- (a) "approved" means approved by the minister; "approved"
 - (b) "fiscal year" means the period commencing on April 1 in one year and ending on March 31 in the following year; "fiscal year"
 - (c) "number of pupils in a school division" means the number of pupils in a school division as reported to the minister and based on the most recently submitted Principal's September Statistical Reports for schools in the school division; "number of pupils in a school division"
 - (d) "private high school" means a private school as defined in *The Education Act* that is a high school and that meets the requirements set out in subsection 46.1(3) of *The Education Regulations*; "private high school"
 - (e) "program" means the Education Development Fund Program established in section 3; "program"
 - (f) "project" means an education development project that contains a proposal to do the things described in subsection 4(2); "project"

"school
division"

(g) "school division" means a school division as defined in *The Education Act*.

Program
established

3 The Education Development Fund Program is established to assist school divisions in providing additional learning resources, in improving efficiency of educational programs and services and in offering improved educational programs.

Application

4(1) A school division that wishes to apply for a grant shall submit a written application to the department containing any information that is required by these regulations and any additional information that the minister considers necessary.

(2) Every written application submitted pursuant to this section or section 6 is required to contain a proposal to undertake an education development project that will, in the opinion of the school division:

- (a) provide additional learning resources for pupils in the school division;
- (b) improve the efficiency with which existing educational programs and services are provided by the school division;
- (c) improve the quality of educational programs offered by the school division; or
- (d) do all or any combination of the matters described in clauses (a) to (c).

(3) The board of education for the school division shall approve a written application by a resolution separate from other matters before the written application is submitted to the department and shall submit that resolution to the department at the same time it submits the written application.

Grant

5(1) Subject to subsections (2) to (4), where:

- (a) a school division has:
 - (i) submitted a written application to the department in accordance with section 4; and
 - (ii) agreed to any audit procedures and reporting requirements that the minister considers necessary during the implementation of the project and after the completion of the project; and
- (b) the minister is satisfied that the project contained in the written application:
 - (i) is a new project for the school division; and
 - (ii) is consistent with the department's objectives for improving education in Saskatchewan;

the minister may approve the project and make a grant to the school division with respect to the project.

(2) Subject to subsection (3), the maximum amount of a grant payable pursuant to this section for a project is equal to:

(a) where, in the opinion of the minister, all or any part of a project relates to the provision of additional learning resources, an amount calculated in accordance with Table 1 of the Appendix and based on the number of pupils in the school division;

(b) where, in the opinion of the minister, all or any part of a project relates to improving the efficiency with which educational programs or services are provided, an amount calculated in accordance with Table 2 of the Appendix and based on the number of pupils in the school division;

(c) where, in the opinion of the minister, all or any part of a project relates to improving the quality of education programs offered by the school division, an amount equal to the product of:

(i) with respect to a project approved in the fiscal year ending March 31, 1986, \$5,000,000; and

(ii) the ratio, as determined by the minister, of:

(A) the amount of basic operating grants that the minister estimates as payable to the school division; and

(B) the total amount of basic operating grants that the minister estimates as payable to all school divisions;

pursuant to *The Education Act* and as determined in accordance with The Education Regulations in the fiscal year in which the project was approved by the minister; or

(d) where, in the opinion of the minister, a project relates to all or any combination of the matters described in clauses (a) to (c), an amount equal to the sum of the amounts calculated pursuant to those clauses that, in the opinion of the minister, contain matters related in the project.

(3) The maximum amount of grants payable pursuant to this section in a fiscal year to a school division with respect to all projects approved in the fiscal year is equal to the sum of all amounts calculated pursuant to clauses (2)(a), (b) and (c).

(4) Notwithstanding subsection (2) but subject to subsection (3), the minister may make a grant pursuant to this section for an approved project in an amount greater than the maximum amount calculated pursuant to subsection (2) where, in the opinion of the minister, it is appropriate to do so.

(5) Notwithstanding subsection (3), the minimum amount of grants pursuant to this section payable in a fiscal year to a

school division with respect to all projects approved in the fiscal year that:

- (a) relates to the matter described in clause (2)(a), is \$500;
- (b) relates to the matter described in clause (2)(b), is \$500;
- (c) relates to both of the matters described in clauses (2)(a) and (b), is \$1,000;

but, where in a fiscal year no basic operating grant is payable to the school division, the minister shall not, in that fiscal year, approve any projects or make any grants pursuant to this section for projects that relate to the matter described in clause (2)(c).

Grants for
private high
schools

6(1) A private high school that wishes to apply for a grant pursuant to this section shall submit a written application to the department containing the information required of school divisions by these regulations and any additional information that the minister considers necessary.

(2) Subject to subsections (3) and (4), where:

- (a) a private high school has:
 - (i) submitted a written application to the department in accordance with subsections (1) and 4(2); and
 - (ii) agreed to any audit procedures and reporting requirements that the minister considers necessary during the implementation of the project and after the completion of the project; and
- (b) the minister is satisfied that the project contained in the written application:
 - (i) is a new project for the private high school; and
 - (ii) is consistent with the department's objectives for improving education in Saskatchewan;

the minister may approve the project and make a grant to the private high school with respect to the project.

(3) Subject to subsection (4), the maximum amount of a grant pursuant to this section for a project is equal to:

- (a) where, in the opinion of the minister, all or any part of a project relates to the provision of additional learning resources, an amount equal to the product of:
 - (i) \$14.70; and
 - (ii) the number of students domiciled in Saskatchewan and enrolled in the private high school as reported to the minister and based on the most recently submitted Principal's September Statistical Report for the private school;
- (b) where, in the opinion of the minister, all or any part of a project relates to improving the efficiency with which

educational programs or services are provided, an amount equal to the product of:

(i) \$12.41; and

(ii) the number of students domiciled in Saskatchewan and enrolled in the private high school as reported to the minister and based on the most recently submitted Principal's September Statistical Report for the private school;

(c) where, in the opinion of the minister, a project relates to both of the matters described in clauses (a) and (b), an amount equal to the sum of the amounts calculated pursuant to those clauses.

(4) The maximum amount of grants payable pursuant to this section in a fiscal year to a private high school with respect to all projects approved in the fiscal year is equal to the sum of all amounts calculated pursuant to clauses (3)(a) and (b).

7 Notwithstanding any other provision in these regulations, Other grants where:

(a) a school division, private high school, individual or educational agency recognized by the minister submits an application for a grant pursuant to this section;

(b) the application contains a submission to undertake an activity that is, in the opinion of the minister, consistent with the department's objectives for improving education in Saskatchewan and contains any additional information that the minister may require; and

(c) the school division, private high school, individual or educational agency mentioned in clause (a) agrees to any audit procedures and reporting requirements that the minister considers necessary during the implementation of the activity mentioned in clause (b) and after the completion of the activity;

the minister may make a grant, in any amount that he considers appropriate, to that school division, private high school, individual or educational agency.

8 Where a school division, private high school, individual or educational agency has received an overpayment pursuant to the program for any reason, the amount of the overpayment is a debt due to Her Majesty in right of Saskatchewan and may be recovered by deducting the amount from any grants payable to the school division, private high school, individual or educational agency pursuant to this program or any other program of the department. Recovery of overpayment

DEVELOPMENT PERMIT

- Requirement for permit 3(1) No person shall:
 (a) construct or alter a structure within a reservoir development area;
 (b) move a structure into or within a reservoir development area; or
 (c) employ a structure or land for any purpose within a reservoir development area;

without obtaining a development permit.

(2) Notwithstanding subsection (1), a development permit is not required for:

- (a) the construction of a highway by the Government of Saskatchewan;
- (b) the construction of a grid road or a municipal road by a municipality;
- (c) the construction of facilities to provide electricity, gas, water, sewer, telephone or other service on a site in respect of which a development permit has been issued, or is not required pursuant to these regulations;
- (d) archaeological exploration;
- (e) the construction of an historical marker or monument;
- (f) the employment of land or the construction or alteration of a structure in a construction district for any purpose with respect to the construction of a project where the employment, construction or alteration is undertaken by or pursuant to a contract with the federal or provincial government or a Crown corporation, department or other agency of the federal or provincial government;
- (g) the employment of land or the construction or alteration of a structure in a public recreation district, where the employment, construction or alteration is undertaken by the Department of Parks and Renewable Resources, by a regional park authority established or continued pursuant to *The Regional Parks Act, 1979* or by a municipality;
- (h) the employment of land in a large acreage agricultural district or in a small acreage agricultural district for an agricultural purpose or, except in a restricted building area, the construction or alteration in those districts of a structure for an agricultural purpose;
- (i) the location in a large acreage agricultural district or in a small acreage agricultural district of not more than one trailer coach on a site for a period not exceeding six months in a 12-month period.

4(1) An applicant shall submit to the minister:

Application

- (a) an application for a development permit in a form prescribed by the minister; and
- (b) two copies of a layout or site plan, drawn to a scale that is considered appropriate by the minister, showing:
 - (i) the dimensions of the site with respect to which a development permit is requested; and

(ii) the size and location on the site mentioned in subclause (i) of any existing structures and any main or accessory structures to be placed on the site.

(2) The minister may refuse to consider an application that is not, in his opinion, properly completed by the applicant or that is not accompanied by the information described in clause (1)(b).

Issuance

5(1) Where the minister receives an application pursuant to section 4, he may:

(a) issue a development permit, where he is satisfied that the use for which the applicant proposes to employ the site in respect of which the permit is requested is a use that:

(i) is permitted by these regulations for the land use district in which the land is located; and

(ii) is not otherwise proscribed by law; or

(b) refuse to issue a development permit where:

(i) he is satisfied that the use for which the applicant proposes to employ the land in respect of which the permit is requested is not a use permitted by these regulations for the land use district in which the land is located; or

(ii) the employment of land for the use applied for would be prejudicial to the safe and orderly development of the reservoir development area.

(2) The minister may place any terms and conditions that he considers appropriate in a development permit.

(3) A development permit is deemed to be issued subject to an implied condition that the holder of the development permit shall not:

(a) construct any structure on the site;

(b) make any alteration to any structure on the site; or

(c) move any structure onto the site;

contrary to any provision of these regulations or of any other regulations that may be enacted pursuant to section 32 of the Act.

(4) A development permit issued for the construction or alteration of a structure in a restricted building area is deemed to be issued subject to the implied condition that the applicant waives all claims with respect to any loss or damage caused to the building or structure by the construction or operation of a project unless:

(a) the development permit otherwise specifies; or

(b) the structure is moved from a site purchased for reservoir flooding.

6(1) Notwithstanding any limits placed on the uses of a land use district in these regulations, the minister may issue a development permit with respect to the development within a land use district of:

Development permits for special uses

- (a) an observation point or picnic area for public use in connection with observation of a project;
- (b) a recreation area, where the applicant has maintained and operated a recreation area on lands that will be flooded by the reservoir;
- (c) a recreation area, where the applicant proposes to establish a regional park pursuant to *The Regional Parks Act, 1979* or an institutional camp, and the minister is satisfied:
 - (i) that the applicant can formulate and carry out plans for development of the area to a standard acceptable to the minister;
 - (ii) that a recreation area of the type proposed is desirable in the reservoir development area; and
 - (iii) that investigations have progressed to a point where sufficient data is available to permit selection of a suitable site;
- (d) a provincial park established or continued pursuant to *The Provincial Parks, Protected Areas, Recreation Sites and Antiquities Act*;
- (e) all or any part of a waterworks, sewage works, power system, a system for the transmission of electricity, sound or light, a pipeline or any buildings or structures related to a pipeline; or
- (f) mineral exploration and production.

(2) Where a development permit for an institutional camp is issued pursuant to subsection (1), it is deemed to be issued subject to the implied condition that the site will be developed in accordance with a site plan approved by the minister.

7(1) Where the minister is satisfied that, because of the shape or topographical features of a site, a provision of these regulations would impose undue hardship on an applicant, he may issue to the applicant a development permit that authorizes the applicant to contravene the provision.

Undue hardship

(2) The minister shall not issue a development permit pursuant to subsection (1) where, in his opinion:

- (a) the actions of the applicant have caused or will cause the undue hardship on the applicant;
- (b) the use authorized by the development permit would injuriously affect neighbouring sites or constitute a privilege not available to owners of neighbouring sites having a similar shape or similar topographical features;

(c) the issuance of a development permit would be contrary to the spirit and intent of these regulations; or

(d) the provision described in subsection (1) authorizes the establishment of the use that the applicant proposes to employ on the site.

Prohibition re permits

8(1) No holder of a development permit shall contravene or fail to comply with a term or condition in his development permit.

(2) For the purposes of subsection (1), every implied condition to which a development permit is subject is deemed to be contained in the development permit.

Cancellation

9(1) The minister may cancel a development permit where the holder of the development permit:

(a) employs the site with respect to which the development permit was issued for a use not authorized by the development permit or any implied condition to which the development permit is deemed to be subject;

(b) contravenes any provision of these regulations respecting the location of a building or structure on a site;

(c) contravenes any term or condition in the development permit;

(d) constructs or alters a structure on the site in respect of which the development permit was issued in a manner that contravenes these regulations or any other regulations enacted pursuant to section 32 of the Act;

(e) moves a structure constructed in a manner that contravenes these regulations or any other regulations enacted pursuant to section 32 of the Act onto the site in respect of which the development permit was issued;

(f) fails, within a period of two years from the date on which the development permit was issued, to employ the site for the use for which the development permit is issued.

(2) Before cancelling a development permit the minister shall serve the holder of the development permit with a written notice stating:

(a) the manner in which the minister considers the holder to be at fault or in contravention of these regulations or of a term or condition in the development permit;

(b) the measures the holder is required to take to avoid cancellation of the development permit; and

(c) the date prior to which the holder is required to take the measures described in clause (b).

(3) Where all of the measures specified pursuant to clause (2)(b) are carried out in a manner satisfactory to the minister prior to the date specified pursuant to clause (2)(c), the minister shall not cancel the development permit.

(4) Where a development permit is cancelled, the holder of the development permit, unless otherwise authorized by the minister, shall remove from the site, within 90 days of the date of cancellation of the permit, all structures constructed or altered in contravention of these regulations or the conditions of the development permit, as the case may be.

(5) The minister may issue instructions to the holder of the development permit directing the manner in which a removal pursuant to subsection (4) is to be accomplished, and the holder of the development permit shall follow the instructions.

LAND USE DISTRICTS

10 For the purpose of controlling the uses established in a land use district, the following categories of land use districts are established: Categories of land uses

- (a) commercial;
- (b) commercial recreational;
- (c) construction;
- (d) forestry;
- (e) highway commercial;

12(1) Notwithstanding any other provision in these regulations, where, on the day before these regulations come Certain uses to be continued

into force, any structure or land was being employed for a purpose that is not a use authorized pursuant to these regulations in the land use district in which the structure or land is located, but that is not contrary to *The Reservoir Development Area Regulations, 1976*, being Saskatchewan Regulations 212/76, as those regulations existed on the day before the coming into force of these regulations, or any other Act or regulations made pursuant to that Act, that use may be continued.

(2) Notwithstanding any other provision in these regulations, where:

(a) on the day a land use district is established or its boundaries altered, any structure or land in the land use district is being employed for a purpose that is not a use authorized pursuant to these regulations for that land use district; and

(b) the use described in clause (a) was, on the day before the land use district is established or its boundaries altered, a use not contrary to these regulations or any other Act or regulations made pursuant to that Act for the site on which it is located;

that use may be continued.

(3) Notwithstanding any other provision in these regulations, where:

(a) on the day a land use district is established or its boundaries altered, a structure is under construction, or a development permit has been issued for the construction, alteration or moving of a structure, in the land use district for a use that is not authorized pursuant to these regulations for that land use district; and

(b) the use described in clause (a) was, on the day before the land use district is established or its boundaries altered, a use not contrary to these regulations or any other Act or regulations made pursuant to that Act for the site on which it is located;

that use may be continued subject to the following conditions:

(c) the structure is to be completed in accordance with the building or site plan approved by the minister; and

(d) where, in the opinion of the minister, a reduction in the size of the site is in the interest of the orderly development of the reservoir development area, the minister may authorize, in writing, a reduction in the size of the site required by the law in effect prior to the day the land use district is established or its boundaries altered.

(4) Notwithstanding any other provision in these regulations, where:

(a) on the day a reservoir development area is designated, any structure or land in the reservoir development area is being employed for a purpose that is not a use authorized pursuant to these regulations for that reservoir development area; and

(b) the use described in clause (a) was, on the day before the reservoir development area is designated, a use not contrary to these regulations or any other Act or regulations made pursuant to that Act;

that use may be continued.

(5) Where a use is continued pursuant to subsection (1), (2), (3) or (4):

(a) the use is to be limited to the use being exercised on the day before the coming into force of these regulations, the day the land use district is established or its boundaries altered or the day the reservoir development area is designated, as the case may be;

(b) the use is to be limited to that part of the structure or land being employed on the day before the coming into force of these regulations, the day the land use district is established or its boundaries altered or the reservoir development area is designated, as the case may be;

(c) any structure that is part of the use is not to be altered; and

LICENSING

3	No person shall operate an ambulance service unless he holds a valid and subsisting licence.	Licence required
4	An applicant for a licence pursuant to these regulations shall apply to the department in the manner prescribed by the minister.	Application for licence
5	On receipt of an application in accordance with section 4, the minister shall cause an inspection to be made of the ambulance service including:	Inspection
	(a) the ambulances and equipment to which the application relates;	

- (b) the premises in which each ambulance will be stationed;
- (c) any records, auxiliary equipment or other items related to the ambulance service; and
- (d) any records that he considers relevant to the operation of the ambulance service.

Issuance of licence

6(1) Where an inspection has been made in accordance with section 5, the minister may:

- (a) issue a licence where he is satisfied that the ambulance service complies with these regulations and may impose any terms and conditions that he considers appropriate in the licence; or
- (b) refuse to issue a licence.

(2) Every operator to whom a licence is issued shall comply with the terms and conditions contained in the licence.

Duration of licence

7 A licence is valid and effective for the period specified in the licence or, where no period is specified in the licence, for a period of one year after the date on which the licence is issued.

Specification of licence

8(1) Every licence is to contain a list of the ambulances covered by the licence.

(2) No operator shall operate an ambulance that is not listed in his licence without the prior approval of the minister.

Unit number and decal

9(1) When the minister issues a licence, he shall assign a unit number to and issue an ambulance decal for each ambulance covered by the licence.

(2) Every ambulance decal is to display the licence expiry date and the unit number assigned by the minister to the ambulance to which it will be affixed.

(3) No operator shall operate an ambulance that does not have the ambulance decal issued for that ambulance affixed to it in a position clearly visible from the exterior of the ambulance.

Licence not assignable or transferable

10 Licences issued pursuant to section 6 and ambulance decals issued pursuant to section 9 are not assignable or transferable.

Suspension or cancellation

11 The minister may amend, suspend or cancel a licence where:

- (a) the application for the licence contains a false statement or where the applicant has misled or deceived the minister in any other way;

- (b) the operator fails to comply with a term or condition contained in the licence;
- (c) the operator fails to comply with these regulations; or
- (d) the operator causes or allows the health or safety of a patient to be unnecessarily endangered.

12 Every operator shall hold a policy of general third party liability insurance at a minimum level of \$1,000,000 per occurrence and a policy of malpractice liability insurance at a minimum level of \$1,000,000 per occurrence. Insurance

13 Every operator shall ensure that each attendant who drives an ambulance holds a valid and subsisting class 4 driver's licence issued pursuant to *The Vehicles Act, 1983* or any former *Vehicles Act*. Driver's licence
