

2020 Saskatchewan Resident Big Game Draw

The 2020 Big Game Draw Supplement provides Saskatchewan resident hunters with information on seasons and quotas for draw species, as well as advance notice of changes to this fall's regular big game seasons.

The majority of applicants who qualified for the Legacy pool in 2019 were successfully drawn and the number of hunters moving from the Super A pool to Legacy pool remains low. The chances of being drawn are very good for those applicants eligible for the Legacy pool.

This year's big game draw application period will begin on May 1 and close at midnight on May 25, 2020. Carefully review your submission and submit it prior to the deadline.

Additional information regarding the application process, priority pools, wildlife management zone (WMZ) quotas and detailed application instructions can be found online at saskatchewanhal.ca.

If you need assistance in submitting your application, please call 1-888-773-8450.

Good luck to all applicants!

Hunters, please apply early!

The 2020 draw will run from May 1 to midnight on May 25, 2020. Please ensure you have enough time to complete your application. Draw results will be available in June 2020. Check your HAL account for updates on your draw results.

Licence Information

**The 2020 Saskatchewan Hunters
and Trappers Guide will be available
online in early July and in print in August.**

NOTE

All awarded big game draw licences will be available on your account through the Saskatchewan Hunting, Angling and Trapping Licence (HAL) system beginning August 1, 2020. Licences will not be mailed to successful applicants.

If you are selected for a draw licence, you will not be allowed to purchase a regular licence for the same species.

General information about hunting and key hunting regulations can be found online in the 2019 Saskatchewan Hunters' and Trappers' Guide.

What's New for 2020

Pronghorn Opportunities

Pronghorn populations continue to show strong population growth across their range, as winter weather conditions continue to be mild in 2019-20. Wildlife managers are proposing increased hunting opportunities in 2020, with either-sex quotas in all eight pronghorn management units – zones 1-15, 18, 19 and 23-27.

The final quotas will be determined after ground surveys are completed. The quotas may be adjusted or eliminated based on current year population estimates. Please check the listed WMZ combinations to ensure you are applying for your preferred hunting areas.

Applications for the pronghorn antelope draw will be accepted during the big game draw in May; however, the pronghorn draw will not be conducted until July. Draw results will be released immediately after the draw is completed and an email notice will be sent out. The status of the pronghorn draw will also be posted on our website.

Moose Opportunities

Information from the most recent aerial surveys shows a decline in southern forest moose populations, with surveyed zones 30 to 50 per cent below the long-term average. The factors causing this decline are not fully understood; however, hunting pressure is likely adding to the downward trend. In

response to this population decline, the ministry adjusted the regular season length to a restricted season in 2018. These dates will be maintained in the 2020 hunting season.

The 2018 regular season saw a slight decline in hunter numbers and harvest as a result of the season restriction. In 2019, there was a similar number of hunters but higher hunter success resulting in a 25 per cent increase in harvest. At this time, we do not know if the increase in success is due to populations increasing or due to a more efficient hunter harvest as a result of other factors (e.g. access, technology). A population survey is planned for 2021 and adjustments will be made to future seasons, if needed, based on that information.

Draw quotas have been reduced in some forest WMZs and certain zones (56-59, 67 and 68S) have gone to a bulls-only draw.

Farmland moose populations are showing declines across the grassland region and remain stable in most parkland regions. Draw quotas have been reduced in zones where populations have significantly declined. Quotas were increased in WMZ 48, where an increasing population has been observed.

Mule Deer Opportunities

Provincial mule deer populations continue to benefit from several mild winters and appear to be at sustainable levels. As a result, there will be increased hunting opportunities, including higher quotas across much of their range. There will also be new antlerless mule deer hunting opportunities across many of the eastern WMZs.

Antlerless licences will be offered with a bag limit of one or two deer (one or two seals), depending on the zone. See page 5 for details.

Regular archery mule deer licences will be offered in the same zones as 2019, with the addition of WMZs 11, 16, 17, 18, 31, 32, 33, 34, 35, 36, 37, 38, 48, 49 and 55.

Elk Opportunities

A number of elk hunting opportunities have been added in 2020. Given recent mild winters, which have benefited elk population growth, elk quotas have been increased across a number of WMZs across the province. Additional antlerless elk shoulder seasons have been added in WMZs 6, 7E, 7W, 37, 39 and 43. To reach elk population objectives in WMZ 33 (including Moose Mountain Provincial Park), a two-bag limit opportunity will be available for draw antlerless elk hunters. Regular elk season dates will remain unchanged from last year.

Need help with your big game draw application?

Visit saskatchewanhal.ca – the Saskatchewan Big Game Draw Overview for answers or by phone at 1-855-848-4773 (8 a.m. to 9 p.m.).

NOTE

The Saskatchewan Resident Big Game Draw opens May 1, 2020 and closes at midnight on May 25, 2020.

2020 Saskatchewan Resident Big Game Draw Checklist

Use this checklist to avoid common mistakes and ensure your application is submitted successfully. Applications submitted improperly can result in your application being rejected from the draw or have an undesirable result. Avoid disappointment and take time to read the information carefully.

Detailed information on the draw is available online in the Saskatchewan Resident Big Game Draw Overview.

Applicants are strongly encouraged to apply early and review your applications for accuracy prior to the May 25, 2020 deadline. You can review and edit your application details and status in your HAL account at any time.

Make sure you are eligible to apply

- All members on your application must meet residency and age requirements, comply with firearm safety/hunter education regulations and not be suspended from hunting in Saskatchewan. If any member of your application is found to be ineligible, the application will be rejected from the draw.
- Each person may submit only one application for each species or species type. If a person is found to have submitted more than one application for the same species type, each of the applications will be rejected from the draw. The exception is mule deer, as either-sex mule deer and antlerless mule deer are considered separate species types for the big game draw. Youth hunters may submit a youth draw application and an antlerless mule deer application.
- Any applications containing false information will be rejected from the draw. Providing false information is an offence under *The Wildlife Regulations*.

Obtain group member information

- If applying as a group, the HAL number and date of birth for each group member must be included on the application.
- Group members with valid email addresses on their HAL accounts will receive notification emails.

Confirm your pool status

- Make sure you know the pool status of each group member on your application. Your application will be placed into the priority pool of the group member with the lowest pool status.
- You can view your pool status through your HAL account by visiting the My Account section. If there are any issues with your pool status, call the Ministry of Environment general inquiry line at 1-800-567-4224.

Complete your application

- Visit the application guide at saskatchewanhal.ca for detailed instructions on how to submit your application.
- You may submit your application anytime between May 1 and May 25, 2020, but we recommend applying early to resolve any problems you may encounter.
- Select your hunt choices carefully. You may select up to six choices in order of preference. The system will consider your choices in the order listed on the application.
- All applications are subject to review regarding eligibility and pool status prior to the big game draw. If there are any questions regarding an application, call the Ministry of Environment general inquiry line at 1-800-567-4224.

Review your application(s) before the deadline

- It's a good idea to review your application prior to the deadline to confirm that all information is correct.
- Big game draw applications can be changed at any time before the application period closes. Only the individual who submitted the application is able to change zone choices and/or change group members. These changes can be made on the group leader's HAL account.
- Other members of the group can view, but not edit, the application.
- Once the draw period closes, no further applications will be accepted and changes cannot be made to applications.

Confirm your draw results

- Draw results will be available in June 2020.
- Once the draw has been completed, the results of your application will be available through your HAL account.
- Applicants are responsible for checking their draw results.
- Notification emails are sent for draw results, but successful email delivery cannot be guaranteed. Do not assume you are not drawn if you do not receive an email notification.

Purchase your awarded licence

- If drawn, purchase your licence through your HAL account beginning August 1, 2020.
- Successful applicants will move to the D pool the following year, regardless of whether or not you purchase the draw licence you are awarded. Applicants are not eligible to purchase a regular licence for the same species.

Declining a big game draw licence

- Hunters who were successfully drawn for:
 - ~ three big game draw licences may decline one draw licence of their choice;
 - ~ four big game draw licences may decline one or two draw licences of their choice; or
 - ~ five big game draw licences may decline up to three draw licences of their choice.
- Eligible applicants who decline a licence will have their pool status reinstated for that species. Declined licences will not be reallocated.
- You must send the Ministry of Environment written notice of your intention to decline your draw big game draw licence by July 31, 2020, to centre.inquiry@gov.sk.ca.
- For further information on declining a big game draw licence, please call the ministry at 1-800-567-4224.

Update your HAL account!

Please keep your personal information (name, mailing address) up to date and provide us with your email address. The ministry uses email to communicate important information with hunting clients, including big game draw results, hunter harvest surveys and upcoming licence sales dates.

Licence Fees

Prices include GST

Note: Hunting licences, whether paper copy or electronic, and required seals must be carried with you at all times when hunting. Licences will be available August 1, 2020.

Wildlife Habitat Licence (all hunters excluding Canadian Armed Forces Veterans)	\$15.00
Veteran Wildlife Habitat Licence	Free
Big Game Draw Application Fee	\$6.00
1st Saskatchewan Resident Elk Draw:	\$65.00
2nd Saskatchewan Resident Elk Draw (antlerless; WMZ 33 only):	\$65.00
Moose: Saskatchewan Resident Draw	\$65.00
Mule Deer: Saskatchewan Resident Draw	\$45.00
1st Antlerless Mule Deer: Saskatchewan Resident Draw	\$30.00
2nd Antlerless Mule Deer: Saskatchewan Resident Draw (select zones only)	\$30.00
Pronghorn Antelope: Saskatchewan Resident Draw	\$45.00
Replacement Seals (available from ministry or select provincial park offices)	\$5.40

Note: Big game seals that have been registered (activated) with a hunting licence and have been lost, inadvertently detached or destroyed must be replaced in order to lawfully hunt.

Reprints of Lost/Destroyed Licences	Free
--	------

Note: Valid licences (excluding seals) may be reprinted online on your personal computer, at a Ministry of Environment office (no charge) or from a private licence issuer.

Any application containing ineligible hunters or false information will be rejected from the draw and investigated. Providing false information is an offence, which can result in fines and loss of hunting rights for one year.

Our licence system is online!

Go directly to our hunting, angling and trapping licence (HAL) system to sign in or create an account to purchase your licences.

NOTE

Your hunting licence and seals must be carried with you at all times while hunting.

Draw Seasons

Hunting is allowed in wildlife management units (WMU) and national wildlife areas that are within a wildlife management zone (WMZ) that is listed as being open for big game. The exception is Fort à La Corne WMU and the St. Denis National Wildlife Research Area. Only provincial parks and recreation sites listed below are open to hunting. Proposed new season dates, open wildlife management zones or open zone combinations are indicated in **bold and red**.

DRAW MULE DEER (Saskatchewan Residents Only)

Wildlife Management Zones	Season Dates	Bag Limit	Additional Information
WMZs 1, 2E, 2W, 3, 4, 5, 6 and 7E WMZ 7W, including Cypress Hills Provincial Park (West Block) WMZs 8, 9, 10, 11 and 12 WMZ 13, including the portion of Saskatchewan Landing Provincial Park south of the South Saskatchewan River WMZ 14E, including the portion of Saskatchewan Landing Provincial Park north of the South Saskatchewan River WMZs 14W, 15, 16, 17, 18, 19, 21 and 22 WMZ 23, including the portion of Douglas Provincial Park located west of Diefenbaker Lake (Gordon McKenzie Arm) WMZs 24, 25, 26, 27 and 28 WMZ 29E (east of the South Saskatchewan River including islands) WMZ 29W (west of the South Saskatchewan River) WMZs 30, 31 and 32 WMZ 33, including Moose Mountain Provincial Park WMZs 34, 35, 36, 37, 38, 39, 40, 41, 42E, 42W, 43, 44, 45E, 45W, 46, 47, 48 and 49 WMZ 50, including Fort à La Corne WMU WMZs 52, 53, 54 and 55	archery Sept. 1 - Oct. 31 muzzleloader/crossbow Oct. 1 - Oct. 31 rifle Nov. 1 - Nov. 14	one mule deer, either-sex	Quotas Subject to Change Tentative 2020 licence quotas for either-sex mule deer: 1(375), 2E(225), 2W(225), 3(200), 4(175), 5(175), 6(200), 7E(75), 7W(75), 8(125), 9(125), 10(325), 11(75), 12(125), 13(150), 14E(150), 14W(150), 15(125), 16(100), 17(100), 18(100), 19(200), 21(175), 22(150), 23(175), 24(200), 25(175), 26(175), 27(175), 28(75), 29E(100), 29W(100), 30(75), 31(75), 32(75), 33(75), 34(75), 35(75), 36(75), 37(75), 38(100), 39(100), 40(75), 41(125), 42E(75), 42W(100), 43(100), 44(125), 45E(175), 45W(175), 46(275), 47(200), 48(75), 49(75), 50(75), 52(75), 53(75), 54(125), 55(75), RMZ(100), SMZ(100), PMZ(50) - In provincial parks that are listed as having a September either-sex mule deer season, hunting for either-sex mule deer is delayed until September 10. - No rifle hunting in Saskatoon Wildlife Management Zone and Regina/Moose Jaw Wildlife Management Zone. - Archery and crossbow hunting only in Prince Albert WMZ.
