H. **PRODUCE STORAGE BUILDINGS**

Effective retroactively to April 1, 2019, growers that qualify as farmers are eligible for a rebate of the PST paid on a produce storage building, when used for the on-farm storage of harvested produce grown on the farm for commercial sale. Produce is defined as fruit or vegetables for purposes of this rebate.

An eligible produce storage building is a building designed, equipped and used for the on-farm storage of harvested fruit or vegetables.

Suppliers and contractors are required to collect PST on eligible produce storage buildings, related equipment, installation, etc. as applicable. The farmer may [Apply for a Refund](#) within four years of paying the tax.

See Information Bulletin [PST-16, Farm Implements and Supplies](#) for detailed information regarding what qualifies, how to apply for a refund, and documentation requirements.

I. **SALES OF USED BUSINESS ASSETS**

Businesses are required to collect tax on the sale of used assets, such as vehicles and equipment. When used assets are being sold as part of the closure of a business, the purchaser is required to self-assess and report the tax.

When individuals purchase used goods for personal use, other than vehicles, tax applies to the selling price of the goods less a deduction of \$300 per item. If a trade-in is involved, the purchaser is entitled to a deduction of \$300 or the value of the trade-in, whichever is greater. If the goods are for commercial use, the \$300 deduction does not apply.

For further reference please see Information Bulletin [PST-58, Used Goods](#).

J. **SASKATCHEWAN eTAX SERVICES (SETS)**
