

## Second Review Request Form

Please note that the Saskatchewan Immigrant Nominee Program (SINP) cannot waive criterion or make decisions based on humanitarian or compassionate grounds. Applications that are returned due to missing documents at prescreening or refused from a program integrity review are not eligible for Second Review.

A second review of applications will be carried out upon receipt of a written justification outlining the reason(s) for the review, either due to a perceived error made in the application process or in the assessment of the application based on the criteria in place at the time of application.

Information originally submitted during the initial application will be considered during the second review. Additional documents will be accepted only if a processing error was made by the SINP that resulted in the information not being considered.

A second review must be requested within 30 days of the date of the ineligible letter issued by the SINP.
