHA by eHealth.

25. Amalgamation of the Health Services Delivery System in Saskatchewan

As described in Note 1, during 2017-18, the SHA was established as a result of the amalgamation of the 12 former regional health authorities. Accordingly, the 2016-17 audited financial statements of the disestablished regional health authorities have been consolidated to determine the comparable figures that are reported in these consolidated financial statements. The consolidated comparative figures have not been audited.

Adjustments were made, as noted in the table below to:

- Reclassify revenue and expense amounts to match current year presentation;
- Eliminate any transactions that occurred between the former regional health authorities; and
- Remove the impact of consolidating three affiliates as a result of a re-evaluation of how those specific affiliates should be accounted for.
