# Letters of Transmittal

Her Honour, the Honourable Vaughn Solomon Schofield  
Lieutenant Governor of Saskatchewan

May it Please Your Honour:

I respectfully submit the Annual Report of the Saskatchewan  
Municipal Board for the year ending December 31, 2014.

A handwritten signature in blue ink, appearing to read "Jim Reiter".

Jim Reiter  
Minister Responsible  
for the Saskatchewan Municipal Board

The Honourable Jim Reiter  
Minister Responsible for the Saskatchewan Municipal Board

It is my honour to submit the Annual Report of the Saskatchewan  
Municipal Board for the year ending December 31, 2014.

A handwritten signature in black ink, appearing to read "Dianne Ford".

Dianne Ford  
Chair

## Introduction

The Saskatchewan Municipal Board's (the Board) annual report outlines results and outcomes for the year ending December 31, 2014. It reports to the public and elected officials the commitments and key accomplishments of the Board.

The 2014 Annual Report is presented in relation to the vision and goals outlined in the Board's 2014-17 Strategic Plan.

The Report demonstrates progress made on Government commitments as stated in the Government Direction for 2013-14: Balanced Growth, the Minister's Mandate letter, throne speeches and other commitments and activities of the Board.

The Report also demonstrates the Board's commitment to effective performance reporting, transparency and accountability to the public.

## Alignment with Government's Direction

The Board's activities in 2014 align with Government's vision and four goals:

### Our Government's Vision

"... to be the best place in Canada – to live, to work, to start a business, to get an education, to raise a family and to build a life."

### Government's Goals

- Sustaining growth and opportunities for Saskatchewan people.
- Securing a better quality of life for all Saskatchewan people.
- Meeting the challenges of growth.
- Delivering responsive and responsible government.

Together, all ministries and agencies support the achievement of Government's four goals and work towards a secure and prosperous Saskatchewan.

The Board supports the Government's plan for growth by:

- Supporting local authorities, primarily municipalities, in ensuring fiscally sustainable growth.
  - Providing advice and regulatory approval on capital financing, debt management, sewer and water rate establishment and other related financial matters.
- Supporting local authorities in meeting the challenges of growth.
  - Adjudicating applications for alteration of municipal boundaries or amalgamation of municipalities where there is a disagreement.
  - Hearing and deciding property assessment and planning appeals.
- Delivering responsive government.
  - Providing timely decisions and support.

# Board Overview

## Vision Statement

*“Focusing on excellence in customer service, the Saskatchewan Municipal Board exemplifies leadership as an administrative tribunal that provides timely, reasoned, consistent decisions and approvals.”*

The Board is an administrative tribunal established for regulatory and quasi-judicial purposes in dealing with issues from local authorities.

Additionally, the Board serves as the Board of Revenue Commissioners (the BRC). The BRC is responsible to hear and decide appeals on taxes assessed by the province and approves write-offs and cancellations of debt owing to the province.

Key stakeholders include local authorities, ratepayers, developers, tax agents, financial institutions, Crowns and ministries.

Located in Regina, the Board was staffed with 13 full-time equivalents which included four full-time board members. Additionally, the Board had nine part-time members located throughout the province.

The Board fulfills the majority of its mandate through “working” committees, which include: Local Government Committee, Municipal Boundary Committee, Assessment Appeals Committee, Planning Appeals Committee, Road Maintenance Agreement Committee, Weed Control Appeals Committee and Fire Prevention Appeals Committee.

The Board’s organization chart is included on page 19.

## Mandate

The Board is legislatively mandated to exercise discretion of a regulatory and quasi-judicial nature.

The Board’s regulatory function is to review the debt obligations of some local authorities and oversee the financial health of municipalities.

The judicial function is to hear and determine appeals from the public, at the provincial level. These include property tax assessment appeals, municipal planning and development issues, noxious weed orders, municipal boundary issues, road maintenance agreements and fixed farmland assessment agreements.

# Progress in 2014

The 2014-17 Strategic Plan continues to rejuvenate the Board by implementing recommendations from a Board Review, best practices for administrative tribunals and stakeholder feedback.

The Strategic Plan establishes two thematic goals:

1. Issue appeal decisions within an average of 60 days from hearing completion.
2. Issue decisions on Local Government Committee applications an average of 45 days from receipt of a complete application.

And three supporting goals:

1. Streamline stakeholder applications and appeal processes.
2. Acquire and implement technological solutions that will support the attainment of the Strategic Plan.
3. Enhance customer service and stakeholder relations.

## Performance Measurement

### Issue Appeal Decisions within an Average of 60 Days from Hearing Completion

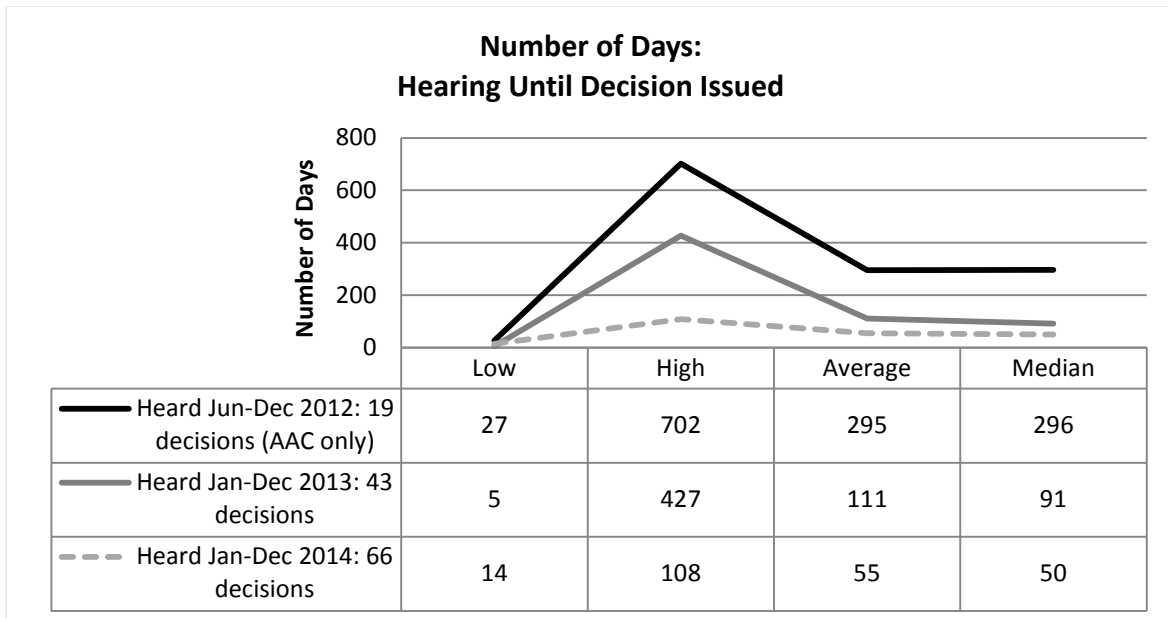

#### Results

As outlined in Figure 1, the average number of days from hearing completion until the decision was issued was 295 in 2012 (for Assessment Appeals Committee only). In 2013, the average decreased to 111 days (for all appeal committees) and in 2014 this was further reduced to 55 days.

For appeals heard in 2013, only 26% of the decisions were issued within the 60 day target. For appeals heard in 2014, this increased to 71% of the decisions being issued within 60 days.

#### Key Actions Contributing to the Results

Several factors contributed to the attainment of this goal. These include:

**FIGURE 1**

- Training of board members, directors and the research analyst in decision-making and decision writing. Decisions are written in plain language and citizen-centred.
- Reorganization of staff classifications; exchanging two administrative positions for a fourth full-time board member and introducing a research analyst position.
  - The additional full-time member provides a dedicated resource to the hearing and decision writing process.
  - The research analyst manages the decision process and provides support to the Board to ensure goal attainment.
- Implementation of pre- and post-hearing conferences, decision-making templates and decision outlines.
- Scheduling appeal hearings to allow decisions to be drafted within 60 days of the hearing.

### Issue Decisions on Local Government Committee Applications an Average of 45 Days from Receipt of a Complete Application

#### Results

In 2014, the average turnaround time from application receipt to approval was 48 days. Figure 2 summarizes the average turnaround for each type of application.

	No. Complete	Average No. of Days
Debt Limit Established	6	38
Local Improvement Approval	13	72
Sewer and Water Rate Approval	164	61

Borrowing Bylaw Approval	53	19
Sign and Seal Debenture	28	4
Investment Approval	1	21
<b>Overall</b>	<b>320</b>	<b>48</b>

FIGURE 2

It is anticipated measurements will continue to improve in 2015, as enhanced processes initiated in 2014 benefit the full year.

Additionally, the 2014 measurement result is from receipt of the application and not receipt of a complete application. Often applications are submitted with missing information, which delays processing. The application complete date provides a more accurate measure of the timeline the Board controls. System changes completed in 2014-15 will allow the Board to capture the necessary data to appropriately measure this goal.

#### Key Actions Contributing to the Results

- Implementation of revised processes including a tiered approach to managing and analyzing incoming applications.
- Streamlining analysis to align with legislative requirements.

### Supporting Goals: Streamlined Applications and Procedures Technological Solutions to Support the Strategic Plan Enhanced Customer Service and Stakeholder Relations

#### Key Actions and Results

- Continued process reviews, including the development of simplified, user-friendly applications to support the approval process.
- Implementation of BoardEffect, a paperless hearing technology. Reduced time and costs associated with printing and compiling hearing binders for panel members. Allowed part-time members more timely access to information.
- Continued implementation of an integrated software solution (ProLaw). Provides a coordinated platform to implement standard work processes and improves reporting capabilities.
- Preliminary planning for website upgrade, leveraging development completed for Saskatchewan.ca.

- Enhance stakeholder relationships by: attending annual conferences and association meetings, hosting stakeholder meetings, and providing presentations and information sessions as requested.
- Initiated a customer satisfaction survey, which is distributed with decisions to Local Government Committee applicants.

and local improvements is to ensure financial stability of local authorities and compliance with legislation.

The purpose of approving water and sewer rates, charges, tolls or rents, as they relate to service, is to ensure they are equitable for users and the utility is self-sustaining or moving in that direction.

## Activity by Key Area

### Local Government Committee

#### Major Activities

- Approve long-term borrowing including debenture issues.
- Approve local improvements.
- Approve sewer and water rates for towns, villages, rural and northern municipalities.
- Provide advice and assistance to stakeholders.

The purpose of approving long-term borrowing

Figures 3 to 6 illustrate ongoing approvals and authorizations of the Local Government Committee for 2014.

In 2014, there were a total of 51 borrowing applications. This was a decline from 63 in 2013.

There were 164 sewer and water rate approvals issued. This is significantly higher than the 108 approvals in 2013.

The Board is also responsible to establish the debt limit for the cities in the province. Total city debt limit established as of the end December 31, 2014, is \$1.5073 billion.

## Assessment Appeals Committee

### Major Activities

- Hear and determine assessment appeals pertaining to the tax exempt status and assessed values of real property, local improvement assessments, and conservation and development area authority assessments.
- Hear direct appeals with respect to industrial or commercial properties exceeding \$1 million in assessed value, where the appellant, the board of revision, and the municipality have agreed to proceed in this manner or where an application for leave to consolidate appeals has been granted.
- Provide advice and support to stakeholders with the appeal application and process.

The purpose is to provide a second level of appeal to applicants, municipalities, as well as conservation and development area authorities, where they are not satisfied with decisions of the local board of revision.

The Committee strives to hear appeals within a reasonable time of receipt of a notice of appeal, taking into consideration the availability of the parties and hearing location. Where practical, appeals with similar issues are grouped and heard at the same time.

Revaluation cycles are four years in Saskatchewan, with 2013 being the first year of the current cycle.

In 2013, a number of municipalities received extensions for the board of revision. As shown in Figure 8, of the 337 appeals the Committee received, 203 appeals (61%) were in the last quarter of 2013 and the first quarter of 2014.

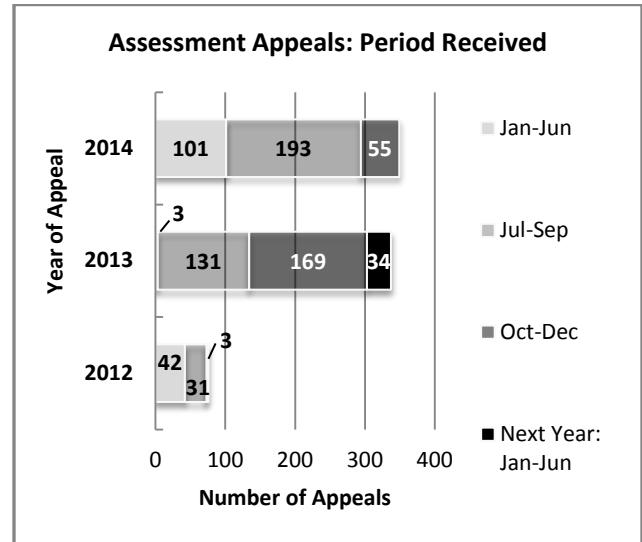

FIGURE 8

As a result of the increase in volume and delayed receipt, 131 appeals from 2013 remain to be heard as of December 31, 2014.

Figure 9 shows the status of the outstanding assessment appeals. The two appeals from 2010 and 2011 were before the Court of Appeal. The Board will issue its decision in mid-2015.

**FIGURE 10**

## Fire Prevention Appeals Committee

### Major Activities

- Hear and determine appeals and matters concerning fire prevention arising from orders issued by a fire inspector or commissioner or certificate for costs incurred in carrying out an order respecting fire prevention and safety.

The purpose is to provide a second level of appeal to applicants where they are not satisfied with decisions of the local board.

The Committee did not receive any appeals in 2014.

## Planning Appeals Committee

### Major Activities

- Hear and determine appeals relating to municipal planning and development and the subdivision of land.
- Provide advice and support to stakeholders with the appeal application and process.

The purpose is to provide a provincial level of appeal to applicants where they are not satisfied with decisions by the local development appeals board or an authorized subdivision approving authority. Also, to provide an avenue for appeals where there is no local development appeals board.

The Committee strives to hear appeals as soon as practical upon receipt of a complete application, giving consideration to the construction season.

Where legislation permits, the Committee attempts to facilitate an agreement between the affected parties prior to a formal hearing.

Figure 11 shows the status of the outstanding appeals and a historic review of the caseload of the Committee. Of the appeals received in 2014, 23 related to development issues, six to subdivision applications, two to off-site and development levies, and three to servicing agreements.

## Municipal Boundary Committee

### Major Activities

- Review applications for the alteration of municipal boundaries or the amalgamation of municipalities.
- Provide advice and support to stakeholders with the application and process.

The purpose of reviewing applications is to facilitate an agreement between the affected parties or, where this cannot be accomplished, to hear and decide on the proposed alteration.

The full-time members of the Board and part-time members from the Saskatchewan Urban Municipalities Association and Saskatchewan Association of Rural Municipalities make up this committee.

Following receipt of a complete application and proof that mediation has occurred, the Committee hears and decides within a legislated four month timeframe.

Decisions are based on *The Municipal Board Act*, which outlines the matters the Committee shall take into consideration respecting boundary disputes.

In 2014, the Committee rendered a decision on one file.

## Road Maintenance Agreement Committee

### Major Activities

- At a first level, hear and determine applications relating to road maintenance agreements including the terms of the proposed agreement as well as whether or not an agreement is required.
- Where the parties have entered into an agreement, any issue involving any matter governed by the agreement.
- Provide advice and guidance to the municipalities and the haulers regarding the determination process.

In 2014, the Committee received 13 applications from one municipality. Resolution of 12 of these files was facilitated by the Committee prior to a determination. The remaining application was resolved in early 2015.

A 2012 determination, challenged to the Court of Queen's Bench, was remitted back to the Committee for clarification and delineation of reasons in 2014. This matter is scheduled for 2015.

## Board of Revenue Commissioners

The Board of Revenue Commissioners (BRC) is established pursuant to Section 13(1) of *The Revenue and Financial Services Act*. Full-time members of the Saskatchewan Municipal Board act as members of the BRC and are responsible to the Minister of Finance.

### Major Activities

- At a first level, hear and determine appeals regarding taxes due or assessed in accordance with any provincial taxing authority as well as any other monies claimed to be due and payable to the Crown.
- Approval of any write-off or cancellation of monies owing to the Crown.

Figure 13 shows the status of outstanding BRC appeals.

## Goals for 2015

The Board made significant strides in 2013 and 2014 towards achieving the goals set out in the Strategic Plan; however, a number of key actions remain to be undertaken to achieve organizational rejuvenation.

Key actions to complete in 2015 include:

### Timeliness of Decisions and Approvals

- Continue process reviews building on a culture of continuous improvement.
- Maximize efficiencies from implementation of integrated software solution (ProLaw).
- Ongoing training and implementation of best practices to enhance case management associated with appeal files.
- Define staff responsibility and accountability; ensure appropriate training and accountability measures are in place.
- Continue to monitor and improve decision and approval timelines.
- Improve timeline from receipt of appeal to hearing.
- Identify ways to address the increasing caseload and moving cases through to decision more quickly, including consideration of new hearing management strategies.

### Supporting Goals: Technology and Enhanced Customer Service

- Integration of ProLaw with other technologies.
- Development of a citizen-centred user-friendly website.
- Improve access to past decisions.
- Deliver a strategy for communicating decision timelines to applicants and appellants.
- Engage stakeholders in process discussions to provide transparency and build capacity.
- Continue customer satisfaction survey, monitor progress and implement changes as necessary to improve customer satisfaction.
- Develop guides and information sheets based on new processes.
- Continue proactive outreach and education activities with stakeholders.

# 2014 Financial Overview

## Financial Results

Total 2013-14 expenses for the Board were \$1.593 million, representing a variance of \$153 thousand under the approved appropriation. The variance resulted from lower than anticipated funding requirements for the organizational realignment and lower than anticipated honorariums due to delayed receipt of appeals.

The total 2013-14 revenues were \$109.2 thousand, a variance of \$55.2 thousand above budget. The variance is primarily due to greater than normal debenture authorization fees from a significant regional project.

The operating and staffing costs associated with the BRC are absorbed within the Board’s budget.

## Statement of Expenditure

	Actual 2013-14	Budget / Estimate 2013-14	Variance Over/(Under)	Note
In thousands of dollars				
Salaries	\$ 1,132	\$ 1,325	\$ 193	[1]
Operating Expenses	461	421	(40)	[2]
<b>TOTAL</b>	<b>\$ 1,593</b>	<b>\$ 1,746</b>	<b>\$ 153</b>	

**Explanations of Variances - Notes**

[1] - Lower than anticipated costs associated with the organizational realignment and honorariums lower than anticipated due to delayed timing of receipt of appeals.

[2] - Higher than anticipated professional development costs and office supply costs related to large volume of appeals received.

## Statement of Revenue

Description of Revenue	Actual 2013-14	Budget / Estimate 2013-14	Variance Over/(Under)	Note
Filing Fees	\$ 12,050	\$ 15,000	\$ (2,950)	[1]
Debenture Authorizations	83,688	35,000	48,688	[2]
Debenture Forms	12,900	4,000	8,900	[2]
Refunds - Previous Years Expense	315	-	315	
Personal Phone Call Reimbursement	288	-	288	
<b>TOTAL</b>	<b>\$109,241</b>	<b>\$ 54,000</b>	<b>\$ 55,241</b>	

**Explanations of Variances - Notes**

[1] - Filing fees are treated as conditional receipts until the finalization of the appeal. Appellants that are successful in their appeal or withdraw their appeal have the fee refunded to them. Where the appellant is not successful in their appeal, the filing fee is transferred from conditional receipts to revenue.

[2] - A higher than anticipated number and dollar value of debentures issued, primarily due to a large regional project.

## Financial Accountability Statement

The Board is responsible for ensuring:

- public accountability for Government finances entrusted to the Board;
- fiscally responsible management of its resources and financial affairs;
- compliance with existing legislation and regulations;
- systems and controls are in place to safeguard public assets; and
- appropriate results are reported to the public and the legislature.

There are a number of external controls in place to monitor these responsibilities. These include:

*Audited Results* - The Provincial Auditor's Office has legislative responsibility to audit the Board in conjunction with the Ministry of Government Relations audit. Audit conclusions are published in a report to the Legislative Assembly of Saskatchewan. If a deficiency is reported by the Provincial Auditor, the Board may be called to appear before the Public Accounts Committee of the Legislature.

*Accountable to Legislature* - The Board's annual budget is detailed in the Saskatchewan Provincial Budget Estimates. The Board is called to appear before a Legislative Committee to defend the Board's budget estimates.

*Public Reporting* - Expense and revenue details as they pertain to the Board are published in the Board's Annual Report and included with the Ministry of Government Relations in the Public Accounts volumes 1 and 2.
