I (we) authorize the Ministry of Agriculture to provide information included in this application to private entities, such as the Irrigation Crop Diversification Corporation (ICDC) and the Saskatchewan Irrigation Projects Association (SIPA), for the purposes of receiving information on irrigation programing and benefits from those entities. Yes No

I (We) hereby make application for services and assistance in accordance with the provisions of the current Irrigation Development Process, and I (we) acknowledge responsibility for providing or obtaining right of entry for all areas affected by the proposed project and for obtaining approvals, agreements, licences, etc. under the appropriate provincial and federal legislation prior to development. I (We) authorize Saskatchewan Agriculture, its employees and agents, to enter upon the lands to conduct all necessary field inspections, tests and surveys required to determine the feasibility of irrigating the lands listed in this application and for post construction monitoring. I (We) also agree to pay Saskatchewan Agriculture for the technical services provided according to the listed fee schedule and/or estimate of costs. I (We) acknowledge these charges as a debt due Saskatchewan Agriculture and may be recovered from the Client. I (We) further agree to contact utility companies to have all underground lines marked when requested to do so.

The client hereby requests the services indicated and agrees to pay the fee identified for each service provided.
