

Northern Capital Grants Program

NCG-6 Application for Eligible NMTA Program Support

This application is for municipalities applying to utilize a portion of their NCG allocation for municipal contributions owed under an eligible NMTA program. Eligible NMTA programs include Northern Water and Sewer, Emergency Water and Sewer, Northern Residential Subdivision Development, and Northern Regional Solid Waste Management.

Section 1: Applicant Information	
Municipality:	
Applicant Name:	
Mailing Address:	
Email Address:	
Phone Number:	

Section 2: Mandatory Supplementary Documents	
<input type="checkbox"/>	Council motion submitted as a certified true copy showing the resolution number, date the resolution was passed, and has been signed and sealed by the administrator

Section 3: Capital Works or Asset Details		
SaskWater Project #		
Description:		
(A)	Total eligible cost: This is equal to the total required municipal contribution for the project.	\$
(B)	90 per cent of total eligible cost (A):	\$
(C)	Outstanding balance: This is the current balance owing as of the date of this application.	\$
(D)	NCG request: Cannot exceed (B) or (C), whichever is less.	\$

Applications received on or before January 15 will have their grant applied to the upcoming April 1.

Applications received after January 15 will have their grant applied to April 1 of the following year.

Approved grants will be applied to outstanding balances and do not apply to project deductions that have already occurred.

Where there is a remaining project balance after the grant is applied, deductions will continue until the balance is paid in full. A letter will be sent to the municipality outlining the deduction schedule for the remaining balance.

By signing this application, I am acknowledging that all the information provided is accurate.
