

# Building and Technical Standards

Promoting construction of safe, healthy, habitable and energy efficient buildings

## Workshop - CAN/ULC S1001 'Integrated Systems Testing of Fire Protection and Life Safety Systems'

The Building and Technical Standards Branch (BTS) and the Saskatchewan Public Safety Agency in collaboration with Underwriters Laboratories Canada (ULC) is pleased to offer a workshop for CAN/ULC S1001 'Integrated Systems Testing of Fire Protection and Life Safety Systems'.

The purpose of this workshop is intended to equip participants with an understanding of the requirements of CAN/ULC-S1001 and the requirements of its application as required by the National Building Code of Canada 2020 and the National Fire Code of Canada 2020.

This comprehensive course will cover:

- Administrative information and planning
- Integrated testing requirements
- Testing forms and documentation
- ULC's program on listing integrated testing service providers and qualification of Integrated Testing Coordinators (ITCs)

### Saskatoon

November 4, 2024, 1 to 5 p.m.

Saskatoon Inn  
2002 Airport Drive
