

Expanding Health Care Training Opportunities

Saskatchewan is adding over 550 new post-secondary training seats across 18 health care training programs. Expanding health training programs is one of four pillars in the province's [Health Human Resources Action Plan](#). All programs receiving additional seats are listed below.

Saskatchewan Training Programs

Post-secondary education programs are being expanded across the province so that Saskatchewan students have greater access to training for their career of choice and can study and work closer to home.
