**Inland Terminal Signing Application Form**

The Ministry may install at a cost as described in RSMM Part II Sign Pricing Policy 1050-10, GS-44 Inland Terminal signs for inland terminals that are located outside the incorporated limits of an urban community. Payment will be made by the applicant prior to the signs being ordered or changes being made to an existing installation.

An inland terminal is defined as an elevator that has a minimum storage capacity of 8,000 tonnes and can load a minimum of 50 hopper cars in a 24 hour period.

All auxiliary signing will be in place prior to the installation of the highway signs. Applicants are advised to discuss their auxiliary signing requirements with the Ministry and the local government.
