Assessment  Treatment Planning  Consultation

In the province of Saskatchewan, the Ministry of Health via the Saskatchewan Health Authority, funds assessments of adults suspected of having FASD. A psychology assessment is initiated by completion of this form and sending it via fax to 306-382-8956. For more information call Gerald Block at 306-373-3110. A referral for a medical assessment can be made via a medical doctor to a physician who is accepting FASD diagnostic referrals.
