

Professional Development Grant 2022-23: Information Sheet

The 2022-23 Professional Development (PD) Grant will be made available to licensed child care facilities under the following terms and conditions:

- Grants will be issued, regardless of their early childhood educator level, for completion by individuals currently employed by a licensed child care centre (directors, assistant directors, early childhood educators, and cooks), operating a licensed family child care home, employed as an assistant in a licensed group child care home, individuals employed in a family child care or group family child care home to assist with children with additional support needs or those serving as a board member of a licensed centre.
- Grants will be issued only for professional development completion of events identified in the List of Eligible Training Opportunities which includes in-person group-based workshops or online sessions.
- The List of Eligible Training Opportunities will be updated periodically throughout the year as additional events that are eligible become available.

Every licensed facility is eligible to receive a maximum PD grant amount for 2022-23. Please consider the maximum grant listed below when planning (i.e., car pooling or local rather than long distance PD) for PD events for 2022-23.

Centres with 30 or fewer spaces	\$1,500
Centres with 31-60 spaces	\$2,500
Centres with 61-90 spaces	\$3,500
Homes	\$300
Group homes (providers \$300 & assistants \$300)	\$600

The grant is available for the following expenses related to attendance at the approved events or on-line sessions from March 15, 2022 to March 15, 2023.

Event Expenses

- Event fees/registration fees
- The maximum amount is \$300 per person, per event, plus mileage if travel is required
- Accommodation costs can be claimed for two-day events and for events which the person would otherwise have had to leave home before 7:00 a.m. (receipts required)
- Travel costs
 - mileage is \$0.5078 /km or \$0.5468/km for northern Saskatchewan (north of 54th)
 - Meals, if not provided at the event (receipts not required) \$10 for breakfast, \$18 for lunch, \$23 for supper

Staffing Expenses

- Staffing stipend to help offset the costs of additional wages and/or hiring replacement staff:
 - \$25 for events 2 hours or less
 - \$50 for half-day events
 - \$100 for full-day events

If an individual registers for the entire duration of an event but does not end up attending the entire event, staffing stipend will be adjusted.

Note: When an approved event is held in the community in which the individual is employed or on-line, only the event fees and staffing stipend may be claimed.

The following steps will assist you in the process:

1. Employers will complete the Application for Reimbursement of Professional Development Expenses form (enclosed) for all of their staff who attended an event. Those who attended the event will provide proof of registration and required receipts. More than one application form can be submitted but the total of all applications cannot exceed your facility's maximum PD Grant.
2. If travel expenses were incurred, employers will also record this on the Application for Reimbursement of Professional Development Expenses form.
3. The form must be submitted to your early learning child care (ELCC) program consultant. Applications should be submitted within two months following each event attended by eligible individuals. March 15, 2023 is the final deadline for remaining applications to be submitted. Applications received after the deadline dates will not be processed.

If you have any questions about the PD Grant or to ensure eligibility of opportunities, contact your ELCC program consultant or visit the early learning portal at earlylearning@edonline.sk.ca and click on Professional Learning Opportunities.
