The **Saskatchewan Rental Housing Supplement (SRHS)** includes two benefits:

- The Family Rental Housing Supplement
- The Disability Rental Housing Supplement

The SRHS helps lower-income families and individuals to access quality and affordable housing.

Effective July 1, 2018, the SRHS suspended the intake of new applications. Clients in receipt of benefits before July 1, 2018, will continue to receive benefits as long as they remain eligible for the program.

The **Family Rental Housing Supplement**

- Provided to families with children under the age of 18.
- Family size, location, rent and household income determine the amount of the supplement.
- Eligible properties must meet specific health and safety requirements.

The **Disability Rental Housing Supplement**

- Provided to families, single individuals and couples.
- The supplement is conditional upon one family member having a disability that produces a recognized housing impact.
- Supports that address the housing impact of the disability must be in place at the time of application.

Recognized disability-related housing supports include:

- **Accessibility/location supports** - elevators, widened doorways, ramps or require supportive services such as living close to a supportive neighbour, family member or transportation/shopping services.
- **Other physical supports/features** such as audio or visual alarms, intercoms, grab bars, bath lifts, lowered counters, enhanced ventilation, lighting, security or reduced noise/soundproofing.
