

**April 13, 2026**

The following is a list of Crown mineral lands which are currently subject to a Land Claim Selection. The selection has now expired and will be removed at 10:00 AM Central Standard Time (Saskatchewan) on May 1, 2026. Once removed, the Ministry of Energy and Resources will consider the issuance of new mineral dispositions with relation to any undisposed Crown minerals within these locations, subject to the requirements of the applicable regulations and procedures. This notice only pertains to the removal of the Land Claim Selection and does not expressly or impliedly mean that the parcels listed below will be available for disposition upon removal of the selection. The Ministry reserves the right to continue the Land Claim Selection beyond the scheduled removal date noted above.

Please contact the Ministry of Energy and Resources in Regina at ph: (855) 219-9373, or email to: [er.servicedesk@gov.sk.ca](mailto:er.servicedesk@gov.sk.ca) for more information on the possible availability of these Crown mineral lands for dispositioning.

---

1. No lands are expiring from the Land Claim Selection at this time.

---

**Note:**

Selections that are described with reference to the Dominion Land Survey are shown in their abbreviated form (section-township-range-meridian). Selections in the unsurveyed portion of Saskatchewan that do not conform to the projected township system are described with reference to their approximate latitude and longitude. All selections can be viewed on the Government of Saskatchewan's website:
