

Communities in Transition Capital Grant Program Application Form

For Infrastructure Projects, Feasibility Studies and Administrative Costs

The intention of the Communities in Transition Capital Grant program is to accommodate the needs of Saskatchewan communities that assume financial liabilities related to municipal restructuring, i.e. when a village dissolves into a rural municipality and becomes an unorganized hamlet or special services area.

Municipalities may apply for approval of infrastructure-related project(s), feasibility studies and administration costs only once and within 24 months following restructuring.

Please refer to the Communities in Transition Program Guide for further program information and for a list of eligible and ineligible projects. A copy of the Program Guide can be found on our website.
